REPORT OF THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY

Your Selectmen are pleased to present the following report.

One of the major problems which concerns our town is the construction of a sewerage system. At the last annual town meeting the voters authorized the Selectmen to apply for and accept such State and Federal funds as may be available and to borrow a sum of money not to exceed \$8,000.00 for the purpose of preliminary engineering and cost study of a proposed sewerage system. Several engineering firms were interviewed and the firm of Whitman & Howard of Boston, Massachusetts was engaged for this project. Several meetings have been held with representatives of Whitman & Howard and Mr. MacDonald representing the Water Improvement Commission of the State of Maine.

Preliminary surveys and cost studies have been made and plans partially completed, the total cost of all planning will be \$12,000.00. Of this preliminary planning, this cost will be divided as follows: \$9,500.00 borrowed from Federal Funds and \$2,500.00 from State Funds.

Application has been made to the Federal Housing and Home Finance Agency for approval of this project. The approval has been granted. And the project number P-ME-3049 has been assigned. Acceptance of this project must be made by March 21, 1963. An article is in the warrant for authorization to borrow the sum of \$1,500.00 to cover the towns additional share of the cost.

The Board of Selectmen realize the importance of this Project to the Taxpayers of Kittery and a great deal of planning will be required before definite plans for financing this project can be presented to the voters.

The Tax Maps were received from the James W. Sewall Company. Hearings were held by the company for anyone wishing to check the lines of their property. Many people appeared and any errors found have been corrected.

The Brave Boat Harbor Clam Flats project has progressed satisfactorily. This work has been under the supervision of the Department of Sea and Shore Fisheries.

The new combination Pumper and Ladder Fire Truck has been delivered. The truck was purchased from Mack Truck, Inc. at a cost of \$22,407.00 and special equipment at a cost of \$797.15

Individual reports from other town departments have been included in this town report under separate headings and your Selectmen would refer you to those reports for coverage of these departments.

We wish to thank all Departments, Boards and Committees for their splendid cooperation and for the time and effort they gave in the interest of the town.

Certificate of Audit

February 1, 1962

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1962, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operations for the municipal year ended December 31, 1962.

Respectfully submitted,

L. EVERETT OUTHOUSE

ANNUAL REPORT OF THE PLANNING BOARD

To the Citizens of Kittery:

This has been a busy year for the Planning Board, filled with long and short-range planning work, bringing many rewards and disappointments, work filled with the joy of watching progress and fraught with the frustrations that are so often present when dealing with the thoughts of other human beings.

There have been changes in personnel this year within the board. The Planning Board and the Board of Selectmen accepted with regret the resignation of William R. Downey as Chairman of the Planning Board. Mr. Downey had been an extremely conscientious and seemingly tireless worker, and it seemed that a man to "fill his shoes" would be difficult to find. Both boards accepted Frederick S. Perry as the new chairman. Edward E. Shapleigh, at his own request, became an associate member and Philip E. Fritz filled that vacancy as an active member.

The death of Alonzo P. Averill, a fine, well-liked man and a member of the board since its origin, saddened the board and his fellow townsmen. The selectmen appointed Harry L. Collins to fill the post.

The Board, in its efforts to plan for future requirements and an orderly development of the town while allowing for immediate requirements and their impact on long-range plans, has been involved in five major projects of new import and the continuing action on existing projects. Efforts to integrate all of these into an orderly expenditure of money that will allow requirements to be met and keep townspeople content, has made for a busy year which did not give us sufficient time to adequately apprise everybody of all actions and intentions. These actions are described below.

When the waters of the Piscataqua River were declared to be polluted, the Planning Board arranged a meeting between interested townspeople and representatives of the State Water Improvements Commission to discuss the necessity for a sewage treatment plant. This meeting ended with everybody in agreement that something had to be done and that the Board of Selectmen should hire an engineering firm to determine just how much of a sewer

project should be undertaken, from the minimum acceptable to the entire town, and comparative costs. The Selectmen ultimately hired the firm of Whitman and Howard for this project.

The Planning Board's consultants, James W. Sewall Company of Old Town, Maine, are still in the process of making studies for a Town Center, and school building requirements for the next ten years. Reports are being submitted regularly to the Board for study and guidance. After many studies of reports already submitted and discussions, a final choice of site has been made and recommendations presented to the Selectmen. Having received concurrence from the Selectmen on the proposed site and building location, the plans are now being presented to the townspeople.

The Town Center, discussed above, includes in its plan for the new town hall, a District Court wing. With this in mind, the Planning Board contacted the Honorable Richard S. Chapman, Chief Judge of the District Court, to determine exactly what is required, or considered acceptable, for District Court facilities. This resulted in a meeting between Judge Chapman, the Selectmen and the Planning Board at which other interested persons divulged the fact that the trustees of the Mary Safford Wildes estate were ready to propose use of the present site of the Wildes residence for the courthouse. This resulted in misunderstandings, so the Selectmen arranged a second meeting, to be attended by all interested townspeople. This meeting was a success in that misunderstandings were ironed out and a clear course of action was established.

Another project the Planning Board felt might have a direct effect on the Town Center was an expansion of the present bridge facilities across the Piscataqua River. More important, the board felt that the type of new facilities and the location of them would have a very great effect on the businesses of the town. For these reasons, the Board made arrangements with the State Highway Commission to study the reports and recommendations of the consulting firm of Wilbur Smith Associates, employed by the legislature and the highway commission. This information is to be presented at a meeting of interested town groups and townspeople for consideration and discussion so a unified recommendation can be made by the Town to state officials.

Maine's Department of Economic Development invited Kittery to join with other towns in York County for the establishment of an Area Redevelopment Commission. This commission is studying the assets, natural and man-made, and existing facilities of York County to determine what should be developed and how, what should, or could be combined with other developments to financially benefit the entire area. This will eventually lead to plans for the best utilization of the land and assets of the county in line with its geographic location and topographic character, and provide information to industrial firms for possible business expansion.

The Board has also taken action on subdivision applications, approving another portion of the Dion subdivision and the Richard E. Dill (Spruce Cove) subdivision.

The Capital Improvements program budget for 1963 was brought up to date with the cooperation of the various departments involved.

The Planning Board hereby acknowledges with thanks the assistance and cooperation of all town groups and individuals.

Frederick S. Perry, chairman

Harley B. Remick, secretary

William R. Downey

Philip E. Fritz

Edward E. Shapleigh, associate

**REPORT OF
THE KITTERY POLICE DEPARTMENT**

To The Board of Selectmen:

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1962.

During the year of 1962 the department made 308 arrests. Of these 40 were so-called criminal arrests and 268 were for motor vehicle violations. The most numerous violations, for 1962 were, passing stop signs, speeding, operating without driver's license and operating while under the influence with a total of 123 persons taken to court for these violations. The other top violations for 1962 were passing red lights 15, defective muffler 22 and number of other motor vehicle violations.

Other activities of the Police Department included: 2512 complaints received and investigated, 552 calls for assistance, 667 escorts of all types, 180 doors and windows found open by officers on patrol, 228 motor vehicle accidents investigated by the department. Also investigated were 5 breaking-entering, 33 larceny theft under \$50.00 and 11 larceny over \$50.00.

On our training program we had officers Alvah Beal and George Whitney attend the Municipal Officers Training School in Augusta, Maine for the period of three weeks.

As of November 1962 the Department has added a new member to the force. This brings the department to a total of nine regular officers.

In conclusion may I take this opportunity both for myself and the members of the Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for the help in the past year and also to the other departments for the help they have been to this department.

Respectfully submitted,

Albert V. Martin
Chief of Police
Kittery, Maine

REPORT OF THE HEALTH OFFICER

Board of Selectmen

Kittery, Maine

I hereby submit my report as health officer for the town of Kittery for the year 1962.

The following contagious diseases were reported.

Chicken pox	10
Mumps	21
Measles	8
German measles	14
Impetigo	10
Scarlet fever	6
Infectious hepatitis	3

I feel that there were many more cases that were not reported by either the house holder or the physician.

A very successful diabetic week was carried out with the help of all physicians.

The freshman class at Traip Academy were examined by Dr. Taylor and myself.

All cases of sanitation reported were taken care of very promptly.

A very large number of school slips were made out and although only contagion comes under the health officer the others were made out without cost to the student.

Respectfully submitted,

C. W. KINGHORN, M. D.

Health Officer, Town of Kittery

**REPORT OF
THE KITTELY PUBLIC HEALTH ASSOCIATION
FOR 1962**

Total visits for the year	2711
For bedside care and treatment	1847
Preschool health visits	287
Schoolage health visits	93
Adult health visits	137
Visits in behalf of patients	219
Cases admitted to service	201
Cases discharged from service	183
Full pay Visits	1067
Part pay visits	384
Free visits	396
No charge visits	864
Well Child Clinics held	10
Children attending	220
Average attendance	22
Triple toxoid given	154
Polio vaccine given	175
Smallpox vaccinations	73
Physical examinations	68
Fees received from patients—	
Full pay	\$2166.00
Part pay	480.00
Well Child Clinics	160.00
Total	<hr/> \$2806.00

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the Board of Directors for 1962 were—

President	Mrs. Alexander Farley
Vice President	Mrs. Alonzo Hearne
Secretary	Mrs. James Dineen
Treasurer	Mr. Alfred Sterling

Services to the Town and the residents are as follows—

1. Bedside nursing care and treatment, of any type, as ordered by the family physician.

2. Teaching members of patients family how to care for ill member between nurses visits, also demonstration of infant and child care to young mothers.

3. Well Child clinics.

4. Working with the State Public Health Service. This includes checking cases of tuberculosis and their contacts, also venereal diseases to prevent spread of disease and to see that those affected receive the proper care and treatment.

5. Welfare work for our needy families.

Well child clinics were held in the Nurse's office, at the Town Hall, on the third Wednesday of each month, except July and August. The clinic is for all children in Kittery from infancy to schoolage. Dr. Thomas Conroy, M. D. of Portsmouth was the attending physician. We make no charge for our services or that of the physician, only for the cost of the medication. The charge is seventy-five cents per shot for polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccination. Physical examinations are free. We ask the parents to please not bring children who are acutely ill with colds or running a fever. This is a well child clinic and we must protect the well child and prevent the spread of contagious diseases. My sincere thanks goes to the following volunteer workers—Mrs. Sylvia Goldstein, Mrs. Dorothy Fitzpatrick, Mrs. Theresa Tobey, Mrs. Ruth Dineen, Mrs. Margaret Cutter, Mrs. Hannah McCloud, Mrs. Janet White, Mrs. Florence Riley, Mrs. Avis Tarling, Mrs. Myrtle Rankin, R. N., Mrs. Louise Smith, R. N., and Mrs. Margaret Smith, R. N.

Because of the fact that Kittery has no welfare agency, the donations of good used clothing, household goods and sick room supplies, given by public spirited citizens, have been sorted and distributed to the needy by us. We have also worked with the Wildes Estate Trustees to see that all children have proper footwear to go to school.

Many reports of need and requests for help have come to us. Each case has been investigated and help given, where possible. Where extra financial help was needed they have been referred to our selectmen.

During the holiday season, we made no special appeal for funds or other donations, but over \$200.00 plus much food, warm clothing, toys and gift wrapped packages was donated by local organizations and those individuals wishing to do so.

On request of the Toys for Tots program, both nurses went to the Marine Reserve Headquarters in Newcastle, N. H. and picked out a large amount of good reconditioned toys for our underprivileged children. These were picked up and delivered by the Public Works Dept.

Toys and gifts brought to our office were packed by Mrs. Mae Littlefield and Mrs. Rita Perry. A total of thirty-two families with sixty-eight children and fifty-four adults were given complete holiday dinners, also each child received a pair of hand-knit mittens, new socks, other new clothing and many gifts. We sincerely hope that all of the families needing help were reported to us.

My deep appreciation, for donations and assistance, goes to the following—The American Legion Auxiliary, Womens Groups of the Methodist, Christian, Congregational, Catholic and Baptist Churches; Sunday Schools of the Methodist, Congregational, Christian and Baptist Churches; Piscataqua Chapter No. 90 O. E. S., Past Matrons of the same, Riverside Womens Club, Kearsarge Temple Pythian Sisters and Helping Hand Club, Several Girl Scout Troops, one Cub Scout Troop, The Fifth Grade of the Austin School, two Sixth Grades of the Frisbee School, The Police Dept., The Public Works Dept. and many civic minded Citizens. A special thank you goes to Mr. Fredric Ahlquist for the many hours of time, outside of working hours, spent in helping in the delivery of toys and food baskets.

Services of the nurses are available to anyone in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$2.00 for the first hour with fifty cents for each additional fifteen minutes is charged if the family is financially able to pay. Part pay or free service is given when necessary but no call is refused and the same service is given regardless of ability to pay. The nurses are on duty Monday through Friday from 8 A. M. to 5 P. M. Only emergency calls are taken on weekends and holidays. Calls are received at the Nurses Office 8 to 9 A. M., or by calling Coles Drug Store Tel. ID 9-0607.

On behalf of the Board of Directors, Mrs. Francis Orr R. N. and myself I wish to express our appreciation to all that have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,
ESTHER H. LINSOTT, R. N.

PARK COMMISSION REPORT FOR 1962

Board of Selectmen
Kittery, Maine
Gentlemen:

The Kittery Park Commission submits the following report for the 1962 calendar year.

The Christmas Tree was set up in John Paul Jones Park and decorated for the holiday season. Worn out equipment was replaced.

Fort Foster Park was the largest project undertaken this year. Twenty tables with benches were purchased. The fireplaces were repaired and the grounds bulldozed and cleaned up. Toilet facilities and dressing rooms were constructed in an existing building. Signs were placed through out the area listing the regulations for use of this park. A parking lot was constructed and a small building repaired for use by the attendants. Three persons were hired to work at the park. They collected fees, did maintenance work and considerable painting, construction, and general fixing-up. A plaque giving information concerning the history of Fort Foster was purchased and mounted on a granite monument. Toward the end of the season an emergency phone was installed at the picnic area. 326 families in Kittery purchased season tickets and the total amount realized through ticket sales and general admission was \$813.30. It is hoped that increased publicity will make the coming season even more profitable. Those who used and enjoyed this area will know what great improvement has been made.

Fort McClary Park was again a popular spot for tourists and townspeople alike. The restoration of the historical section by the State Park Commission proved a popular attraction with 14,000 persons visiting it in an eleven week period. The equipment was repaired and maintained with town funds. During the winter months the pond is lighted for evening skating. Also, this year an emergency phone was installed with a line directly connected to the police department switch board, as is the case with all the emergency phones.

Memorial Field was added to the supervisory duties of the Park Commission this year. 200 yards of loam was purchased and spread. A man was hired to keep this area mowed, trimmed and raked.

Parks and Greens areas within the town were maintained as in the past. Three additional areas were added to the list of greens to be cared for.

Rogers Park saw the continuation of the spraying program to control the poison ivy in this area. Further clearing of brush was accomplished and through co-operation with the road commissioner a parking area was bulldozed. Picnicing in this area is now permissible.

Sea Point Beach was another popular spot this summer. The road and beach area was bulldozed and cleared of debris from the winter storms. A man was employed to maintain the comfort station and pick up the beach area periodically.

The Park Commission wishes to thank all those who assisted in fulfilling the obligations of the Commission during the past year.

Respectfully submitted,

Gordon Cutten, Chairman
Mrs. Walter Borkowski
Harold Durgin
Franklin Mellen
Charles Reardon

REPORT OF THE KITTERY RECREATION ASSOCIATION

To the Citizens of Kittery:

The Kittery Recreation Association has completed all work on the swimming pool situated at Memorial Field. The apron was poured around the pool before the program started last summer. After the program was completed last summer, the coping was installed and it was found there was enough money to cover the area with loam and grass seed. The seeding will be completed this Spring.

If enough money is raised this year, a small house for storage of equipment and children's clothing will be erected and lighting will be installed for safety precautions and the volunteer work groups.

The free swimming instruction program enrolled 318 children; 285 completed the program and 170 passed Red Cross requirements for beginners, intermediates and swim-

mers certificates. However, many more than the 170 gained a greater knowledge of water safety. Many adults took advantage of instruction offered for a small fee. These classes were held in the evening and we plan to continue this program again this summer. Adults find it is much easier to learn with other adults. The results were amazing.

Below is a report of the cost to date of the swimming pool area and the costs of conducting the program since the summer of 1961:

Pool and Pool Site	\$5,547.95
Operational expense	326.52
Instructional expense	1,748.15
Instruction equipment	38.10

Total	7,660.72
-------	----------

Besides all material cost, approximately \$4,000.00 in free labor was given.

The Town has appropriated \$1,000 each year for the past two years, the remainder has come from generous citizens and organizations of Kittery.

Expenses projected for the coming year amount to \$1,800. It is hoped an amount can be set aside for repair and/or replacement of machinery and equipment as the treasury of the Association at present shows a balance of \$11.57.

REPORT OF THE KITTERY PORT AUTHORITY**TO THE CITIZENS OF KITTERY**

The Kittery Port Authority completed its first year in September 1962. Meetings were held on a weekly basis. Much time was consumed with determinations and development of methods of operation and procedure for the authority.

The Authority extends its appreciation to the Selectmen, the Town Planning Board, other town officials, and citizens for their cooperation with and tolerance of new organizations.

The members of the Authority have worked with diligence and dedication toward serving in the public's interest. The Pepperell Cove Extension (Chauncey Creek) dredging project, proposed and supported by the Authority, was rejected at the last annual town meeting. The Authority still believes, after exhaustive study and consideration, that this project will serve the entire town in that Chauncey Creek is a natural resource that should be exploited, and can be exploited at a very reasonable cost to the taxpayer. It is our belief that the town will benefit in tax returns and increased business through the accomplishment of this project. Therefore, we have pursued every lead and approach considered feasible toward this end. It is recommended that the town of Kittery appropriate funds necessary for this project. We will continue to do everything possible to maintain the cost requirement at the lowest level possible. We will petition the Federal and State government for any and all monetary aid possible, and will keep the project at a practical cost level. It is conceivable that this \$250,000 project could cost the town only about \$8,000.

The Authority has continued its study and development of harbor regulations and complete compilation in January 1963. A hearing was held on 8 January 1963. The regulations should become effective in the spring of 1963. The chairman, by invitation, is a member of the Greater Portsmouth Area Economic Development Committee, which is sponsored by the Portsmouth Chamber of Commerce. The towns of Hampton, North Hampton, Rye, New Castle, Newington, Greenland, Kittery and Eliot are represented in this committee. The object and purpose of this Committee, which is to promote the growth and general prosperity

of the City of Portsmouth and vicinity, is in consonance with the object and purposes of the Port Authority.

The Kittery Port Authority has been invited to submit ideas for projects and developments to be studied, as to their feasibility, under a state-wide port facility study program submitted to the 101st legislature by the State of Maine Port Authority. We hope that many questions concerning the practicability, desirability and usefulness of such developments as a tanker port in the lower harbor, control of water level in Spruce Creek with a lock at Kittery Point Bridge, breakwater at Wood Island, continuing Chauncey Creek channel through Brave Boat harbor, and development of small boat repair facilities, will be answered conclusively as a result of this study. Among the projects which will be worked on during 1963 are the continuation and complete implementation of regulations relative to the harbor and port; development of signs and appropriate promulgation to the public of such information as designated speed areas, water ski areas, anchorage area, and areas closed to dumping rubbish; location and description of town-owned landings and wharves; studies consonant with planning and development of the port of Kittery; surveillance of any studies of concern to the port and the public; adequate personnel and equipment for enforcement of harbor regulations; aiding and assisting the public and individuals in the proper utilization of port facilities; overseeing the port of Kittery in the public interest.

We solicit public cooperation in our endeavors, and hope that any and all changes will be for the better and that these changes will be given a proper trial and acceptance.

We meet nearly every Thursday night (except the 2nd Thursday of each month) at 7:30 p.m. in the Town of Kittery Municipal Offices. We will welcome visitors, and desire comments, information and suggestions that will assist in making determinations of the nature that will be most desirable, equitable, and serving to the public.

Respectfully submitted,

F. S. BROWN

D. A. KNIGHT

F. S. PERRY

F. C. FRISBEE

D. E. LAMONT

R. W. YOUNG

O. R. DETTLOFF

REPORT OF THE COMMISSIONER OF PUBLIC WORKS

I would like to thank the officials and citizens of the Town of Kittery for the cooperation and help they have shown to me and my Department for the second year.

There has been a great deal of work done that doesn't show but has been in a poor condition for some time. Mainly, the problem of culverts, catch basins and drainage all over town. This work means much digging and a lot of time. Eventually, we will have this problem taken care of so that it will be only ordinary maintenance with regular cleaning.

We tarred many of the roads which needed much care this year. Next summer we are in hopes to get more roads tarred.

There has been street signs placed at least once on every street in town. This is a big job keeping the signs up and in repair. Guard rails are being replaced and repaired on all the town roads. We have many posts all painted and ready to use this spring.

Love Lane was widened on the bad curve and tarred, this makes it much safer to drive on.

On Old Post Road at James Corner, a traffic island was installed to help prevent accidents.

The Williams Avenue Project was finished this past year. Also, Traip Avenue, Walker Avenue and the sidewalk in front of the new Post Office were finished.

The State furnished funds to help with the Bartlett Road and the Martin Road. The Martin Road is finished. The Bartlett Road will continue this summer.

This year we purchased an Allis-Chalmers Bulldozer from our equipment rental fund, to save hiring one for the construction of the roads we worked on. A road was built into the town gravel pit last year.

The new trucks which we got in July have been a big help with our work and with the snow removal this winter.

Most of our old equipment has been completely overhauled and painted orange by the men.

The interior of the barn and office was painted last spring when the men worked inside.

This year we need a new jeep to replace the old one we have. The jeep is needed to plow narrow streets, fire stations, school yards, and to help the grader move snow on Route 1.

One big thing I would like to plan ahead for is a larger grader. This grader which we have is working year around on grading roads and plowing snow but it is much too small for the work we have to do.

Again, I wish to thank the public for the cooperation and consideration they have shown me for the past two years.

Respectfully submitted,

William E. Stevens

TOWN GOVERNMENT STUDY COMMITTEE REPORT

As a result of the studies carried out to date, the Town Government Study Committee voted to present the following recommendations:

1. It is recommended that Kittery retain its present basic form of government, that of Town-meeting and Selectmen.

This recommendation is made in the light of information obtained by the group through research and surveys, relative to present costs, services, and advantages gained by Kittery with its existing form of government as compared to similar communities utilizing other organizational arrangements. It is felt that if it appears that the town meeting form of government is becoming unwieldy and inefficient, a continuing responsibility of this committee should be to maintain a review of the situation and submit recommendations for changes if deemed necessary.

2. It is recommended that the Board of Selectmen-Assessors be empowered to hire a competent assistant to the Board of Assessors, said individual to possess sufficient background and experience to enable him to evaluate and properly assess the taxable property of the town. Qualifications should be determined by the Board of Assessors.

This committee feels that assessing will be better accomplished by a full-time assistant, who will also maintain tax records and serve as Building Inspector.

A survey of 15 towns and cities in Maine of comparable size shows that each has full time assistance in the assessing department.

3. We restate the recommendation of last year's committee: That the selectmen be granted additional powers through legislative action to make decisions in matters of a minor nature which now have to go before the town meeting, for example: the installation of a street light or hydrant, acceptance of a deed, road, or trust fund, etc. It is becoming more obvious every year that towns over 5000 population should not operate under the same statutes as towns under 5000 population.
4. We recommend that the Town Government Study Committee be continued by the next Annual Town Meeting, and that they be empowered to continue studies of Town Government Operations and to submit reports from time to time.

Respectfully submitted,

Francis F. Neal
Richard E. Draper
Stanford I. Trask
Elroy S. Moulton
Samuel V. Hopkins
Raymond G. Pettigrew
Mrs. William W. Seaward, Jr.

May	6	Monday	York County Teachers' Convention
	30	Thursday	Memorial Day—Schools Closed
June	14	Friday	All Schools Close

SUMMER VACATION

*Schools will close at noon the preceding day.

The no-session signal, one long blast on the fire sirens, will be sounded at 6:30 A.M. for all schools. Stations WBBX and WHEB will make no-school announcements as soon as possible.

The no-session signal, one long blast on the fire sirens, for the afternoon session of Junior Primary pupils will be sounded at 11:00 A.M.

Announcements will go out over radio stations WBBX and WHEB in case of emergency requiring the closing of schools during the day.

ANNUAL TOWN REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kittery:

There is much talk and much being written this year about the needs and the costs of good schools everywhere. This is the right time to give particular consideration to our own schools in Kittery.

People in Kittery have always wanted good schools for their children and have provided adequate support for the fundamentals in elementary and secondary education. So let's look at the main points in our school program to see what is being done in reading, writing and arithmetic. Let's see how many children we have in our classrooms. Let's think about how well we prepare them to go to work, to go on to school, support families and become the first class citizens that they are capable of being. Then, let's consider some things that may need to be done and the budget recommendations for 1963.

Through the years, more attention has been given to the teaching of reading than to the teaching of any other subject. Measured by standard achievement tests, Kittery pupils do well. Nevertheless, we continue to look for ways to improve our work. New books and materials have been added this year. More emphasis is being given to phonetic teaching of reading by use of supplementary materials and more attention is being given to the continued teaching of reading skills through upper grades and high school years.

The quality of penmanship in the writing of elementary school papers leaves something to be desired. To effect improvement, scheduled time and attention is being given to penmanship as such. This is in addition to the requirement that any and all written papers must be legible and as well written as pupil ability permits. Particular attention is being given in this field right now with the aim of effecting noticeable improvement during this current school year.

Nationally, there is a trend to newer methods of teaching mathematics in elementary and secondary schools. Emphasis is shifting from teaching arithmetic mainly as a socially useful computational tool toward the teaching of more abstract mathematical concepts.

In Kittery we are making some changes in our mathematical offerings. Elementary algebra has been introduced this year in place of arithmetic for advanced students in grade eight and successful completion will mean that these students can go on to second year algebra at the Academy, and, in the end, receive one more year of high school mathematics than is now possible.

In grade seven this year, a course in newer mathematics is being offered in addition to arithmetic for more able students.

There is a need for newer approaches to mathematics teaching and for some new materials in grades below the seventh. Teachers are studying changes to be made and newer text materials are planned for introduction in these grades this coming fall.

Traip Academy is and for some time has been working with what we call the newer mathematics, which was developed first in the secondary field. College preparatory students in several graduating classes have profited as they have found themselves studying mathematics courses in college.

In what has been written above, there is nothing sensational and there is no intent to impress anyone with the idea that there is, but teaching of fundamentals is the main business of our elementary schools and people need to know that school people are continuing to use what has proved to be good and are studying and trying ways and means that may sometime prove to be better.

Teaching of English, science, art, music and other subjects could be written about but the nature of this report calls for some discussion of many other aspects of school work and these subjects will not be written about at this time. It should be pointed out here, however, that Kittery does not offer any foreign language training for elementary school pupils. Such training is offered in many places and, with the help of television, is being offered in more places each year. An excellent television course in elementary French is available for grades four, five and six but television courses alone are not sufficient and a supervisor of instruction in French is necessary for effective teaching. This is recommended for our schools.

Now for a few paragraphs about some plans which have not been carried out and brief mention of some newer activities in our schools.

Plans were made to offer special classes for slow learners this year but a survey of the need in this area disclosed a very small number of children needing this help in the seven to fifteen year age bracket. For this reason, a special class was not organized.

Plans were made to broaden the offering of art in elementary schools this year by employment of an additional supervisor-teacher on a part-time basis. When the teacher who was to be employed for this work found it impossible to accept the position, the plans were dropped.

There has been a greatly increased use of television in Kittery elementary schools this year. Courses in reading, literature, science and art, broadcast over Channel 11 from the University of New Hampshire, have been or are now being used. These courses are good and we hope to be able to offer these and other courses to more pupils during the coming year.

Teachers in our schools are increasingly using audio-visual helps in their instruction. Our schools have collections of filmstrips available for teacher use. These collections are not extensive but they are good and should be enlarged for greater benefit to more pupils.

Sound films are acquired for use through rental agencies. Most of our sound films are from the University of New Hampshire which maintains a large film rental library.

We continue to offer instruction at home for physically handicapped pupils whose parents apply and whose doctors certify for this kind of help. We also pay tuition to help with the education of pupils who are institutionalized because of sickness or physical disability.

A survey of pupils in our elementary schools who have speech difficulties was made in 1962 and over sixty of our children were found by speech therapists of the Portsmouth Rehabilitation Center to be in need of help. A class for about half of these children, who were in greatest need of assistance, was begun in January, 1963. This work should be continued and expanded to help the other child-

ren who need speech therapy. The teaching is done by therapists from the Portsmouth Rehabilitation Center and the cost is minimal.

Kittery has never offered any summer school work for pupils in elementary grades. Many other communities have done so and reports have been favorable. School Committee approval for such courses in the summer of 1963 will give us all an opportunity to determine at first hand the worth of such a program.

Your school officials believe a summer program will be of value. Courses for pupils who need to improve in subjects already studied and courses to permit students to get out front in study skills and in subjects like advanced composition cannot help but benefit those enrolled. Parents wishing to enroll their children will be expected to pay \$13.50 for a five week course in one subject. This is the charge permitted by the State and it is expected to cover the cost. Detailed information about courses to be offered will be made available to parents this spring.

Because of difference in children, their talents and capacities, their abilities and interests, programs and classes are arranged and adjusted to help them to do the best work that they are capable of doing.

Pupils in all classrooms are grouped within their classrooms to permit those with similar rates of achievement to work together. In grades seven and eight there is some ability grouping by classrooms to permit those who achieve more and at a higher rate to work together and to advance beyond the standards set up for each grade as a whole. In other words, higher standards are set to challenge the more able students to greater achievement, in line with their abilities.

The work of pupils is evaluated several times each year and pupils go from one group to another as progress warrants.

On the high school level, of course, grouping according to ability is continued and, in addition, a student may elect to work in his field of greatest interest.

Progress in our elementary schools is determined largely by ability to read and understand, to remember and to communicate well in speech and in writing. Progress in our secondary school is measured in great part in the same way, but we do offer secondary school students shop, business and homemaking courses which provide some laboratory-type experiences.

Our schools have little to offer those who are not academically inclined. All courses depend heavily on the ability to learn from the printed page and to communicate well in speech and in writing. Those students who cannot or do not develop these skills tend to leave school soon after reaching the age of sixteen. Many would leave earlier if it were not for the compulsory school attendance law.

Considering that almost all of our children are going to become full fledged citizens with the rights to vote and hold office, that most of them will marry and have children, that all of them are going to need to earn in order to live and that they must have some knowledge or skill or ability to sell for a day's work or a salary, it seems that any success in life is conditioned greatly by what takes place during the first thirteen years of school. Studies of manpower needs show a greatly diminishing field for unskilled labor and point to the unemployability of people who have no skills to sell. Nevertheless, boys and girls will continue to leave school so long as we require academic success of which many are incapable.

We need courses in practical arts. We need work experience courses where part of each day, week, month or year is spent on the job. We need training courses to promote vocational usefulness among students who are not academically talented; courses to be offered in local schools or to be provided in area schools set up for the purpose. Whether we think it is our responsibility to provide such courses locally, or not, it is our responsibility to provide

such courses somewhere. SOME CHILDREN ARE GIFTED IN NON-INTELLECTUAL FIELDS.

Parents of all children pay taxes for schools and it is right that the non-academically talented students should receive some usable training or education for the taxes which their parents pay. Society is rewarded not only by the positive contributions of those who are usefully employed but is relieved of a continuing burden of support for those who would otherwise be unemployed.

We offer no guidance, as such, in our elementary schools. Principals and teachers give such guidance as they can. This, however, does not provide the kind, quality or amount of guidance assistance that is found in first-rate junior high schools or in many elementary schools in grades below the seventh.

The function of guidance is to assist students and parents in finding answers to student problems, educational, psychological, occupational.

Achieving educational success in the elementary grades usually makes all of the difference between success or failure in high school and failure in high school automatically causes college doors to remain closed. The lack of a high school education works against many young men and young women who are striving for a suitable vocation in life.

Guidance people in elementary schools work on those problems of failure that arise early in children's lives and they work to help all pupils realize their potentials for growth in right directions. Guidance people work with test results to discover talents and interests and to advise teachers and parents and encourage pupils. It is too much to say that guidance work can be expected to prevent or cure all delinquency but good guidance work in elementary schools helps to identify problems early and to solve them early. It helps to prevent failures, academic and psycho-

logical, which once experienced, tend to recur, especially where no help is given.

Guidance in our secondary school is well established and the results, in the opinion of those of us who are close, are tremendously beneficial. Helping students to know their potentials, helping them to find the answers that are best for them is an important job. The addition of a guidance worker in the elementary schools, including grades seven and eight, is recommended.

In what has already been written here, something has been said about the job of education that the schools are doing and particular things which the schools are not doing have been pointed out:

- 1) We have no manual arts or homemaking courses for pupils in grades seven and eight. (Sanford is a community which offers manual arts and homemaking courses and also offers French in the elementary schools.)
- 2) We do not offer a foreign language in the elementary schools.
- 3) We do not offer a practical arts course, with work experience, in our secondary school.
- 4) We do not provide guidance facilities for elementary school pupils.

Of course, homemaking or manual arts courses cannot be offered to elementary school pupils until more school building is done. A foreign language and guidance can be offered without providing more classrooms.

There is no team teaching in our schools. This is one of the newer and very highly regarded arrangements for instruction. More large rooms would be needed if team teaching were to be introduced effectively in Kittery.

In the wish to have an evaluation of our school program in Kittery, the State Department of Education has been asked to help by making a survey of our school system. We should like an outside point of view on how well our curriculum and program offerings are meeting the needs of our young people in both elementary and secondary schools and we should like suggestions about newer or different courses or instructional practices. Such a survey will probably be made before the close of school in June of this year.

Now, let's take a look at our school enrollments and our situation in regard to room in which to carry out the school program.

The enrollment figures printed with this report show a total enrollment in elementary and secondary grades of 2272 pupils on January 2, 1963. Enrollment for 1962 dropped from the previous year but the bounce upward this year shows 127 more than last year and 78 more pupils than were ever before enrolled in Kittery.

The enrollment this year brings us up to slightly more than the average level of yearly increase for each of the last ten years. The total enrollment this year is 694 more pupils than the total reported for January 1, 1953. This figure breaks down into 445 more elementary pupils and 249 more secondary students than the number enrolled on January 1, 1953.

There is sufficient room at the Academy to accommodate the increasing number of students going on to secondary school but there are no extra classrooms for additional pupils in elementary grades. While the rate of growth in elementary grades as a whole may be declining, an increase of twenty or more pupils during 1963 should be a fairly clear warning that further building should be started.

There is a growing need for rooms other than classrooms if we consider our total school program in relation to good programs in many other places.

Our pupils in grades seven and eight at Frisbee School could accomplish more in art if a special room were available as it is at Traip Academy where an art room was provided in the Cook Building. For a good, well rounded program, especially in upper grades, room is needed for a workshop or laboratory type set-up where materials and equipment are available and can be used.

There is no suitable place for band or orchestra practice at Frisbee School. Classrooms and library are in continual use throughout the day and the gymnasium is in use for physical education during the day and for athletics much of the time after school. More and better work could be accomplished if a large room were available for regular practice and if room were available for safe storage of musical instruments, equipment and supplies.

School lunches are being served daily to 350 pupils in Frisbee School, 160 pupils in Shapleigh School, 110 pupils in Mitchell School and 120 pupils in Wentworth Dennett School. Students pay twenty-five cents per meal and adults pay thirty-five cents per meal. The federal government supplies a large amount of good surplus foods when surplus is available. The Town supplies the space used, pays for the utilities and provides most of the equipment used.

School lunches in Kittery have been operating for the most part with about the same space and equipment which was available many years ago when the program was first organized. Basement room was made into combination kitchen-lunchrooms at Mitchell and Wentworth Dennett Schools. At Frisbee School, the cafeteria room was divided to make two classrooms and the kitchen, small to begin with, took on the extra job of feeding pupils in the eight classroom wing which was added to the original building. Austin School has no school lunch service. Shapleigh School, our newest elementary school, has a good kitchen and all purpose room for cafeteria use but is short of enough food storage room.

Keeping of school lunch accounts has been improved. The operations in Kittery were reviewed by an accountant this year and more complete records of food ticket receipts, menu plans, food inventories and food usage are now being kept and accounts have been organized to facilitate frequent audit of operations.

Since the beginning of school lunch programs in Kittery several years ago, standards for food preparation and service have been raised and our facilities for preparation and service do not measure up to modern day requirements or compare favorably with facilities in up to date programs in other places in Maine.

The school lunch service is operating under the handicap of minimum suitable room and equipment, especially so in Frisbee School where the kitchen and storage space are wholly inadequate for the size of the job and where food has to be served in corridors and eaten in classrooms.

The whole school lunch situation is being studied. Your Superintending School Committee has visited other lunch operations in Maine and discussed our situation at length with the State Director for the School Lunch Program. Right now there is a question if lunches should be discontinued at Frisbee School, at least until new building has to be done and plans can be made for sufficient room and all proper facilities.

The budget submitted by the School Department for elementary school operation and maintenance is higher than last year by \$24,190.20. About seventy per cent of this amount is for salaries of teachers in accordance with the schedule. The schedule itself, as outlined in last year's annual report, became effective in September, 1962, and is not being raised.

\$3,384.00 is included for additional services of a foreign language teacher-supervisor and a guidance worker, both of whom would begin work in September, 1963.

The amount of money asked for upkeep of plant and equipment is \$3,864.00 more than a year ago. Nearly all of this is intended for upkeep and improvement of grounds.

The budgeted amount for operating materials is up \$6,398.00. This is for textbooks and for library books and supplies for pupils and for replacement of old, worn and out of date books, purchase of new mathematics and other texts and for the papers and other supplies used in classrooms. This account has been affected more than others by increasing prices. A look at the amounts budgeted for textbooks and supplies over the past six or seven years will show that yearly increases up to now have been small.

The cost of conveyance is up \$2,616.00 over last year. New contracts were negotiated with conveyors in 1962 and the rate per mile was increased for the first time since 1955. Increased mileage to bring in the larger number of pupils has contributed some to the increase in the total cost of conveyance.

The estimated cost for operation of the elementary school buildings is down about \$9,200.00 this year. This reduction is accounted for by the amount of \$7,675.18, a non-recurring expense in last year's budget for installation of oil burners in Frisbee School, and by the amount of \$1,579.00 which is being saved on the position of fireman.

The budget for tuition to Robert W. Traip Academy is \$17,474.00 higher than last year. The greater part of this amount is for teachers' salaries in line with the schedule which became effective in September, 1962. The increase also includes items for the operation of the Mary Safford Wildes Building.

Estimated receipts for elementary schools are up \$12,787.89 over last year and estimated receipts for secondary schools are up \$9,181.17. These figures mean that the elementary school budget for 1963 will require a larger appropriation by \$11,402.31 if voted as recommended, and

the secondary tuition budget will require a larger appropriation by \$8,292.83. In other words, the total appropriations recommended for operation and maintenance of all schools is \$19,695.14 more than last year.

Three capital improvements are being recommended this year: purchase of more land adjacent to Mitchell School grounds, heating alterations at the Wentworth Dennett School and installation of a language laboratory at the Academy.

The Anderson property next to Mitchell School can be acquired for a very reasonable price. It would add several acres to the present school site and have a potential as a suitable site for future school building.

Wentworth Dennett is the only remaining school building heated by coal. The heating installation is old and radiation inadequate for the coldest weather. It is recommended that alterations be made and an oil-fired boiler installed to replace the present plant.

The need for a language laboratory at the Academy was written about and discussed last year and an article for its purchase was voted down. The help which such equipment can give to language students makes itself felt when our students go on to college and find themselves in competition with those who have had such training elsewhere. A language laboratory is one more device or tool by which young people can get better training. The total cost is about \$8,000.00, of which the federal government will pay half, leaving a net cost of \$4,000.00 to Kittery.

The Report of the Principal of the Academy, which is included in these pages, provides more information on the secondary school program as a whole.

In conclusion, the people of our town need to know, and it is a pleasure for me to report, that the school teachers of Kittery are devoted, hard-working and professional in

their teaching of our young people. I am sure that parents find them, as I do, interested in all things affecting their students and cooperative in helping with their problems. Supervisors and principals are people of equal purpose.

I should like to acknowledge my personal gratitude to the members of the Superintending School Committee and the members of the Joint Committee for Robert W. Traip Academy for the time, hard work and good will which they bring to the job of policy making for the school system. The Superintending School Committee has regular meetings twice each month and the Joint Committee has a regular meeting once each month. Both committees hold special meetings as necessity dictates. My own work is more enjoyable and more effective because of Committee interest and effort in providing the best possible educational program for the young people of Kittery.

Respectfully submitted,

Charles Puffer

Superintendent of School

REPORT OF THE PRINCIPAL**ROBERT W. TRAIPI ACADEMY**

From: Stanford I. Trask, Principal of Robert W. Traip Academy

The following constitutes my sixth annual report. This report will follow the same form as previous reports and cover the following areas: Staff, Student Body, Academic Program and Plant.

Eight new teachers joined the Robert W. Traip Academy Staff in September 1962 and their contribution has made a good faculty an even better faculty. The ease in which these new members have become integrated into the school is indicative of their professional qualifications as well as the organization, co-operation and dedication of the tenure teachers. The nucleus of a good school is the teaching staff and as long as a large percentage of the experienced teachers remain year after year a quality education can be offered to the secondary students in Kittery. School systems throughout our county are exerting a greater effort each year to hold a large nucleus of their master teachers. This basic core performs as master teachers and trains the inexperienced teachers. Of the eight new teachers five had one year of experience or less before joining the Robert W. Traip Academy Staff. The citizens of Kittery can be justly proud of both their veteran and novice teachers.

As I stated last year, I feel a little self-conscious year after year praising the student body of Robert W. Traip Academy. However, I would be remiss if I did not publicly state that a fine staff compliments a fine student body and vice versa. Because of the lack of space, I will not enumerate the many and varied accomplishments of groups and individuals during the last year. I would like to single out one organization that has served both the

student body and the administration of the school masterfully during my tenure. The Robert W. Traip Academy Student Council under the expert guidance of the faculty advisor Mr. James McFeeley and the quality leadership of successive presidents has developed a liaison between the student body and administration which is truly worthy of commendation.

The student enrollment is at an all-time high again this year with a January 21 enrollment of 546 as compared to 505 last year at the same date. Listed below is a summary of the student body from September 10, 1962 to January 21, 1963.

	Boys	Girls	Total

Dr. Jerome S. Bruner of Harvard University made the following statement: "We might ask, as a criterion for any subject taught in school, whether—when fully developed—it is worth an adult's knowing and whether having known it as a child makes a person a better adult. If the answer to both questions is negative or ambiguous, then the material is cluttering the curriculum." We at Robert W. Traip Academy are constantly reviewing our curriculum as all conscientious schools are doing today. Reading is the most fundamental skill of studying and in recent years it has been proven that reading skills can be improved upon at any age. With these facts in mind I will briefly outline what we are doing to continue the fine reading program offered at the elementary level.

Individual and group testing revealed that many incoming freshmen as well as some sophomores, juniors and seniors still had need for formal reading instruction. As a by-product of Robert W. Traip Academy's philosophy

to attempt to meet the individual's need in order to help him attain his maximum personal growth, the school administrators and faculty members concluded that the junior high school reading program could not legitimately cease at grade eight, but that it should be projected in to the senior high school curriculum.

After mature deliberation and research the reading committee decided that a secondary reading program was to be initiated. The program now has three phases: namely, 1) the remedial reading phase in which we have small groups of students reviewing the basic reading skills beginning at their individual reading levels (these classes meet daily for fifty minutes); 2) the developmental reading phase in which all the freshmen review the basic reading and study skills during an extensive six week's period as an integral part of their English course; 3) the advanced or enriched reading phase which is given on a selective-elective basis with the hope of developing in college-bound students' personalized advanced reading skills, a functional vocabulary, and a taste for reading worthwhile materials.

During the summer of 1962 we started a Robert W. Traip Academy Reading Institute. Over a six week period we offered two reading courses: 1) remedial reading and 2) advanced reading. The response to and results of the Reading Institute were so gratifying that we intend to make it an annual Reading Institute.

The staff of Robert W. Traip Academy has been studying all aspects of the school since September 1962. I am sure that there will be some changes made for the school year 1963-64. As in the past changes will be made only after extensive study that proves a change is needed and as a result of the changes the students will be better served. Nothing ever stands still — it either advances or recedes.

There are no major repairs necessary at Robert W. Traip Academy in the near future. The annual summer

maintenance and repair program will consist of minor repairs, painting and cleaning. As of June 1963 the Cook Building will have been used for seven years. Several of the rooms in the Cook Building will be painted during the summer so that the entire interior will not need re-decorating in any one year. The Cook Building rooms will be put on a rotating painting schedule similar to the Main Building.

For the continued support and cooperation of the Board of Trustees and Joint Board, I wish to extend my appreciation and to Mr. Puffer my sincere thanks for his professional guidance.

Report of Budget and Finance Committee for 1963

To the Citizens of the Town of Kittery:

This report contains all expenditures for the year 1963 which have come to our attention as of February 4, 1963.

This year all budgets are presented for the first time in the format first proposed by the Committee in 1961. We wish to express our appreciation for the cooperation of all the departments, committees and town officials in achieving this transition and for their assistance in resolving the resulting problems.

The Committee wishes to reemphasize the importance of early submission of all budget requests and most particularly special articles involving large expenditures. We would prefer to have considerably more time available to confer with the originators on these subjects.

The Committee's policy with respect to recommended reductions in budget requests is explained fully on page 65A of the 1962 Annual Report. On the basis of the best estimates of all sources of town income now available this year's 166780.38 increase in appropriations requested would require a \$10.49 increase in the present tax rate to a new rate of \$78.49. The Budget Committee believes that this 15.4% increase in the tax rate is excessive and that the appropriation requests must be substantially reduced to contain the increase in tax rate within reasonable bounds. A discussion of the major items approved, disapproved or reduced follows:

1. **Public Works.** Reduced \$24,680.00. The Public Works Department presented an operating budget this year amounting to \$124,680.00 which is 24,241.00 more than last year's request and \$34,680.00 more than last year's appropriation. While Public Works representatives explained this increase quite well in terms of desirable maintenance and improvements, the Budget Committee has attempted to reach a compromise between the amount which is desirable and the amount the town can afford. The approved road projects together with the State Aid road construction appropriation which carries a double matching fund by the state should make it possible to maintain full employment throughout the year.

Capital improvement items submitted were considered as to their long term value to the town, their total costs, and their relative effect on the town's ability to fund future projects.

2. Chauncey Creek and Wharf \$5,000.00

The authorization requested this year for the Chauncey Creek Dredging Project is now set at a first apportionment of \$20,000.00 which is \$5,000.00 or 33 $\frac{1}{3}$ % higher than the authorization requested in 1962. At the 1962 town meeting the town was assured by the proponents of the project that there was no possibility of an increase in price. The Wharf authorization is still \$10,000.00. This project still appears of doubtful value and does not appear to have attracted the favorable interest of any appreciable number of the townspeople. It is noted that the Maine Port Authority is considering a study of waterfront facilities in Kittery along with other points along the Maine coast as part of a State Development Program. The Budget Committee believes that developments on navigable waters are more the province of the State and Federal Government than of any town or municipalities.

3. Town Center Site Study \$7500.00

We believe that an expenditure for further study of the proposed town center site should not be considered until after the town has expressed itself as being in favor of undertaking the whole project. It should be noted that considerable money has already been spent and that the Planning Board's publicity states that studies of proposed sites are already more than adequate. It must be remembered that a vote in favor of the \$7,500.00 will be a mandate for the Planning Board to proceed with the necessary arrangements to present before the town a \$300,000.00 proposal. We do not believe that the need for the project of the magnitude of the Town Center has been established and certainly a project of this importance should not be handled in haste. It is considered that present Planning Board Funds are adequate for any normal planning purposes.

4. Wentworth Dennett Boiler Conversion \$5000.00

It is recommended that conversion to oil of the Wentworth Dennett boiler should be deferred until after determination is made by a suitable Engineering Firm that the boiler has a reasonable life expectancy remaining. It

is noted that no reduction in operating personnel can result from this conversion as was the case at the Frisbee School.

5. Fort Foster Campsite Development \$7000.00

We have recommended acceptance of the Park Commission's proposal to develop campsites at Fort Foster. The Park Commission program is one of the very few proposals submitted in recent years which has definite prospect of returning money to the town in excess of the original investment.

6. Reassessment, LWV \$7000.00 and Assistant Assessor \$6000.00.

The two articles relating to reassessment of real estate were not given to us in time for careful study. We have no difficulty in agreeing with the LWV's reasons for wanting a reassessment and we are not unwilling to spend the money necessary to accomplish this purpose, but we do consider that any plan for which we spend money must have a reasonable prospect of accomplishing the desired result. Experience in other communities has indicated that trained personnel are essential to properly survey a town and evaluate the results.

We are inclined to favor the selectmen's approach in employing an assistant assessor and appraiser but as yet we have no precise description of the required qualifications, duties and yearly salary.

Neither of the above plans have established any standards for the determination of property values. Reluctantly therefore we feel we must disapprove both articles.

Other recommended reductions necessary to limit the increase in the tax rate to a reasonable value have been distributed among the remaining departments as fairly as possible and we believe they can be accomplished without reducing the efficiency of the departments concerned. The Fire Department request was reduced \$280.00 only because it was felt that the purchase of the four dress uniforms might set a bad precedent and lead to still larger requests of this sort.

Respectfully submitted,
Robert W. Young
Ernest C. Maby
Donald R. Armstrong
Donald P. Coates
Charles H. Pike
Raymond W. Littlefield
Allen R. Brackett
Robert B. Johnson

Warrant for Annual Town Meeting

AND RECOMMENDATIONS OF THE BUDGET AND FINANCE COMMITTEE

State of Maine

York ss

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the voters of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 2nd day of March, A. D., 1963 at eight o'clock in the forenoon then and there to act on Articles numbered 1, 2 and 3, and to notify and warn said voters to meet at the Traip Academy Auditorium, in said Town, on Saturday, the 9th day of March, A. D., 1963 at 11 o'clock in the forenoon, then and there to act on articles number 4 through 61, all of said articles being set out below, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors and Overseers of the Poor, Treasurer, School Committee, Budget Committee and all other necessary town officers.

THIRD: To see if the voters of the Town of Kittery will vote to abolish the Planning Board.

The polls for voting on Articles 2 and 3 will open at eight o'clock in the forenoon and will close at one o'clock in the afternoon.

FOURTH: To see if the town will vote to hire an Assistant to the Board of Assessors and raise an amount not to exceed \$6,000.00. *no*

Disapproved by Budget Committee.

FIFTH: To see if the town will vote to conduct and complete a professional reappraisal of all taxable property of Kittery in one year and to raise a sum not to exceed \$7,000.00 for same. *no*

Disapproved by Budget Committee.

SIXTH: To see what sum the town will vote to raise and appropriate for General Government Operating Expenses.

Budget Committee recommends \$286,146.00. *yes*

SEVENTH: To see if the town will vote to raise and appropriate the sum of \$1,394.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Board.

Budget Committee recommends \$635.00. *yes*

EIGHTH: To see if the town will authorize the Planning Board to have a survey of the topography, soil conditions and boundary lines, including a title search, for the proposed Town Center sites with authorization to employ an architect to draw up preliminary plans and specifications for a municipal office and District Court building. The sum of \$7,500.00 is requested to be raised and appropriated. This article to be designated as a Capital Improvement Item.

Disapproved by Budget Committee. *no*

NINTH: To see what sum the town will vote to raise and appropriate for Public Works.

Budget Committee recommends \$100,000.00. *yes*

TENTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction.

Budget Committee recommends \$3,464.00. *yes*

ELEVENTH: To see if the town will vote to raise the sum of \$3,000.00 for the widening and improvement of a section of Manson Road, said section extending from the front of Harriet H. Shapleigh School to its intersection with Wilson Road, a length of approximately 1000 feet. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$3,000.00. *yes*

TWELFTH: To see if the town will vote to raise and appropriate the sum of \$1,100.00 for drainage work on Colonial Road.

Budget Committee recommends \$1,100.00. *yes*

THIRTEENTH: To see if the town will vote to raise the sum of \$3,000.00 for the purchase of a light weight dump truck. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$3,000.00. *yes*

FOURTEENTH: To see if the town will vote to raise a sum of money for the construction of sidewalks on Commercial Street and Pleasant Street to extend to Government Street the now existing sidewalks from Water Street, such construction being imperative for the safety of pedestrians with the recently increased traffic since the completion of the several new buildings on these streets. The foregoing upon the petition of Mrs. Henry Tapley and seven others.

Disapproved by the Budget Committee. *yes*

FIFTEENTH: To see what sum the town will vote to raise and appropriate for the Maintenance of Fire Departments.

Budget Committee recommends \$15,460.00. *yes*

SIXTEENTH: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

Budget Committee recommends \$57,200.00. *yes*

SEVENTEENTH: To see if the town will vote to trade in the 1961 Police Cruiser and purchase a new Police Cruiser for the Police Department and to see what sum of money the town will vote to raise for the purchase of the same. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$1,700.00. *yes*

EIGHTEENTH: To see if the town will vote to authorize the Superintending School Committee to contact with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of Robert W. Traip Academy, for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the Revised Statutes of 1954, or any amendments thereto. *yes*

NINETEENTH: To see what sum the town will vote to raise and provide for a Free High School.

Budget Committee recommends \$146,000.00. *147,000.00*

TWENTIETH: To see if the town will vote to authorize the Superintending School Committee to add to the Free High School account, not more than thirty per cent of any income or subsidy received from state or federal sources for the operation of the general school program. *yes*

TWENTY-FIRST: To see if the town will vote to raise and appropriate the sum of \$4,000.00 for the purchase of language laboratory equipment and installation at Traip Academy. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$4,000.00. *yes*

TWENTY-SECOND: To see what sum the town will vote to raise and appropriate for Elementary School Operating Expenses.

Budget Committee recommends \$227,370.00. *yes*

TWENTY-THIRD: To see if the town will vote to raise the sum of \$3,000.00 for the purchase of 4½ acres of land, more or less, owned by Walter G. Anderson, said land to be used for expansion of the existing Mitchell School site, said land being bounded on south by the property of Walter G. Anderson, on the east by existing school property and Freewill Baptist Church cemetery, on the north by property of Hilton M. Emery, and on the west by the property of Byron Frisbee and Gerald R. Fisher. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$3,000.00. *yes*

TWENTY-FOURTH: To see if the town will vote to raise the sum of \$5,000.00 for the replacement of the existing boiler at Wentworth Dennett School with an oil-fired boiler. This article to be designated as a Capital Improvement Item.

Disapproved by the Budget Committee. *yes*

TWENTY-FIFTH: To see what sum the town will vote to raise and appropriate for Health and Welfare Expenses.

Budget Committee recommends \$22,500.00. *yes*

TWENTY-SIXTH: To see what sum the town will vote to raise and appropriate for Parks and Recreation Operating Expenses.

Budget Committee recommends \$7,675.00. *yes*

TWENTY-SEVENTH: To see what sum the town will vote to raise and appropriate for the Swimming Instruction Program.

Budget Committee recommends \$1,000.00. *yes*

TWENTY-EIGHTH: To see if the town will vote to raise and appropriate the sum of \$14,000.00 to establish and develop a recreational camping area at Fort Foster; \$7,000.00 to be raised in 1963 and \$7,000.00 to be borrowed in 1963 and repaid in 1964. This article to be designated as a Capital Improvement Item.

The Budget Committee recommends the sum of \$14,000.00; \$7,000.00 to be raised and appropriated in 1963 and to authorize the Selectmen and Treasurer to borrow the sum of \$7,000.00 payable in 1964. *no*

TWENTY-NINTH: To see what sum the town will vote to raise and appropriate for the Port Authority. *yes*

Budget Committee recommends \$845.00. *yes*

THIRTIETH: To see what sum the town will vote to raise and appropriate for the maintenance of the town wharves. *yes*

Budget Committee recommends \$2,100.00. *yes*

THIRTY-FIRST: To see what sum the town will vote to raise and appropriate for Civil Defense.

Budget Committee recommends \$1,500.00. *yes*

THIRTY-SECOND: To see what sum the town will vote to raise and appropriate for the advertising of the Natural Resources, Advantages and Attractions of the State of Maine, to be paid to the State Publicity Bureau, in accordance with Chapter 91, Section 108 of the Revised Statutes of 1954.

Budget Committee recommends \$325.00.

THIRTY-THIRD: To see what sum the town will vote to raise and appropriate for the purpose of spraying for Gypsy Moths and for spraying to destroy bushes along the town ways.

Budget Committee recommends \$1,000.00.

THIRTY-FOURTH: To see what sum the town will vote to raise and appropriate for the control of the Dutch Elm Disease.

Budget Committee recommends \$5,000.00.

THIRTY-FIFTH: To see if the town will vote to cooperate with the Department of Sea and Shore Fisheries in the re-establishment of the clam beds at Brave Boat Harbor and raise a sum of money for this purpose.

Budget Committee recommends \$300.00.

THIRTY-SIXTH: To see what sum the town will vote to raise and appropriate for the care of Veterans Graves.

Budget Committee recommends \$300.00.

THIRTY-SEVENTH: To see what sum the town will vote to raise and appropriate for the observance of Patriotic Days under the jurisdiction of the Veterans Council.

Budget Committee recommends \$400.00.

THIRTY-EIGHTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

Budget Committee recommends \$12,700.00.

THIRTY-NINTH: To see if the town will vote to install one street light on Page Street on Pole No. 2-74-2 and raise a sum of money for the same. The foregoing on the petition of Curtis Chapman and 10 others.

Budget Committee recommends \$23.50.

FORTIETH: To see if the town will vote to install two street lights on Crockett Neck Road, poles No. 2-128-3 and No. 2-15-22 and raise a sum of money for the same. The foregoing on the petition of William B. Pierce and 9 others.

Budget Committee recommends \$47.00.

FORTY-FIRST: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

Budget Committee recommends \$10,945.00.

FORTY-SECOND: To see if the town will vote to install one hydrant on the Norton Road at or near the end of the main and raise a sum of money for the same. The foregoing on the petition of Edward L. McCloud and 16 others.

Budget Committee recommends \$55.00.

FORTY-THIRD: To see what sum the town will vote to raise and appropriate for operational expenses of the Kittery Recreation Program.

Disapproved by Budget Committee.

FORTY-FOURTH: To see if the town will vote to establish a five member Kittery Recreation Commission, to be appointed by the Selectmen.

FORTY-FIFTH: To see if the town will vote to authorize the Selectmen to raise and appropriate a sum not to exceed \$20,000.00 for the town's first apportionment of the 8 per cent of the cost of the so-called Chauncey Creek dredging project. It is suggested that the sum of \$3,000.00 be raised and the Selectmen and Treasurer be authorized to borrow a sum not to exceed \$17,000.00, to be paid \$3,000.00 in 1964, \$3,000.00 in 1965, \$3,000.00 in 1966, \$3,000.00 in 1967, and the balance in 1968. This article to be designated as a Capital Improvement Item.

196 2/22
: 30 no

Disapproved by Budget Committee.

FORTY-SIXTH: To see if the town will vote to authorize the Selectmen to raise and appropriate a sum not to exceed \$10,000.00 for the construction of a public landing and Wharf adjacent to the so-called Chauncey Creek dredging area, and to accept, take by eminent domain, or purchase the land necessary for its construction. It is suggested that the sum of \$2,000.00 be raised and the Selectmen and Treasurer be authorized to borrow a sum not to exceed \$8,000.00 to be repaid \$2,000.00 in 1964, \$2,000.00 in 1965, \$2,000.00 in 1966, and the balance in 1967. This article to be designated as a Capital Improvement Item.

Disapproved by Budget Committee.

FORTY-SEVENTH: To see if the town will vote to authorize the Selectmen to borrow from Housing and Home Finance Agency a sum not to exceed \$1,500.00 to be added to the \$8,000.00 authorized to be borrowed in the 1962 town meeting, for the pur-

pose of having preliminary engineering and costs studies made of a proposed sewer system for the Town of Kittery. This loan to be interest free for a period of 5 years and is to be repaid from construction funds at such time as the sewer is constructed.

Approval recommended by Budget Committee.

The cost of preliminary engineering and costs studies of a proposed sewer system for the Town of Kittery will be \$12,000.00. \$2,500.00 will be received from State Aid. *yes*

FORTY-EIGHTH: To see if the town will vote to accept the offer of the Housing and Home Finance Agency for an advance not to exceed \$9,500.00 to aid in financing the cost of plan preparation for Project No. P-Me-3049 to consist of preliminary planning for the proposed construction of sewerage and sewerage treatment facilities.

FORTY-NINTH: To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes and/or Federal Funds for the purpose of paying obligations of the town.

FIFTIETH: To see if the town will vote to authorize the Selectmen to carry on the town's business during the period of closing the books December 31, 1963 to town meeting day.

FIFTY-FIRST: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit claim deeds for such property.

FIFTY-SECOND: To see if the town will vote to accept the new Cemetery Trust Funds.

FIFTY-THIRD: To see if the town will vote to authorize the Selectmen to apply for Federal Aid and State Aid that may be available to the Town of Kittery.

FIFTY-FOURTH: To see if the town will instruct the Selectmen to appoint a committee of seven persons to continue the study of Town Government operations and make reports from time to time.

FIFTY-FIFTH: To see if the town will vote to authorize the Selectmen and Treasurer to borrow an amount not to exceed \$1,000.00 for the purchase of any available State or Federal Surplus Equipment which the Selectmen deem advisable for the best interest of the town.

Approval recommended by Budget Committee.

FIFTY-SIXTH: To see if the town will vote to accept the report of the Selectmen on Dion Avenue.

FIFTY-SEVENTH: To see if the town will vote to accept the report of the Selectmen on School Street.

FIFTY EIGHTH: To see if the town will vote the following changes in the Revised Ordinances of the Town of Kittery.

Section 1 Parking: To rescind Item No. 13 and substitute instead the following: Parking is prohibited in the following location, on the east side of Wentworth Street between its two points of intersection with Traip Avenue.

Section 1 Parking: To add a New Item to be Numbered Item No. 14: Parking is prohibited in the following location, on the east side of Love Lane between its point of intersection with Government Street to the end of the property of the Wentworth-Dennett School.

FIFTY-NINTH: To see if the town will vote to amend the Zoning Ordinance of the Town of Kittery as follows:

The Zoning Ordinance of the Town of Kittery, Maine, pursuant to Chapter 90A, Revised Statutes of 1954 as amended, and as provided by Section IV. (Permitted Uses) of said Zoning Ordinance is hereby amended as follows:

Subsection A. Rural Residence Zones

- (1) Permitted Uses.
add (k) Individual Mobile Homes

Subsection B. Suburban Residence Zones

- (2) Special Use Exceptions.
add (c) Individual Mobile Homes

Subsection C. Urban Residence Zones

- (1) Permitted Uses.
add (c) Except Individual Mobile Homes

Subsection D. Local Business Zones

- (1) Permitted Uses.
add (i) Except Individual Mobile Homes

The foregoing on petition of David H. Rolfe and 17 *no* others.

SIXTIETH: To see if the town will vote to amend the Zoning Ordinance of the Town of Kittery as follows:

The Zoning Ordinance of the Town of Kittery, Maine, pursuant to Chapter 90A, Revised Statutes of 1954 as amended, and as provided by Section V. (Development Requirements) of said Zoning Ordinance, is hereby amended as follows:

Subsection A. Dimensional Requirements

add (5) **Additions to Mobile Homes**
Cabanas, awnings or any other additions will not be allowed to be attached to a mobilehome unless such cabanas, awnings or other addition is a product clearly manufactured for mobile home use or the plans for same have been approved by the building inspector.

The foregoing on petition of David H. Rolfe and 15 others.

SIXTY-FIRST: To pass any other vote or votes that may legally come before said meeting.

Given under our hands this 18th day of February,
A. D. 1963.

REPORT OF THE SELECTMEN

TO THE INHABITANTS OF THE TOWN OF KITTERY:

This is the annual report of the Board of Selectmen and it is with pleasure, to report that we have ended the year with an unexpended balance of accounts of approximately \$38,359.32.

During the past year we have been faced with one of the greatest items that the town has been, more or less forced to accept, namely our Sewerage Problem. We have been informed that the Preliminary Plans have been approved by the Water Improvement Commission by letter from R. MacDonald, Chief Engineer. The next phase of this project is the completion and acceptance of the final plans and estimates for Phase No. 1 of the long range Sewerage Project. Your board asks your permission in a following article to continue along the present course and accomplish this to the best of our ability and the interest of the town.

Another item concerning our Sewerage Problem was the installing of two new pumps at the Admiralty Village Sewer Plant. These pumps have been installed at a cost of \$1,200.00 and are now in operation.

There has been in some of the past town reports talk about security fencing at the Sewerage Plant but there hasn't been anything done about that and we as your Board would like to start as soon as possible a program of fencing the property and installing plastic glass windows which would cut our tremendous cost of replacing windows that are being broken through vandalism under the present conditions existing there.

Another of the many problems facing us is the condition of our roads throughout the town which have been more or less overlooked. It is the opinion of the Board that a concentrated program of rebuilding and resurfacing of our roads be inaugurated at once and have included an article in the town warrant, as a Capital Improvement Article, to start a program and continue the same in the years to follow. We know also and you must know the same, that a great deal of improvement has been accom-

plished through the efforts of our Road Commissioner during the past three years through drainage and placing of culverts and we will continue to do this as much as possible during the coming years.

With the building of the new Court House ready to get underway and the new construction by the bank there will be a vast improvement to the Wallingford Square area and something that the town can be well proud of.

Others of the many problems facing the town in the very near future is the town office building and the town garage. There is a pressing need for space especially in the office of the Town Clerk and Tax Collector. The storage of town records and reports has outgrown the space now allotted to the same and all facilities carried on in the present building are overtaxed at present and we feel this should have some priority in any new town construction being considered in the very near future.

The town garage as every one knows is a very old and obsolete wooden building. Now that the town is trying to keep their equipment, as to trucks, and plows and other equipment on a rotating replacement schedule it is time we had a proper place to store and repair the same. Let's not go backwards, let's keep looking ahead and build accordingly.

You will notice in the articles for the town warrant the omission of an article in regards to Clam Flats at Brave Boat Harbor. This was done this year on recommendation of the State Department of Sea and Shore Fisheries that we discontinue our work for the period of one year in order that we may ascertain the true value of our work in the past and to determine in continuance of further work in that endeavor.

Those of you that used Fort Foster Park during the past year noted the improvements going ahead there and can be assured that we will endeavor to improve the park year after year and that the town will one day have a facility that it can be proud of.

Our Little League Ball Parks in town have been rated along with the best in the region that being stated during the Tournament held in Kittery the past summer. A great deal of praise and credit is due the committee for all their effort and fine work accomplished for the youth of the town.

The Swimming Program was well attended and a great deal of work was accomplished by that committee.

Our Fire Departments and our Police Department under their respective chiefs have done a commendable job during the past year and we look for a continuance of their fine work in the years ahead.

The article for Civilian Defense this year asking for an increased amount over last year's budget is due to maintenance and repairs to existing equipment plus telephones which incidently cost more per year than the amount appropriated for Civilian Defense last year and is a requirement of the state and must be maintained by the town.

The Board of Selectmen wish at this time to express their appreciation to all committees and boards, and to all department heads for their fine work and support throughout the year without which we could not have carried on the operation of the town affairs to its successful conclusion. Let's keep our feet firmly on the ground and undertake those steps necessary for the betterment of our town.

Certificate of Audit

February 7, 1964

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1963, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operation for the municipal year ended December 31, 1963.

Respectfully submitted,

L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1963, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Tax Collector and Treasurer was examined, and found to be adequate and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of Bookkeeping, and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The Trust Fund and Savings Accounts were physically verified.

Various Laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Note: A complete copy of the Auditor's Report is on file in the Selectmen's office.

Treasurer's Report

To the Citizens of the Town of Kittery:

I herewith submit my annual report for the year ending December 31, 1963.

EDWARD E. SHAPLEIGH

Treasurer, Robert W. Traip Academy

REPORT OF THE KITTERY PLANNING BOARD

To the citizens of the Town of Kittery:

The policy of the Board this year has been to continue the required planning on existing projects, start no new projects, and act on any matters that are requested or approved by the Board of Selectmen.

This year we have started a program to make everybody more fully aware of and informed on our planning projects and to promote better understanding of the motives and the thinking behind these projects. We had three good meetings with the Budget and Finance Committee, and have made plans to meet with the heads of all of the other departments to discuss their projected needs and our projected plans in the Capital Improvements Field.

The Area Redevelopment Commission, of which this town is a member, is continuing its studies into the assets, natural and man-made, of York County to determine what can be done and should be done to derive more financial benefit from the area. The Planning Board has been the prime contact in this town, and the appropriate Department Heads are receiving study reports for information and comment.

At the request of the Board of Selectmen, the Planning Board has started action to have Consultants study the recreational needs and possibilities throughout the town. This study will include a survey of the land that is now owned by the town and what additional land should be acquired, an analysis of the existing facilities and needs and how the facilities can or should be augmented to meet the needs, and a comparison of the possibilities and necessity of utilizing the area for commercial versus free public facilities.

This spring, in response to many inquiries regarding Urban Renewal, the Planning Board arranged to have authorities from the Maine Department of Economic Development come down to meet with Town Groups. Authorities disclosed that Urban Renewal is not feasible for this town and the town could not use it to build on new land since there would be nothing to condemn and raze or renovate.

The Planning Board took action on two sub-divisions this year. An application was received on land in North Kittery, off Stevenson Road, but final submittal of plans

and forms was never accomplished so the application was returned. Also, Rosellen Drive in Sunnyslope Park, off Haley Road, was finished to the requirements of the Ordinances and approved for acceptance, making that subdivision eligible for approval.

The Board was sorry to have our secretary, Philip Fritz, resign this year, but could understand how business matters can require such action. No replacement has been made to date. Frederick S. Perry is our secretary at the present time.

The Planning Board wishes to thank all of the Departments and personnel who have striven and are currently striving so hard to achieve a better understanding and closer working relationship among the people who plan for the growth and maintenance of our town.

Harley B. Remick, Chairman

Frederick S. Perry, Secretary

William R. Downey

Edward E. Shapleigh, Associate

REPORT OF THE KITTERY POLICE DEPARTMENT**1963**

To The Board of Selectmen:

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1963.

Over the past two years, the department has made a complete change in the keeping of the permanent records of the department. Thus, at this time it is possible to show a more accurate account of the work done by your police department. The following is a complete list of activities.

Miles traveled in patrol and other police activities	54,218
Hours of actual patrolling	6,574½ hrs
Time spent by officers in Wallingford Square	581½ hrs
Hours on Navy Yard traffic	324½ hrs
Money escorts to banks	499
Accidents investigated	322
Hours spent on accident investigation	157 hrs
Complaints requiring investigation	622
Hours spent on investigation of complaints	389 hrs
Subjects locked up in jail by Kittery police and other departments	258
Motor vehicle arrests by Kittery police	282
Criminal arrests by Kittery police	60
Hours spent in court	239¾ hrs
Warnings for motor vehicle violations	440
Cards issued for defective motor vehicle equipment	185
Written reports on suspicious and abandoned cars	304
Doors found unlocked	120
Windows found open	10

At this time I would like to outline the proposed Civil Service Commission Act.

On May 9, 1963, Governor John H. Reed signed the "Act to Provide for a Civil Service Commission for the Town of Kittery". This bill was enacted by the One Hundred and First Legislature, the same being designated as Chapter 160 of the Private and Special Laws of 1963.

This act became effective 90 days after the adjournment of the Legislature, only for the purpose of permitting its submission to the qualified voters of the Town of Kittery on March 7, 1964.

This act provides for better job security for the members of the police department. It would no longer mean reappointment each year. It also provides protection against frivolous charges brought against any member of the department that may tend to jeopardize his livelihood.

The Civil Service Commission, consisting of three residents of the Town of Kittery, serving without pay, appointed by the selectmen would have control only so far as appointments, promotions, demotions, suspensions and removals after due course of investigation and hearing by the Commission.

The expenditures of the department remain under the control of the selectmen by the vote of the town. This Commission will in no way cause any expense to the town.

A copy of the complete bill is available for inspection at the police station.

In conclusion may I take this opportunity both for myself and the members of the Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for the help in the past year and also to the other departments for the help they have been to this department.

Respectfully submitted,

ALBERT V. MARTIN

Chief of Police

Kittery, Maine

REPORT OF THE FIRE DEPARTMENTS

The Fire Departments answered a total of 132 calls in 1963.

Kittery Department answered 108 calls.

2 out of town calls 1 to Portsmouth, 1 to Eliot.

1 Fatality occurred at a fire on the Wilson Road.

The Kittery Point Department answered 24 calls.

1 out of town call to Eliot.

The new Mack fire truck was delivered in January 1963 and gives the town a valuable piece of fire fighting equipment.

The interior of the Kittery Station was completely painted.

The Kittery Point new radio base station was installed giving that department better radio coverage during fires.

The fire departments wish to express their thanks to the residents of Kittery for their cooperation during the dry spell in the summer of 1963. If it had not been for this cooperation, we could have had a serious fire, costing the town money and property.

Kenneth O'Sullivan

Chief Kittery Department

George Varney, Jr.

Chief Kittery Point Department

PARK COMMISSION REPORT

Board of Selectmen
Kittery, Maine

Gentlemen:

The Kittery Park Commission submits the following report on activities for the year 1963-1964 for the information of the residents of Kittery.

Fort Foster has eleven new shelters over the picnic tables and they were widely used this season. The main gate at the Fort had been damaged and was repaired by an out-of-town fencing firm. To make the buildings at the park less of a hazard to the youngsters a three foot protective fence was installed around the top half of the Fort buildings. To provide water for the picnic area a two hundred foot plastic pipe line was installed. In addition to

these new improvements the usual maintainance was necessary for the grounds and the buildings. New signs were made to replace those destroyed by vandals. The beach was bulldozed, the parking lot was enlarged and brush was cleared. The smaller of two houses in the further section of the park was torn down after being extensively damaged by vandals. It was with a great deal of pleasure that the Park Commission sponsored a dedication ceremony at Fort Foster on Memorial Day. Town officials attended and the girl scouts assisted with the flag raising, which accompanied the dedication of the plaque. Attendance at the Fort Foster site was increased over last year and it should prove to be an even more popular spot next year.

Sea Point Beach was bulldozed following the spring storms. It was necessary to do repairs to the comfort station this year because of vandalism. As usual the grounds and buildings were maintained for use by the public.

Fort McClary equipment was repaired and maintained by the commission. During the winter the skating pond was lighted for night-time skating and proved a popular spot as usual.

Memorial Field was loamed this year in addition to the usual mowing and upkeep of this area. We also assisted the Little League in making considerable improvements to the ball park area.

Parks and Greens throughout the Town were maintained by the Commission this season.

Rogers Park was open to residents for their use this year. Spraying was continued in this area and the turnaround was enlarged and improved.

The Christmas Tree is decorated and lighted by the Park Commission each year. Several problems prevented the planting of a permanent tree this year but it is hoped that this coming year a tree will be planted which will grow to be the annual Christmas tree in Kittery.

The Kittery Park Commission would again like to express its appreciation to all those who assisted in making this year's work possible.

Respectfully submitted,
Gordon Cutten, Chairman
Mrs. Walter A. Borkowski
Harold Durgin
Walter Martin
Charles Reardon

REPORT OF THE KITTERY RECREATION ASSOCIATION

February 13, 1964

To the Citizens of Kittery:

The past summer has been a busy one for the Kittery Recreation Association. The swimming pool site was completed with the seeding of the area and a small building was constructed by members of the association for protection of the instructor against inclement weather and for storage of children's clothing while taking instruction. Lights were installed for safety reasons and for volunteer work groups. Enough money has been contributed by individuals and organizations to erect a permanent equipment house over the present pump house; this will be done this spring.

The free swimming instruction program enrolled 329 children; 305 completed the program and 176 received Red Cross Swimming Certificates. Also this year Red Cross Life Saving courses were offered; 11 received their Junior Certificates and 6 their Senior Certificates. The pool was used evenings by Boy Scouts and Girl Scouts with their leaders present. Adult swimming instruction was also given evenings during nine weeks of the summer and we plan to continue this program this summer.

At the association's annual meeting in January, plans were discussed to coordinate the efforts of various groups in town toward maintaining skating areas in various sections of Kittery for next winter. Where there are no natural made-made skating rinks and has obtained tentative approval of the School Board for areas at Frisbee and Shapleigh schools.

School Board for areas at Frisbee and Shapleigh schools.

The association wishes to thank all who contributed to the continued success of the swimming program and the maintenance of the swimming pool site.

REPORT OF THE KITTERY PORT AUTHORITY

The Kittery Port Authority extends its appreciation to the Selectmen, the Commissioner of Public Works, the town Planning Board, the Budget and Finance Committee, the Police Department, private citizens and others for their cooperation and assistance during the second year of the Authority's existence.

The members, including Mr. L. Parady, Jr., and Mr. E. George Pollak, who are new this year, have applied themselves to their duties in a commendable manner, the object being to serve the public in the way and in the direction most desired by the townspeople. Meetings are usually held on Thursday evenings, with the exception of the 2nd Thursday of the month, at the Town Office. Anyone interested in these meetings or desirous of submitting requests or recommendations is welcome to attend.

There are no major projects to be recommended by the Authority at Town Meeting this year. One Capital Improvement item amounting to \$1600 is submitted for decision of the townspeople. This is to build a proper and necessary retaining wall at the Pepperrell Cove Wharf. Other articles will involve only the maintenance and operation of this wharf, and the Authority.

The Authority is of the opinion that the Kittery Wharf and the Fort Foster Wharf can remain as they are without any expenditure of money for at least one more year. These wharves are not usable now but there is no measurable loss to the town by their unavailability. However, these wharves will require positive action by the townspeople next year.

Pursuant to a request of the Selectmen over four years ago, that rules and regulations pertaining to the harbor, port and channels within the Town of Kittery be created, and in accordance with State of Maine HP 682 Legislative Document No. 960, such regulations were promulgated effective 1 October 1963. Copies of these regulations are available at the Town Office. Adjustments and changes can be made in these rules. Therefore, anyone may submit proposed changes and, if the public interest will be better served, such changes will be made.

The Authority will proceed, if funds are available, to properly mark speed limit areas on the waters in the town.

The Authority is participating with the Portsmouth Area Economic Development Committee, which is sponsored by the Portsmouth Chamber of Commerce, in planning and development of natural and other resources in the area. The object of the Authority in this connection is the appropriate exploration of waterfront and local maritime resources looking toward diversification of employment in the area.

The statewide port facility study program submitted to the 101st Legislature, which included projects for study in this area, did not succeed in obtaining funds from the Legislature necessary for the study.

Goals for 1964, in addition to economical operation and maintenance of town waterfront property and facilities, will include planning, study and research looking toward making appropriate contributions to economic welfare of this town.

We solicit public opinion and cooperation in our endeavors.

Respectfully submitted,

F. S. Brown, Chairman

Frank C. Frisbee

Oscar R. Dettloff

E. George Pollak

Louis Parady, Jr.

Donald E. Lamont

REPORT OF THE HEALTH OFFICER

Board of Selectmen

Kittery, Maine

I hereby submit my report as Health Officer for the Town of Kittery for the year 1963.

The contagion was much below the average mostly due to the fact that the parents and Doctors did not report the cases as the law requires.

The following cases are listed:

Infectious Hepatitis	9
Mumps	16
Measles	12
German measles	10
Scarlet fever	12
Impetigo	20
Meningitis	1
T. B.	2
	<hr/>
	81

For the convenience of the parents a great many school slips were made out as well as many that were in line of duty of the health officer.

The freshman class of Traip Academy was examined by Dr. Taylor and myself as usual.

All sanitary complaints were investigated and remedied.

The usual diabetic week was very successfully carried out.

Together with the Public Health Nurses and many volunteers a three section polio clinic for all the schools and adults was conducted. The adult clinics were very well attended.

C. W. Kinghorn, M. D.

Health Officer

Town of Kittery

Part pay	275.00	
Well child clinics	164.65	
Total	\$2835.15	

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the Board of Directors for 1963 were—

President	Mrs. Alexander Farley
Vice President	Mrs. Reuben Wood
Secretary	Mrs. James Dineen
Treasurer	Mr. Alfred Sterling

Services rendered by the Association are as follows—

1. Bedside nursing care and treatment, of any type, as ordered by the family physician.

2. Teaching members of patient's family how to care for ill member between nurses visits. Demonstration of infant and child care to young mothers.

3. Well child clinics.

4 State Public Health services. This includes checking all cases of tuberculosis and their contacts, and cases of venereal disease. This is to prevent the spread of these diseases and to see those affected receive the proper care and treatment. We also assist in obtaining aid for care of crippled children or those with other physical or mental defects.

5. Welfare work for our needy families.

Well child clinics were held in the nurse's office, at the Town Hall, on the third Wednesday of each month, except February, July and August. Dr. Thomas Conroy M. D. was the attending physician. This clinic is for all children in Kittery from infancy to schoolage. We make no charge for our services or that of the physician, only for the cost of medication. The charge is seventy-five cents for salk polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccinations. Physical examinations are free. We ask the parents to please not bring children who are acutely ill with colds or running a fever. This is a well child clinic and we must protect the well child and prevent the spread of contagious diseases. Our thanks go to the following who have given their services at these clinics—Mrs. Louise Smith R. N., Mrs. Dorothy Fitzpatrick, Mrs. Avis Tarling, Mrs. Lottie Riley, Mrs. Sylvia Goldstein, Mrs. Louise Sousa, Mrs. Halle Nau, Mrs. Harriette Spinney, Mrs. Gertrude Wood, Mrs. Hannah McCloud and Mrs. Lois Robinson.

Under the supervision of Dr. Charles Kinghorn M. D., Health Officer, we made arrangements for giving Sabin Oral polio vaccine in the schools and through family clinics. These were well attended. Those who did not receive all

three types of the vaccine should obtain the type missed from their family physician. School children through the age of sixteen received the vaccine free of charge. All others including adults were asked to make a donation of twenty five cents to help with cost of medication. A total of \$954.70 was collected, this was turned over to the Town, who paid for the balance of the cost. The school nurse and two public health nurses were assisted by eleven Registered Nurses, thirty two Room Mothers and other women of the Town who all volunteered their services. Our appreciation goes to these women and a special thank you to Mr. Dan Driscoll who donated the use of the Pepperell Room and advertising space in the Newspaper.

The amount of welfare work, done through this association has increased during the past year. Forty six local families have received aid of some type. Good used clothing, food, household furnishings, medical supplies, toys, gifts and money have been received and given out where most needed.

During the holiday season, we acted as a clearing house for the organizations and citizens wishing to make donations. Arrangements were made for underprivileged children to attend Christmas parties at the Shipyard and the Lions Club. Twenty six children between the ages of five and ten attended the Shipyard party. They were transported from and back to their homes by Mr. Carl Durgin who donated the use of his school bus. Ten children between the ages of ten and thirteen attended the Lions Club party. These were transported by the Police Dept. With the assistance of Mrs. Barbara Moulton the Nurses picked out and packed toys at the Newcastle Headquarters of the Marine Reserves. These were picked up by the Public Works Dept. and delivered to eighteen families with sixty eight children.

At Thanksgiving time thirty eight families received special dinners. The Legion Auxiliary put out eleven of these. With donations from local organizations, the Wildes fund and individuals we were able to do the rest. A total of \$156.25 was received for this purpose. At Christmas forty two families received baskets, nine of these were taken care of by the Salvation Army of Portsmouth. We received many donations of money, canned goods and other food to make up the rest. A total of \$275.45 was received. Special mention should be made of the fine work done

by the Students of Traip Academy. They collected and delivered to us about 250 pounds of canned goods.

Our deep appreciation goes to the following for contributions and assistance—The Legion Auxiliary, Demolay Boys, Sunday Schools of the First Christian, Methodist and Baptist Churches, Evening Guild and Ladies Aid of the Methodist Church, Pilgrims Fellowship and Womens Fellowship of the Kittery Point Congregational Church, Piscataqua Chapter No. 90 O. E. S., several Troops of the Boy Scouts, Girl Scouts, Brownies and Cubs, Student Council and Future Homemakers of Traip Academy, Rooms 1A and 3A of the Austin School, a Grade six and eight homeroom at Frisbee School, St. Raphael's Church, Riverside Womens Club, Police Dept., Public Works Dept. and many civic minded citizens. A special thank you goes to Mr. Fred Ahlquist and Mr. Robert Pierce for many hours of time given to deliver food baskets and toys to our needy.

Services of the nurses are available to anyone in Kittery or Kittery Point. Treatment is carried out under the direction of the family physician. A fee of \$2.00 is charged up to the first hour and 50¢ for each additional fifteen minutes if the family is financially able to pay. Part pay or free service is given when necessary. No call is refused and the same service is given regardless of ability to pay. The nurses are on duty Monday through Friday from 8 A. M. to 5 P. M. Only emergency calls are taken on weekends and holidays. Calls are received at the Nurses Office 8 to 9 A. M., or by calling Coles Drug Store Tel. 439-0607.

On behalf of the Board of Directors, Mrs. Francis Orr R. N. and myself I wish to express our appreciation to all that have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,
Esther H. Linscott R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Kittery:

This report will be confined to explanation and discussion of the need for more elementary school classrooms and to a short explanation of the increase recommended in the school budget.

The last annual report presented a general outline of the school program. To get a good look at more of the whole school picture, it will help to refer to the reports of previous years. The business of schools, the education of children, is a continuing process. Enrollments change, programs are changed from time to time with changing conditions. Some costs have gone up (teachers' salaries) and some costs have gone down (fire insurance) and old plans are changed and new plans made as new problems appear.

We are facing a need for more elementary school classrooms for pupils who are now in school. Last year's report summarized the situation as it looked at that time and it was pointed out there that an increase in our elementary fall enrollment in 1963 would be a clear warning that further building should be started.

A special report, under date of April 9, 1963, was made to the Superintending School Committee by the Superintendent of Schools about enrollment, the apparent enrollment trend, and the need for classroom facilities to adequately care for the instruction of pupils. Inasmuch as this special report was not printed and circulated to all of the townspeople and inasmuch as a great part of it now applies quite directly to the situation at hand, some of it will be repeated here.

Enrollment figures in elementary schools in the fall of 1961, for the first time in many years, were below the figures for the preceding fall. This fact led to the question of whether elementary school enrollments had passed a peak and would stabilize or recede from the high figure of the fall of 1960. Consequently, it was thought best to wait and see before recommending more school construction.

The 1962 fall enrollment surpassed the 1961 fall enrollment and nearly equaled the figures for the fall of 1960. **Enrollment in elementary grades has continued to increase since September, 1962.** Comparison of enrollments in January of each year, taken from the figures in the annual

reports, indicates that enrollment increases are continuing and that the drop-off in the fall of 1961 had no significant bearing on the upward trend.

A summary of January enrollment figures since 1961 is attached to this report.

The State Department of Education of Maine was invited to make a survey of Kittery schools in the spring of 1963 and several people from that department spent several days visiting schools and classrooms, evaluating the educational program from junior primary through grade twelve, and observing teachers and students at work. Copies of the report of this State Department Committee, which was received in the fall of 1963, were widely distributed and were reported on by the newspapers.

The State Department report was made up of forty-six pages of 1) observations, 2) commendations, and 3) recommendations for improvements. It was studied at length by school officials and teachers and it was our general conclusion that the recommendations were fair. Many of them have been acted upon. There were, however, recommendations that could not be acted upon without more schoolroom space and the report stated that "The major recommendation of the survey committee is that the superintendent of schools and the school committee take whatever steps are necessary to develop a long-range plan that will provide adequate facilities for an expanding school population, and establish a time table for eliminating the older buildings that are rapidly becoming obsolete. This plan should be developed after a careful study by a local committee, with the help of a competent consultant".

After studying the state report, and comparing its recommendations concerning need for school rooms and replacement of old buildings with the findings reported in the studies of the Town Planning Committee, the School Committee employed a school consultant who worked with Dr. Keith L. Crockett, Executive Director of the Division of Field Services of the State Department of Education, to study enrollment figures over a period of several years, prepare estimates of the number of pupils to be educated in the years ahead and present and discuss the educational and financial advantages and disadvantages of different possible ways of meeting the needs of the children to be educated.

Largely because it was known that the State of Maine would provide forty-nine per cent of the cost of all school building if Kittery were to form a School Administrative District with Eliot and because a large high school, which would be required in a District, has many educational advantages, the Superintending School Committee of Kittery and the Joint Committee for the Robert W. Traip Academy felt that the district idea should be looked into to see if our Kittery school building problems might be better and more economically solved if the two towns were to combine in a district. Consequently, after discussing the matter with the school officials of Eliot, the Superintending School Committee of Kittery and the Joint Committee for the Academy instructed the consultants to study as much of the Eliot school situation as might be necessary to show the advantages and disadvantages that might result for Kittery if a district were formed. It was felt that Kittery people would rightly expect and want to know that any possibilities of savings to the town or improvement in educational opportunities were being investigated.

The report on district possibilities had enough favorable aspects to lead the Kittery Committee to meet again with the Eliot Committee but the Eliot Committee decided to apply for a district with South Berwick and further discussion of a Kittery-Eliot District was dropped.

The survey, study and discussions reported in the preceding paragraphs and discussions with Kittery town officials were not concluded until January of this present year. After that, the Superintending School Committee looked into the possibility of acquiring Legion Hall in Admiralty Village for school use but, just as this report is about to go to press, it has been learned that the price being asked, plus the estimated cost of renovation to meet present school building standards, would probably amount to almost as much as new construction.

The foregoing tells, in outline form, of the work that has been done up to now, February, 1964, in surveying our schools and studying needs with a view to finding the best answers to school problems. It is too late to prepare articles for the Warrant for the coming town meeting but it is anticipated that a Special Town Meeting will be requested at a later date to act on questions of new construction and employment of additional teachers.

Heretofore in Kittery, plans for building have been made when pupil-teacher ratios exceeded 25-1 in primary grades and 30-1 in middle grades. On the basis of present figures and on the basis of policy which has been followed for a number of years, our actual need for elementary classrooms and teachers below grade seven for the fall of 1964 will be:

Two more classrooms and teachers for grade two pupils,
One more classroom and teacher for grade four pupils,
and

Two more classrooms and teachers for grade five pupils.

In junior high grades, seven and eight, which are departmentalized, our class sizes should be kept to not more than 25-1. To do this would require one more teacher and classroom for grade seven and one more teacher for grade eight. One more classroom and teacher will be needed if we are to start using our library as a library and stop using it as a classroom.

If new construction is not undertaken, there will be a choice of continuing excessively large classes or turning the Frisbee gymnasium and the Shapleigh all-purpose room into classrooms to partially relieve the situation.

The needs for classrooms and teachers that are emphasized here are the NEEDS OF LIVE CHILDREN WHO ARE ACTUALLY IN SCHOOL NOW AND MAY REASONABLY BE EXPECTED TO BE IN SCHOOL THIS COMING FALL. The need for more rooms and teachers is not based on projection or prediction of enrollment in future years. The children are here now and their lives are the ones that will be most affected by what is done or is not done to help them now.

It would not be right to conclude this report on what we need to do just to keep from falling behind without pointing out that education generally across America is moving forward and we must move forward, too, if our children are to maintain their same relative positions in competition for college admission, for admission to other advanced schools and for jobs requiring education.

The formal education of a child begins with his first year in school and the achievement of any year is based upon the achievement of the years before. Achievement in college is based upon achievement in high school and high school achievement is based upon elementary educa-

tion. Just as the college cannot be expected to do much for a student with a poor high school background, the high school itself cannot be expected to do very much for a student with poor elementary school preparation.

The fundamental requirements in any system of education are a pupil, a teacher and a place for them to meet. This report, up to this point, has outlined our situation where classrooms are needed. The matter of teacher supply and demand is our second subject of concern and this brings us to look at the school budget for 1964.

The increase in the budget is mainly for the purpose of raising teachers' salaries and the salaries of other school personnel.

The Superintending School Committee and the Joint Committee appointed a subcommittee to meet with a committee of teachers and the result of the meeting was agreement upon salary levels in line with those of nearby communities.

It is generally accepted that teaching itself is of utmost importance. Education of a good quality is best assured in properly maintained classrooms that are staffed with quality teachers. Being able to attract and retain qualified teaching personnel is necessary to the maintenance of any acceptable school program.

Respectfully submitted,

Charles Puffer

Superintendent of Schools

**REPORT OF THE PRINCIPAL
ROBERT W. TRAIPI ACADEMY**

FROM: Stanford I. Trask, Principal of Robert W. Traip Academy

TO: Joint Committee for Robert W. Traip Academy

The following constitutes my seventh annual report. This report will follow the same form as previous reports and cover the following areas: Staff, Student Body, Academic Program, Plant and Accreditation.

We opened the 1963-64 school year with seven new full time staff members and two part time music teachers. We were not able to fill the driver education position. None of these positions were new but were created as a results of teachers leaving the system. If this large turn-over happened once every five or six years it would not be significant but on September 1, 1962 we added eight full time teachers, two part time music teachers and again we were not able to fill the full time driver education position. On September 1, 1961 we added nine full time teachers plus one part time music teacher and on September 1, 1960 six full time teachers entered our system. It is true that any staff whether it be schools or private industry needs some new personnel; it is also true that a staff can not operate at maximum production if each year it must train up to twenty percent of its personnel. The product is what suffers and in schools the product is the students. The new salary schedule adopted by the Joint Committee will help us retain our teachers but, as you know, this salary schedule only brings us even with our adjoining communities and it does not give us any salary advantages. Housing presents another problem when interviewing prospective teachers as good rents are not only scarce but expensive in Kittery.

There is one key position, that of Guidance Director, at Robert W. Traip Academy that has been filled four times in my six and one half years as Principal. I sincerely hope for the students' sake that it will not be necessary to fill this position four times in the next six and one half years. Other positions which I consider very important have remained stable — Assistant Principal, Departments Heads and Librarian. These individuals should receive much of the credit for the academic progress the Academy has made during the past six years. I would be remiss if I did not give the present staff a strong vote of confidence.

On September 3, 1963 we had an enrollment of 582 students which is an increase of 37 over September 6, 1962 and we did not request any additional staff to handle this increase. At the present time we are scheduled to graduate 100 students in June and the current eighth grade

enrollment is 153. We will not necessarily increase by 53 which is the difference between those who should graduate and those who might enter but you can see we will increase about 30 and this number will require the addition of two more teachers.

The student enrollment is at an all-time high again this year with an enrollment of 575 on January 17th as compared to 547 last year on the same date. Listed below is a summary of the student body from September 9, 1963 to January 17, 1964:

Total Enrollment 1-17-63	Boys	Girls	Total
Post Graduate	1	0	1
Seniors	43	56	99
Juniors	76	60	136
Sophomores	83	84	167
Freshmen	82	90	172
<hr/>			
Total	285	290	575

The secondary curriculum of today and for the future must be improved and it must meet three basic needs of the youth of today. First, it must help each student better prepare himself to offer employers some salable skills. In 1962 the rate of unemployment for ages 16-21 was 14 percent and for school drop outs it was twice this figure. The continued disappearance of unskilled jobs will increase these percentages and the increased number of people in the age range of 16 - 21 will also increase this percentage. I do not advocate vocational secondary schools but I do advocate more post secondary vocational schools. The secondary schools must offer a higher quality education for this age range or society will have to support these individuals and their families by relief. It is apparent then that better education is the only solution to this social and economic problem.

We will attempt to offer a school-work program for some students starting next fall. This program can serve two purposes; first, it can help keep our drop out percentage at its present low rate and second, it can equip some boys who do not show a high academic interest with more salable skills.

The second need of youth today is a better basic education. The single most important subject taught is reading. Therefore, a student's achievement in other subjects is directly related to his proficiency in reading. Once a person could learn a trade and it would not change during the life time of the craftsman but this is no longer true. Now the number of positions that will not change from year to year are few. Consequently, we must give our

youth a good basic education including reading to enable them to change with the times. Part of the teaching schedule of one of the new staff members will be devoted to expanding our reading program which is excellent as far as it goes but it is not extensive enough to benefit all students.

The third basic need that I will refer to here is the better use of students' leisure time. For a long time I have felt the schools have done little for all of the students in this area. A relatively small percentage of a student body participates in the extra curricular program that is offered by most good schools. One's first reaction is that there is an opportunity if they wish to take advantage of it. This is true if they have the right interest. Teachers as a general rule have corresponding interests but these interests do not always coincide with the interests of the student body. With the limited number of teaching candidates it is impossible to fill a position with an outstanding teacher who is also interested in "hot rods". I see no immediate solution to staffing our public schools with teachers who are skilled in teaching, have strong backgrounds in their teaching areas and have varying interests.

There will be some minor changes in our academic program for the school year 1964 - 65. Health will be cut back from three periods a week to two periods a week. This will not affect our accreditation. The number of minutes of shop may be changed as a result of a revision of the industrial arts standards as set down by the State Department of Education. We are thinking of an ungraded class or two which would not increase or decrease the number of teachers we will need but it will help some students that have trouble maintaining our present standards.

The only major repair job that was necessary last summer (1963) was the northwest chimney on the Main Building which was struck by lightning. This chimney was scheduled to be topped out in 1963 and the cost to the school was \$1000 instead of the expected cost of \$500. The remaining repairs would be considered routine such as painting, replacing window cords, sanding desks, etc.

We purchased and installed a DuKane foreign language laboratory. It is a four channel system that can be expanded to an eight channel system when or if the demand requires it. The laboratory consists of twenty-four student stations, twenty of which are listen and respond and the remaining four are listen, respond and record. This laboratory was placed in the back half of the room located in the northeast corner of the Wildes Building. This room was large enough to hold the laboratory and still accommodate

classes of twenty five students. Alterations to the room were kept to a minimum and if in the future it seems desirable to change the location of the laboratory, this room can easily be restored to its full size with little if any visual evidence that it served a dual purpose.

Last summer we renovated the guidance area making offices for both members of our guidance staff. Previously, one member was located on the second floor of the Main Building and the guidance office is located on the second floor of the Cook Building. This was very undesirable because it is not practical to keep more than one set of student records and they are housed in the guidance office.

The installation of an intercommunication system has proven to be very advantageous to the administration, teachers and office girls. We also installed a hot water heating unit to the Main Building boiler that is very inexpensive to operate and allows us to turn off the oil burner during the summer.

There is only one major or expensive plant change scheduled for this summer (1964) and this change will pay for itself in five or six years. At the present time the electric current used by the Main, Swett and Cook buildings is metered by one meter and the current used by the Wildes Building is metered by another. By changing the wiring so that the full complex is metered at one point the rate will decrease, this will reduce the monthly cost of electricity.

In the near future I feel some work should be done on the gymnasium. The most important problem is the lighting. Lighting standards from homes to industry have increased the footcandles for both work and play. The school complex except in the gym is not under twenty-five footcandles and the gym does not rate over ten footcandles.

On July 1, 1960, Robert W. Traip Academy was one of the original secondary schools to be accredited by the State Board of Education. The Academy was accredited for a period of five years and to remain an accredited school it must be reevaluated. A committee will visit the school the first of November 1964 for the purpose of reevaluation. This will give us until July 1, 1965 to make any adjustments that might be necessary to maintain our accredited standing.

To make the original list of accredited secondary schools it was necessary to make a fairly large financial expenditure. It was necessary to change lighting, retread some stairs, and add many books to the library. The standards have changed some in the last five years but I feel fairly certain that there will be little if any additional financial expenditure for the school to be accredited for at least another five years.

I would like to express my appreciation to the Town of Kittery, the Board of Trustees and the Joint Committee for their fine cooperation and extend my sincere thanks to Mr. Puffer for his excellent cooperation and professional leadership. It continues to be a real pleasure to serve the student and citizens of Kittery.

Report of the Budget and Finance Committee for 1963

To the Citizens of the Town of Kittery:

This report contains all requests for expenditures for the year 1964 which have come to our attention as of February 3, 1964. The year that ended on December 31, 1963 was the first year during which town records were kept in terms of the budget presentation system adopted early in 1963. Although there are still a few minor problems to be resolved, this system has already been helpful to some of the departments in conforming to their 1963 budgets and in the preparation of their 1964 budgets. The availability of the past year's records in this form as printed in the town clerk's report elsewhere in this book, is of great value to the Budget Committee in its analysis of proposed new budgets and it is hoped that the average taxpayer will find these reports of value as he considers his votes on new appropriations.

During the summer and fall of 1963, the Budget Committee made field trips to inspect the facilities and equipment of all town departments. The department heads spent many extra hours showing us around and talking with us about their special problems and we wish to express our appreciation for their excellent cooperation.

The Budget Committee wishes to emphasize again the importance of early submission of all budget requests and most particularly special articles involving large expenditures. When it is considered that decisions on budget recommendations must be made by approximately February 1st, it can be seen that receipt of a number of requests for money on and even after January 15th make careful study virtually impossible. The conditions that motivate the petitioners have usually existed for some time and submission of their requests two or three months ahead of time would result in a better chance of approval. For example, a proposed road construction or repair project cannot be examined very closely by Budget Committee members, the Selectmen or the Planning Board while it lies under a blanket of snow and ice. If the petition for such a project were submitted in the late summer or early fall, it might be possible for the Selectmen to include the

project in their advanced planning of public works projects for the following year.

The following is a discussion of Warrant articles disapproved.

Article 13. The request for two additional street lights on Mendum Avenue is not recommended because upon inspection the committee feels that the existing number of lights on this street would be sufficient if properly relocated. We strongly recommend that a survey of the present distribution of street lighting throughout the town be undertaken by an appropriate body of town officials or an appointed committee and that recommendations be developed regarding any relocation or additions that may be necessary to insure uniform lighting.

Article 15. Professional Reassessment \$7000

Disapproval of this article has been recommended for essentially the same reasons cited against an identical article presented last year. It is our belief that a reassessment of Kittery at a cost of only \$7000.00 would not constitute professional reassessment. It is also our understanding that the selectmen who must administer the article if passed do not believe the sum sufficient to accomplish the intended purpose.

Article 20 Widening Tilton Avenue \$3000.00

It is recommended that this project be deferred pending a detailed study by the Planning Board. The requested sum of \$3000.00 was supplied by the Selectmen but did not provide for all the work requested by the article.

Article 21 New Public Works Truck \$4000.00

Based on the fact that the Public Works Department has three relatively new large trucks and a new small truck we consider another new truck less essential than a new grader. It is recommended that replacement of the old truck be deferred pending establishment of an orderly truck replacement schedule. The department has only one grader and it is suitable for only very light duty. This grader is entirely inadequate for the present requirements of necessary road maintenance service and should be traded as soon as possible.

Article 32 Bus service to High School \$16,000.00

After reviewing this proposal the Budget Committee agrees that some form of public transportation should be made available to high school students living in some of the more distant areas. We recommend however that this article be disapproved pending further study by the school committee for the following reasons:

1. The \$16,000.00 requested would cover only one year's operational expense for the three buses required. These buses do not yet exist in the hands of any of the present bus contractors and no money has been proposed for purchase of buses by the town. The bus operators cannot afford to purchase the necessary buses without a contract for a term of five or more years and the School Committee cannot legally let a bus contract for a five year period.
2. There is no indication as yet that the bus service would be fully utilized by the students. It is believed that for reasons of convenience many of the students would continue to use their own cars or would be transported by parents.

Operating budgets of various departments have been cut by varying amounts after studying the nature of increases requested and comparing next year's plans with last year's performance. We believe recommended appropriations are sufficient to allow salary increases where requested and to permit improved performance as well.

Respectfully submitted,

Ernest C. Maby, Chairman
Donald P. Coates, Secretary
Ralph A. Rainier

Warrant for Annual Town Meeting
AND RECOMMENDATIONS OF THE BUDGET
AND FINANCE COMMITTEE

State of Maine

York ss

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the voters of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 7th day of March, A. D., 1964 at eight o'clock in the forenoon then and there to act on Articles numbered 1, 2, 3, and 4 and to notify and warn said voters to meet at the Traip Academy Auditorium, in said Town, on Saturday, the 14th day of March, A. D., 1964 at 11 o'clock in the forenoon then and there to act on articles number 5 through 50, all of said articles being set out below, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectmen, Assessors and Overseers of the Poor, Treasurer, School Committee, Budget Committee, Trustee Mary Safford Wildes Trust and all other necessary town officers.

THIRD: Shall the act to provide for a Civil Service Commission for the Town of Kittery, passed by the 101st Legislature, be accepted?

The Civil Service Commission as set up by this act applies only to the Police Department.

FOURTH: To see if the Town will vote pursuant to Chapter 90-A, Section 41, of the Revised Statutes of Maine (1957), as amended, to adopt the town manager form of government and direct the Selectmen elected at the annual Town Meeting for the year 1965, to employ a town manager as soon as possible. The foregoing upon the petition of Frederic L. Andrews and 314 others.

The polls for voting on Articles 2, 3 and 4 will open at eight o'clock in the forenoon and will close at five o'clock in the afternoon.

To see if the Town will vote to adopt Robert's Rules of Order revised as a parliamentary guide in the conduct of the town meeting effective immediately. The foregoing on the petition of Donald E. Lamont and 10 others.

FIFTH: To see if the Town will vote to raise and appropriate the sum of \$293,469.00 for General Operating Expenses

Budget Committee recommends \$293,000.00.

SIXTH: To see if the town will vote to raise and appropriate the sum of \$1,006.00 and empower the Selectmen to enter in contract with the proper Federal and State Agencies for planning purposes as recommended by the Town Planning Board.

Budget Committee recommends \$1,006.00.

SEVENTH: To see if the town will vote to raise and appropriate the sum of \$695.00 for the Port Authority.

Budget Committee recommends \$695.00.

EIGHTH: To see if the town will vote to raise and appropriate the sum of \$2,443.00 for the maintenance of town wharves.

Budget Committee recommends \$2,443.00.

NINTH: To see if the town will vote to raise and appropriate the sum of \$1,600.00 to rip-rap the down river side of the Pepperrell Cove wharf for a length of 70 feet running in an easterly direction from the pier. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$1,600.00.

TENTH: To see if the town will vote to raise and appropriate the sum of \$19,562.00 for Hydrant Rental.

Budget Committee recommends \$19,562.00.

ELEVENTH: To see if the town will vote to raise and appropriate the sum of \$15,000.00 for Street and Traffic Lights.

Budget Committee recommends \$14,874.00.

TWELFTH: To see if the town will vote to accept and maintain three street lights on poles No. 2-138-8, 2-138-6, and 2-138-1 on Dion Avenue and raise the sum of \$126.00 for the same. The foregoing on the petition of Joseph Dion and 13 others.

Budget Committee recommends \$126.00.

THIRTEENTH: To see if the town will vote to install two street lights on Mendum Avenue on poles number 2-56-2-R and 2-68-19 and raise the sum

of \$47.00 for the same. The foregoing on the petition of John W. Smart and 12 others.

Dissapproved by Budget Committee. Reason for disapproval in Budget Committee's report on page 63A.

FOURTEENTH: To see if the town will vote to install one street light on Lawrence Lane on pole number 2-21-3 and raise the sum of \$23.50 for the same. The foregoing on the petition of W. A. Peirce and 9 others. .

Budget Committee recommends \$23.50.

FIFTEENTH: To see if the town will vote to conduct and complete a professional reappraisal of all taxable property of Kittery in one year and to raise a sum not to exceed \$7,000.00 for the same. The foregoing upon the petition of D. O. Seaward and 11 others.

Disapproved by Budget Committee. Reason for disapproval in Budget Committee's report on page 63A.

SIXTEENTH: To see if the town will vote to raise and appropriate the sum of \$117,128.52 for Public Works.

Budget Committee recommends \$105,000.00.

SEVENTEENTH: To see if the town will vote to raise and appropriate the sum of \$3,464.00 for State Aid Roads.

Budget Committee recommends \$3,464.00.

EIGHTEENTH: To see if the town will vote to raise and appropriate the sum of \$10,000.00 for Mulching Roads.

Budget Committee recommends \$10,000.00.

NINETEENTH: To see if the town will vote to raise and appropriate the sum of \$1,500.00 for widening and improving a section of Love Lane, said location extending from the Rogers Road for a distance of approximately 500 feet.

Budget Committee recommends \$1,500.00.

TWENTIETH: To see if the town will vote to widen the entire length of Tilton Avenue to its full thirty-three (33) foot width and to provide adequate drains to overcome the existing drainage problem the full length of the avenue and to raise and appropriate \$3,000.00 for the same. The foregoing on the petition of George Millett and 23 others.

Disapproved by the Budget Committee. Reason for disapproval in Budget Committee's report on page 63A.

TWENTY-FIRST: To see if the town will vote to raise and appropriate the sum of \$4,000.00 for the purchase of a dump truck. This article to be designated as a Capital Improvement Item.

Disapproved by the Budget Committee. Reason for disapproval in Budget Committee's report on page 63A.

TWENTY-SECOND: To see if the town will vote to raise and appropriate the sum of \$5,000.00 for the purchase of a new grader. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$5,000.00.

TWENTY-THIRD: To see if the town will vote to accept the report of the Selectmen on Rosellyn Drive.

TWENTY-FOURTH: To see if the town will vote to have the Public Works Department plow Smith Lane in Kittery Point the same as is being done on other private roads in the town for fire and police protection. The foregoing on the petition of Daniel F. Driscoll and 10 others.

TWENTY-FIFTH: To see if the town will vote to raise and appropriate the sum of \$15,851.45 for the maintenance of Fire Departments.

Budget Committee recommends \$15,650.00.

TWENTY-SIXTH: To see if the town will vote to raise and appropriate the sum of \$61,548.95 for the maintenance of the Police Department including the Central Office.

Budget Committee recommends \$60,500.00.

TWENTY-SEVENTH: To see if the town will vote to raise and appropriate the sum of \$2,000.00 to trade in the 1962 Police Cruiser and purchase a new Police Cruiser for the Police Department. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$2,000.00.

TWENTY-EIGHTH: To see if the town will vote to cover its policemen under the Social Security Plan in accordance with the provision of Chapter 65 of the Revised Statutes of 1954.

TWENTY-NINTH: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of Robert W. Traip Academy for the tuition of its pupils in accordance with the provisions of Section 105, Chapter 41 of the Revised Statutes of 1954, or any amendments thereto.

THIRTIETH: To see if the town will vote to raise and appropriate the sum of \$159,137.00 to provide for a Free High School.

Budget Committee recommends \$155,000.00.

THIRTY-FIRST: To see if the town will vote to authorize the Superintending School Committee to add to the Free High School account, not more than thirty per cent of any income or subsidy received from State or federal sources for the operation of the general school program.

THIRTY-SECOND: To see if the town will vote to raise and appropriate the sum of \$16,000.00 for the operation of buses to transport students, living in the areas which have been determined by members of the school board, to and from Traip Academy. It is estimated by the school department that \$16,000.00 is an adequate sum to transport the 242 students now living in these outlying areas. The foregoing on the petition of Mrs. Walter Graffam and 101 others.

Disapproved by the Budget Committee. Reason for disapproval in the Budget Committee's report on page 64A.

THIRTY-THIRD: To see if the town will vote to raise and appropriate the sum of \$220,537.00 for Elementary School operating Expenses.

Budget Committee recommends \$219,000.00.

THIRTY-FOURTH: To see if the town will vote to raise and appropriate the sum of \$6,275.00 for the replacement of the existing boiler at Wentworth Dennett School with an oil-fired boiler. This article to be designated as a Capital Improvement Item.

Budget Committee recommends \$6,275.00.

THIRTY-FIFTH: To see if the town will raise and appropriate the sum of \$21,500.00 for Health and Welfare Expenses.

Budget Committee recommends \$21,500.00.

THIRTY-SIXTH: To see if the town will raise and appropriate the sum of \$8,380.00 for Parks and Recreation Operating Expenses.

Budget Committee recommends \$8,000.00.

THIRTY-SEVENTH: To see if the town will vote to raise and appropriate the sum of \$1,000.00 for the Swimming Instruction Program.

Budget Committee recommends \$1,000.00.

THIRTY-EIGHTH: To see if the town will vote to raise and appropriate the sum of \$500.00 for Civil Defense.

Budget Committee recommends \$500.00.

THIRTY-NINTH: To see if the town will vote to raise and appropriate the sum of \$325.00 to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

Budget Committee recommends \$325.00.

FORTIETH: To see if the town will vote to raise and appropriate the sum of \$1,000.00 for the purpose of spraying for Gypsy Moths and for spraying to destroy bushes along the town ways.

Budget Committee recommends \$1,000.00.

FORTY-FIRST: To see if the town will vote to raise and appropriate the sum of \$3,000.00 for the control of the Dutch Elm Disease.

Budget Committee recommends \$3,000.00.

FORTY-SECOND: To see if the town will vote to raise and appropriate the sum of \$300.00 for care of Veterans Graves.

Budget Committee recommends \$300.00.

FORTY-THIRD: To see if the town will vote to raise and appropriate the sum of \$400.00 for the observance of Patriotic Days under the jurisdiction of the Veterans Council.

Budget Committee recommends \$400.00.

FORTY-FOURTH: To see if the town will vote to accept Public Law 560, 83rd Congress, as amended, and that the Board of Selectmen be authorized to enter into negotiations with the Administrator of Housing and Home Finance to apply for Federal Funds in the amount of \$57,000.00 and that the Board of Selectmen be authorized to expend the same for surveys, construction plans and specifications, with estimates of cost for constructing a sewerage system in all its various phases with the understanding that the town will reimburse the Federal Government for that part of the cost of the surveys, construction plans and specifications allocated to a particular sewer project if, and when, the particular sewer project is subsequently voted by the town, said engineering work to be done by an engineer approved by the Administrator, and that the town authorize the Selectmen and Treasurer to accept a planning advance from the United States Government under the terms of Public Law 560, as amended, for the purpose of making said survey for the construction plans and specifications for the Town of Kittery or take any action relating thereto.

Approval recommended by Budget Committee.

FORTY-FIFTH: To see if the town will vote to accept a deed from Solon Frisbee and also a deed from Joseph W. P. Frost, which deeds, together, convey the title of the aforesaid parties in and to a portion of so-called Pepperrell dock area at Kittery Point, which dock lies adjacent to, and northerly and easterly of, the present town-owned wharf; said conveyance being made upon the express condition that the premises so conveyed shall be used only for public purposes perpetually.

FORTY-SIXTH: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit-claim deeds for such property.

FORTY-SEVENTH: To see if the town will vote to accept the new Cemetery Trust Funds.

FORTY-EIGHTH: To see if the town will vote to authorize the Selectmen to apply for Federal Aid and State Aid that may be available to the Town of Kittery.

FORTY-NINTH: To see if the town will vote to authorize the Selectmen and Treasurer to borrow an amount not to exceed \$1,000.00 for the purchase of any available State or Federal Surplus Equipment which the Selectmen deem advisable for the best interest of the town.

Approval recommended by the Budget Committee.

FIFTIETH: To pass any other vote or votes that legally come before said meeting.

Given under our hands this 17th day of February,
A. D. 1964.

REPORT OF THE SELECTMEN

The Selectmen in their capacity as administrators of the town affairs (exclusive of schools) desire that the townspeople be fully informed as to town affairs, the town's financial condition and the economic future of the town. Throughout 1964, the Board of Selectmen held regular meetings each Thursday evening and, in addition, the Board held a number of special meetings as well as joint meetings and conferences with the Several Town Officers, boards and committees. As usual the Board represented the town in its dealings with various Federal, State and County officials.

They have also kept themselves informed to protect the town's interests in regard to legislative bills.

In their capacity as Overseers of the Poor the Selectmen have the responsibility for administering many different public assistance programs, namely General Relief, Medical Assistance Nursing Home Care for the Aged and Unemployment Relief.

The increased number of cases handled together with the ever increasing amount of detail attendant paper work necessary to obtain Federal and State assistance in this program make this one of our time consuming responsibilities.

On the 28th day of September, 1964 a Special Town Meeting was held and the following articles were voted:

To authorize the Selectmen to negotiate with the District Public Works Officer of the First Naval District, United States Navy, for an agreement covering joint use by the Government and the Town of Kittery of the proposed sewage treatment facilities to be constructed by the Town of Kittery. Such use would provide sewage disposal service at the Portsmouth Naval Shipyard. This agreement would include provisions for payment by the Government of a reasonable connection charge to the Town of Kittery for the additional facilities required to dispose of the Government sewage.

To see if the town will vote to rescind the vote on Article 44 of the Annual Town Meeting of 14th March, 1964, and to accept Public Law 560, 83rd Congress, as amended, and that the Board of Selectmen be authorized to enter into negotiations with the Administrator of Housing and Home Finance to apply for Federal Funds in an amount not to exceed \$81,000.00 and that the Board of Selectmen be authorized to expend the same for surveys, construction plans and specifications, with estimates of cost for constructing a sewage system in all its various phases with the understanding that the town will reimburse the Federal Government for that part of the cost of surveys, construction plans and specifications allocated to a particular sewer project if, and when the particular sewer project is subsequently voted by the town, said engineering work to be done by an engineer approved by the Administrator, and that the town authorize the Selectmen and Treasurer to accept a planning advance from the United States Government under the terms of Public Law 560, as amended, for the purpose of making said survey for the construction plans and specifications for the Town of Kittery or take any action relating thereto.

With the announced "Phase-Out" of the shipyard the Federal Housing and Home Finance Agency held up the town's application for planning funds until assurance was received from the Dept. of Defense that the plans for the shipyard's sewerage system would not be cancelled.

After several conferences with and letters to Dept. of Defense officials, we were officially informed that the Navy intended to complete their project. The advantage to the town of the Navy's participation in the Joint Sewerage Project will be on the maintenance costs which will be pro-rated by actual (gallon per day) use. Even if the shipyard has a total "Phase-Out" it is doubtful if the Naval Hospital, Retraining Command and Marine Barracks would be closed.

Legislative Document No. 324, an Act to incorporate the Kittery Sewer District was presented to the 102 Legislature by our State Representative, Mr. Lester Avery.

ANNUAL TOWN REPORT

7

This Act shall take effect 90 days after adjournment of the Legislature only for the purpose of permitting its submission to the legal voters within said district, voted by ballot at an election to be specially called and held for this purpose within 60 days of the effect of this Act.

This Act as presented is a revision of a similar act passed by the Legislature in 1952, but no action was taken thereon by the town.

It is the opinion of the Board of Selectmen that several changes should be made to the proposed act and they are consulting with legal and engineering counsel to determine the changes necessary for the best interests of the town.

Also in connection with the "Phasing-Out" of the shipyard, The York County Regional Development Committee, The Seacoast Regional Committee and The Armed Services Committee have been extremely active in a united effort to protect the economy of the area and to interest industrial enterprises to locate in the area.

The Board of Selectmen have appointed Mr. Frederick S. Perry as the town's Planning Advisor. In this capacity Mr. Perry will attend courses in "Regional Development and Planning" to be held at the University of New Hampshire and serve as the town's official representative to the Seacoast Regional Committee.

Kittery is represented on the York County Development Committee by Mr. Harley Remick of the Planning Board and Mr. Frank Kauffman represents the Board of Selectmen on the governing board of the Armed Services Committee.

In January of this year the Town Clerk's office was flooded and extensive damage was caused due to a frozen water pipe. The total repairs required amount to approximately \$3,000.00. Although the damage was partially covered by insurance the poor condition of the building make repairs necessary beyond the actual damage.

As stated in previous Town Reports, the need for a new Town Office Building increases each year.

In accordance with the affirmative vote of the townspeople at the 1964 Town Meeting on Article 3 which established a Civil Service Commission for the Town of Kittery (which applies only to the Police Dept.), the Selectmen appointed the following persons as members of this Commission: Mr. Horace Billings for 3 years, Mr. Natt Hubbard for 2 years and Mr. Theodore Weaver for 1 year. This Commission has been very active throughout the past year in working with the Police Dept. and recommending several policy changes to the Selectmen.

The Commissioner of Public Works has administered his department in accordance with the policies set forth by the Board of Selectmen.

Approximately two miles of highways were included in the "Mulching Program" during 1964 and has proven to be a successful project. It is hoped that this program will receive the voters' support in future years.

The entrances to the Bond and Bowen Roads were widened eliminating two traffic hazards.

The Board of Selectmen wish to thank Mr. Robert Clark for his cooperation in giving the town the necessary land needed for widening the Bowen Road entrance.

Mr. Stevens, our Commissioner of Public Works, has tried to perform the many requests for assistance received from the townspeople as far as funds and time would permit.

As other Town Departments and Committees are submitting their individual reports the Selectmen deem it unnecessary to go into detail on each department.

The Board of Selectmen have presented an article in the warrant to ask the voters to approve and appropriate funds to have a professional appraisal of all taxable property in the town. This proposal resulted from the several requests from the townspeople to have the same.

The Board is pleased to acknowledge the splendid cooperation it has continued to enjoy throughout the past year from the townspeople, various departments and committees, by their prompt and active assistance they contributed greatly to the effective work of the Board of Selectmen.

Respectfully,

FRANK R. KAUFFMAN

Certificate of Audit

February 2, 1965

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1964, as required by Chapter 91, Section 142, of the Revised Statutes of 1954.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operation for the municipal year ended December 31, 1964.

Respectfully submitted,

L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1964, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Tax Collector and Treasurer was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of Bookkeeping, and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax Collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The Trust Fund and Savings Accounts were physically verified.

Various laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Note: A complete copy of the Auditor's Report is on file in the Selectmen's office.

Treasurer's Report

To the Citizens of the Town of Kittery:

REPORT OF THE KITTERY PLANNING BOARD**1964 - 1965**

To the citizens of the Town of Kittery:

The policy of the Planning Board for the past year has been one of continued study of all projects carried over and in the pursuance of all phases of long range planning that are in existence at this time and other duties requested by your Board of Selectmen.

The board presented a Capital Improvement budget for 1964 totaling \$56,875.00 which was accepted and carried out by the townspeople at the annual Town meeting.

Another of the studies before the board was the Recreation Study by the James W. Sewall Co. In our meetings with the Sewall Co. representatives, your board concurred with their recommendations, and with the approval of the Board of Selectmen, took the next step in that procedure which was the application for State and Federal Funds to complement the Town's share. At the present writing, we are waiting for that appropriation.

Another project under consideration by the board at the present time is a Town Office study. Up to date we have under consideration sites possible, and are now checking further into all phases required for same.

Your Planning Board inaugurated the meetings with all groups in Town concerned with the High Level Bridge and again in conjunction with the Board of Selectmen a committee was formed to present the requests of the Town to the State Highway Commission for their comments and suggestions on the Bridge plans and Route No. 1 improvements.

The board sent a representative to the hearing on the Removable Span Bridge, which was approved by the Highway Commission.

The board pledged its cooperation with the School Dept. in all phases of its work in regard to long range planning for presentation to the townspeople at the Town Meeting.

The Town is still a member of the York County Development group and will continue in this work and has a proposal entered in their budget for the Town's share in any planning work being done by the committee for Industrial Development in our area.

The board discussed at length the proposal by the Kittery Garden Club for a Nature Trail at Rogers Park. In

conjunction with the School Department the board approved the project presented.

Your Planning board has inaugurated a questionnaire for all Town departments with regard to long range planning needs for all departments concerned and has high hopes for its success with the cooperation of the heads of all departments concerned.

The proposed changes in the Zoning Ordinances were drawn up to be presented to the Townspeople for their approval.

The Planning Board wishes to thank all departments and personnel for their cooperation and hope for a closer relationship with those who are planning for the upward growth and continued maintenance of the Town.

Harley B. Remick

William Nicoll

William R. Downey

Edwin J. Barker

Harry L. Collins

**REPORT OF THE KITTERY POLICE DEPARTMENT
FOR 1964**

To The Board of Selectmen:

I have the honor to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1964.

During the year of 1964 the police department received 1,474 complaints, of these 581 required investigation, 375 motor vehicle accidents were reported to the police department, of these 290 accidents required an officer to investigate and make out an accident report. 142 messages were called into the central office from all over the country to be delivered by the police department, 314 calls for assistance was requested from other departments in the town and throughout the state.

The police department has handled 485 money escort from the business people in town to the banks and during the year of 1964 the department handled 231 motor vehicle cases in court and 71 criminal cases. Involved in these cases the members of the department have taken a large collection of dangerous weapons from subjects involved such as, brass knuckles, loaded guns, knives of all types and many other dangerous weapons. While patrolling the town the men in checking business places and schools they have found 114 doors and 27 windows open and have reported it to the owners.

As in the past the Kittery Police Department has had another busy year, so let me say to the many people living in Kittery who may not know, "Your Police Department" is patrolling the roads in the town 24 hours daily, 7 days a week. A man is on duty 24 hours a day at the Central Office to answer the police and fire phones so when needed call 439-1638 for your police department and 439-2262 for your fire departments.

In conclusion may I take this opportunity both for myself and the members of the Kittery Police Department to thank the Chiefs of the Kittery and Kittery Point Fire Departments and their men for the help in the past year and also to the other departments for the help they have been to this department.

Respectfully submitted,
ALBERT V. MARTIN
Chief of Police
Kittery, Maine

REPORT OF THE FIRE DEPARTMENTS

To the citizens of the Town of Kittery:

The fire departments answered 128 calls during the year.

Kittery Department answered 99 alarms including 9 out of town calls.

3 to Portsmouth

3 to Pease Air Force Base

1 to Eliot

1 to York

1 to United States Naval Base

Four of the Alarms were calls for the resuscitator.

Kittery Point department answered 29 alarms including 2 out of town calls.

2 to York.

Three of the alarms were calls for the resuscitator.

We would like to thank the police and highway departments for their fine co-operation during the year also the town clerk and staff at the town office.

Kenneth O'Sullivan

Chief Kittery Fire Department

George D. Varney, Jr.

Chief Kittery Point Fire Department

PARK COMMISSION REPORT

Board of Selectmen

Kittery, Maine

Gentlemen:

The Kittery Park Commission submits the following report on activities for the year 1964-1965 for the information to the residents of Kittery.

Fort Foster has 5 new shelters over picnic tables for a total of 16. These shelters received extensive use this past season. The fencing on top of the fort was completed, to lessen the hazards to children. In addition to these new improvements, the usual maintainance was necessary for the grounds and buildings. New direction signs were made and installed at various main junctions. The beach was bulldozed, and brush was cleared. Attendance at the Fort Foster site has increased over previous years and should prove to be an even more popular area in years to come.

Sea Point Beach was bulldozed following the spring storms. It was again necessary to make repairs to the comfort station as vandalism prevails in this remote area. The beach and building were maintained for use by the public.

A new mercury street lamp was installed for better visibility on the Fort McClary skating pond.

Rogers Park is open to the public for picnicing. A 280 foot road was installed as a beginning for easier access within the Park.

A permanent Christmas Tree was planted in John Paul Jones Park for the annual lighting decorations.

The Commission wishes to express its appreciation to all those who assisted in making this year's work successful.

Respectfully submitted,
Charles Reardon, Chairman
Mrs. Alice Seaward
Harold Durgin
Leon French
Walter Martin

REPORT OF THE KITTERY RECREATION ASSOCIATION

January 29, 1965

To the Citizens of Kittery:

The free swimming instruction program has completed its fourth year of operation and is still going strong. This year 345 children enrolled in the program and 144 were presented Red Cross Swimming Certificates. Red Cross Life Saving courses were also offered; 10 received their Junior Certificates and 10 their Senior Certificates. Adult swimming instruction was given evenings; Scouts had use of the pool and were also tested by the instructor for the Swimmers Proficiency Badge.

A permanent equipment house was erected over the pump house by the members of the association using funds contributed by individuals for this purpose, at a cost of \$281.69. The pool is scraped and painted each year by the members of the association and volunteer help.

At the associations's annual meeting in January it was voted to purchase a spare pump and motor in case of breakdown so that the program would not have to be curtailed while repairs were made.

We wish to thank Miss Sue Weaver, the instructor, for the fine work she has done since the program was started. This year several young people have helped her with the more than one hundred children instructed every day. Thanks go to many others in our town who have helped to make this program most successful.

Respectfully submitted,

L. Charles Chase, President	Jeannette Mitchell
Roger Raymond	Real Caron
Vera Shaw	Frances Lamont
Cassandra Lutts	David Deshon
Frederick Soucy	Robert Johnson
William Hurley	Earl Bickmore
Victor Meteyer	

REPORT OF THE KITTERY PORT AUTHORITY TO THE CITIZENS OF KITTERY

Appreciation is extended to the Selectmen, the heads of all departments in the Kittery Municipal Organization and particularly the Commissioner of Public Works for their excellent cooperation and assistance during the past year. The citizens of Kittery have been most cooperative with the rules, regulations, projects and plans of this department.

The members of the Authority have worked diligently toward serving the town. Special mention is made of the continuous fine and difficult work performed by Mr. Frank Frisbee. He has been the so-called Works Engineer and has performed these duties in a manner that has resulted in savings for the town and an improved public facility at Pepperrell Cove that is a credit to the town. Citizens are urged to inspect the new sea wall, additional paving, and dock wall accomplished by the 1964 program.

There are no major projects proposed by the Authority this year except for one capital improvement item amounting to \$4,300, which is submitted for approval of the citizens. This is to reconstruct a portion of the Pepperrell Cove wharf that is now in dangerous condition, in order that it will provide a safer, more practical and more permanent facility. Other budget items which will be held to a minimum cost cover the usual operating and maintenance expenses.

A year ago it was felt that the town must take positive action concerning the future of the Kittery and Fort Foster wharves. The factors that prompted the recommendation that action on these wharves be delayed last year have not changed materially. It is therefore recommended that action on these facilities be held in abeyance until developments indicate some action will benefit the town.

Since the establishment of the State of Maine Bureau of Watercraft Registration and Safety and the promulgation of their safety regulations, there has been no need to mark speed limit areas on the waters in the town. Power boat speed must be reasonable, based on consideration of proximity of boats, wake produced, tidal current. Therefore, the project of setting out speed limit signs was not carried out.

This department is continuing its participation in area economic development endeavors. Also thought and consideration is given to any projects that might enhance the usefulness of the waterfront facilities in the Town of Kittery.

The goals for 1965 are the same as those stated for 1964, i.e. in addition to economical operation and maintenance of town waterfront property and facilities, the authority will study, plan and propose projects which could make appropriate contributions to the economic welfare of this town. Included in this will be any possible appropriate exploitation of the extensive Piscataqua River dredging project now under way.

Meetings are held at the Kittery Municipal Offices on Thursday nights (7:30 P. M.). Information on which Thursdays may be obtained from the Chairman. We solicit public opinion and cooperation in our endeavors.

Respectfully submitted,

E. C. TAYLOR, Chairman
F. C. FRISBEE, Vice-Chairman
F. S. BROWN, Secretary
E. G. POLLAK
R. S. MOULTON
L. W. PARADY, JR.
H. B. REMICK

REPORT OF THE HEALTH OFFICER

Board of Selectmen

Kittery, Maine

I hereby submit my report as Health Officer for the Town of Kittery for the year 1964.

The following contagious diseases were reported.

Chicken Pox	15
Measles	5
Mumps	20
Impetigo	2
Ivy Poisoning	6
Mononucleosis	2
Strep. Throat	6

There were many more not reported.

A large number of school slips made out mostly outside of office hours.

The freshman class at Traip Academy was examined by Dr. Taylor and myself.

All sanitary complaints were promptly taken care of.

All the Doctors in town were very helpful in a very successful diabetic week.

Respectfully submitted,

C. W. Kinghorn, M. D.

Health Officer

Town of Kittery

REPORT OF
THE KITTEERY PUBLIC HEALTH ASSOCIATION
FOR 1964

Total visits for the year	3639
For bedside care and treatment	2689
Preschool health visits	257
Schoolage health visits	135
Adult health visits	152
Visits in behalf of patients	208
Patients admitted to service	180
Patients discharged from service	152
Full pay visits	1620
Part pay visits	448
Free visits	621
No charge visits	950
Well child clinics held	10
Children attending	203
Average attendance	20
Triple toxoid given	148
Salk polio vaccine given	98
Vaccinations for smallpox	60
Physical examinations	42
Fees received from Patients—	
Full pay	3285.00
Part pay	459.75
Well child clinics	160.35
Total	<u>\$3905.10</u>

This amount turned over to Mr. Alfred Sterling, Treas.

The officers of the Board of Directors were—

President	Mrs. Alexander Farley
Vice President	Mrs. Reuben Wood
Cor. Secretary	Mrs. Frederick Perry
Rec. Secretary	Mrs. Everett Nau
Treasurer	Mr. Alfred Sterling

Services rendered by the Public Health Nurses are as follows:

1. Bedside nursing care and treatment, of any type, as ordered by the family physician.

2. Instruction and demonstration of care and feeding of infants, children and ill members of household.

3. Work with State Public Health services. This includes checking all cases of tuberculosis and venereal disease and their contacts. The purpose of this is to prevent the spread of these diseases and see that they are put under a doctor's care for treatment. We also assist in obtaining aid in the care of crippled children or those with physical or mental defects.

4. Well child clinics.

5. Welfare work for our needy families.

Well child clinics were held in the Nurses Office, at the Town Hall, on the third Wednesday of every month except July and August. Thomas S. Conroy, M. D. of Portsmouth was the attending physician. This clinic is for all children in Kittery from infancy to schoolage. Our purpose is to give protection to the children with immunization against Whooping cough, diphtheria, tetanus, polio and smallpox. We make no charge for our services or that of the physician, only for the cost of the vaccine. The cost is seventy-five cents for Salk polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccinations. Physical examinations are free. This is a clinic for the well child, therefore please do not bring children who are acutely ill with colds or running a fever. We must protect the healthy child and prevent the spread of contagious disease. Our thanks go to the following volunteer workers at these clinics. Mrs. Louise Smith R. N., Mrs. Gertrude Wood, Mrs. Barbara Moulton, Mrs. Louise Sousa, Mrs. Muriel Eaton, Mrs. Dorothy Fitzpatrick, Mrs. Lottie Riley and Mrs. Avis Tarling.

Assistance was given the School Nurse with free clinics in the schools in May. These were for booster shots of diphtheria and tetanus toxoid and smallpox vaccinations.

Because of the greatly increased demand for bedside nursing care during this past year the nurses have not been able to do as much welfare work as in previous years. The sorting and delivering of used clothing and other household articles is very time consuming. This is something that some civic minded group might like to assume as a worthwhile project.

During the holiday season we acted as a clearing house for the organizations and citizens wishing to make donations for our needy families. Fifteen underprivileged children attended the Lions Club dinner Christmas party

and thirty children received nice gifts from the Shipyard workers. Because there was no Toys for Tots program this year we collected as many good toys as possible from our townspeople. These were delivered before Christmas with the aid of the Public Works Dept. At Thanksgiving thirty dinners were delivered. Fifteen by the American Legion Auxiliary and fifteen by us. At Christmas thirty-six baskets were delivered, eight by the Elks Club of Portsmouth and the rest by us. This would not have been possible without the assistance of many civic minded organizations and citizens of Kittery.

Our deep appreciation goes to the following volunteer contributions of money, toys, food, wrapped gifts, decorated food baskets and service. The American Legion Auxiliary; The Methodist Evening Guild, Ladies Aid and Sunday School; St. Raphael's Altar Society; Piscataqua Chapter 90 O. E. S.; Student Council of Traip Academy; Riverside Womens Club; Kittery Pt. Baptist Church Sunday School; The Womens Fellowship of the Congregational Church; Girl Scout Troops Nos. 387, 389, and 404; Brownie Troops No. 403 and 407; Three sixth grades at the Frisbee School; The First Christian Church; The Wildes Estate; The Police Dept.; The Public Works Dept. and many individuals. A special thank you to my two daughters Mrs. Barbara Moulton and Miss Joanne Linscott for many hours of sorting can goods, making an inventory of food and gifts, gift wrapping and helping pack the baskets.

Services of the nurses are available to anyone in Kittery or Kittery Point. A fee of \$2.00 is charged up to the first hour and fifty cents for each additional fifteen minutes if the family is financially able to pay. Part pay or free service is given when necessary. No call is refused and the same service is given regardless of ability to pay. The nurses are on duty Monday through Friday from 8 A.M. to 5 P.M. Only emergency calls are taken on weekends and holidays. Calls are received at the Nurses Office 8 to 9 A.M. or by calling Coles Drug Store.

On behalf of the Board of Directors, Mrs. Frances Orr R. N. and myself I wish to thank all who have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,
Esther H. Linscott R. N.

REPORT OF THE CIVIL SERVICE COMMISSION

Board of Selectmen

Kittery, Maine

Gentlemen:

The first report of the Civil Service Commission, for the year 1964, is submitted for the information of the residents of the Town of Kittery.

The Civil Service Commission was established, by the State of Maine Legislature, in 1963 and was confirmed by the voters of Kittery at Town Meeting in March 1964. The three members were appointed by the Selectmen in March 1964.

The authority of the commission, as prescribed by law, is very limited and allows only for filling vacancies (if funds are available) and removal for cause of members of the Police Department. Any and all other functions performed by the commission are by verbal authority of the Selectmen.

In spite of the obvious limitations in authority, but with the complete cooperation of the Selectmen, the commission has and will continue to attempt to maintain an efficient, economical Police Department for the protection of the taxpayer and at the same time provide the members of the department with fair working conditions coupled with wages comparable with the duties performed.

Some of the more significant accomplishments of the commission during the past year were:

Completion of a study of the Police Department to include; interview of each member, review of procedures, communications, transportation and financial control.

Decision to forego promotion of a member of the department to fill a previously authorized vacancy of Sergeant.

Establishment of a program of annual weapons training for each member of the force.

Selection and hiring of a new patrolman to fill an existing vacancy. The new man being placed on one year probation.

Establishment of a new policy to be placed into effect in 1966 which will provide a yearly uniform allowance to be used only as required for each member of the force.

Restriction of "Free" services formerly performed for other law enforcement agencies at the expense of the town to include booking, fingerprinting, photographing and various jail tending services such as obtaining meals, releasing prisoners, calling lawyers etc. These services were not only an expense to the town but were also requiring the dispatcher to be away from the fire and police emergency phones.

Established a program of requiring bids for annual procurement of gas, oil and tires for the cruisers.

Reduced the budget for 1965 below that of 1964 by careful screening of all requested items and the elimination of all items that would not jeopardize the efficiency of the department. This included the recommendation to the Selectmen that a new cruiser not be purchased this year. Items to be considered in 1965:

The need for two police cruisers.

Whether it should be recommended to return the dispatcher duties to civilians as an economy move.

Explore the possibility of a health insurance program for the Police Department to be jointly financed by the individual and the town.

Determine if the savings that could be made would warrant changing the Police uniform to a less costly type similar to the "Blues" worn in other departments.

Respectfully submitted,
Horace E. Billings, Chairman
Natt R. Hubbard
Theodore F. Weaver, Clerk

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Kittery:

Because of the paramount need for more classrooms and teachers in elementary and junior high school grades, this report will be concerned with this subject alone.

The number of pupils per teacher in many classrooms is now so great that these pupils individually do not get the teacher attention and help that they need. This is a fact and it cannot be wished away any more than we can wish away this electronic age and the complex problems which our children must face and overcome if they are to be successful in making a living and taking a constructive part in community life.

More than ten years ago, in 1952, our State Board of Education, made up of Maine people from many different walks of life, set up a standard of not more than twenty-five pupils per teacher in elementary grades. These are the words that they used:

"The State Board of Education of Maine has the privilege and responsibility of shaping policies which will become the framework for a constantly improving educational program in the public schools. In examining this framework today the condition of overcrowded classrooms in various communities was cited as a persistent barrier to efficient and effective teaching. Convinced that recent and pending increases in student enrollments are placing or will place excessive numbers of pupils in many classrooms, the Board voted to recommend that local school officials and citizens immediately 'come to grips' with the problem and endeavor to pursue a plan which will insure that no elementary child is forced to membership in a class of more than 25 pupils."

"The goals of the good school of today include not only physical, mental, emotional, civic and vocational competencies but also a wide range of basic moral and social values as guides for living. The children for whom the schools are maintained seem to grow in terms of personal patterns of heritage, ability, interest, aptitude, readiness and environment. Effective teaching-learning situations must offer a rich variety of group activities and, at the same time, provide for individual attention as personalized needs are

identified by the skilled teacher. This latter phase in the educational process is very important and it cannot be provided successfully when teachers must deal with large classes."

"The members of the State Board of Education hold deep and compelling faith in the public schools as cornerstones of our way of life. It is because of such feelings that the urgency of this matter is emphasized as a deterrent to securing and strengthening our principal resource for human well-being and for stability in our society of free men."

The State Board of Education feels that any class for elementary school pupils should not have more than twenty-five pupils.

On January 1, 1965, thirty-three classroom teachers, out of forty-two teachers of children in grades one through six, had more than twenty-five pupils. Nine of these classes had more than thirty pupils each. Two elementary classrooms had more than thirty-five pupils in each. This figures to an overload of one hundred and forty-seven pupils or a shortage of six classrooms for children in grades one through six. (Junior primary classrooms average 23.6 pupils per teacher per session. This is a normal load for junior primary rooms.)

In grades seven and eight, our junior high school grades where teaching is departmentalized by subjects and pupils are grouped generally in accordance with the rate of speed with which they learn, the need for more teachers and classrooms is as great as in the first six grades.

The report of the inspection of our schools by the State in the spring of 1963 indicated need for improvement in junior high school areas—improvement which could be made in smaller classes and resultant better grouping in accordance with rate of learning. Faster learning students need and should have the amount and kind of instruction which will permit them to go forward as fast as they can, just as average and slower learning students should have the help which they need to progress as fast as they can.

All classrooms are in use in our present buildings and more classrooms will have to be found and staffed with teachers if we are to do right by our elementary and junior

high school pupils. New classroom construction is recommended and articles are in the Warrant for the Town Meeting in March to make them possible. In the meantime, double sessions are planned for junior high school classes beginning in the fall.

Double sessions will mean that grade seven students will attend school from 7:30 o'clock, a. m., to 12:30, p. m., and grade eight students will attend from 12:30 o'clock, p. m., to 5:30, p. m.

Double sessions will mean that three junior high divisions can be added and that the divisions in grade eight can use the same classrooms in the afternoon that were used by seventh grade divisions in the morning. This will free five classrooms that are now used all day by the students in grades seven and eight and allow their use by five additional divisions in the first six grades. In all, eight additional teachers and classrooms will effect reductions in class sizes that are urgently needed. This reduction will still leave us with larger classes than called for by State standards, but will bring the average number of pupils per classroom down to about twenty-six.

Based on the enrollment in our schools on January 1, 1965 and assuming that we will have as many pupils next fall, double sessions will allow for the same amount of in-class instructional time in grades seven and eight that we now have, but will eliminate supervised study time, some library time and time for special in-school help for individuals. Some activities will be eliminated.

Double sessions are a stop-gap measure to more adequately take care of our increased school population until more school rooms can be built. Double sessions are permitted by the State while a temporary need exists and while plans for an adequate number of classrooms are being worked out.

Plans for more construction are being recommended for approval by voters at the annual Town Meeting. These plans call for construction of seven classrooms to take care of the overload in our present classrooms and for two classrooms for the special education of retarded pupils—children who are retarded by nature and in natural ability. We presently have about twenty-five children of school age in Kittery, some in school and some not in school, who

could benefit by special classes geared to their ability. Those who are in school are unable to progress at a normal rate for slow learning children and those who are not in school are not being helped to gain even the fundamental skills and training necessary to lead normal lives. Many communities in Maine offer special classes for retarded children. Kittery can do so when classrooms become available.

In the opinion of your Superintending School Committee, your Superintendent of Schools, and those charged with responsibility for educating the children of the community, the greatest need in our school system at this time is the need for more classrooms and teachers in elementary and junior high grades and for the special education of retarded children. We all hope that the people of Kittery will attend Town Meeting and vote to build the classrooms and provide the teachers who are needed.

Respectfully submitted,

Charles Puffer

Superintendent of Schools

REPORT OF THE PRINCIPAL**ROBERT W. TRAIPI ACADEMY**

FROM: Stanford I. Trask, Principal of Robert W. Traip Academy

TO: Joint Committee for Robert W. Traip Academy

The following constitutes my eighth annual report.

This report will follow the same form as previous reports and cover the following areas: Student Body, Staff, Academic Program and Plant.

The September 8, 1964 enrollment was 594 which was an increase of 12 students over the corresponding date for 1963. On June 10, 1965 we will graduate 125 seniors and with the current eighth grade enrollment of 149 the academy will open the 1965-66 school year with an enrollment of 600. The January 4, 1965 enrollment figures reflect an all-time high of 582 compared to last years high of 575 and the 1962 high of 547. Listed below is a summary of the student body from September 11, 1964 to January 4, 1965:

Total Enrollment 1-4-65	BOYS	GIRLS	TOTAL
Seniors	68	59	127
Juniors	81	80	161
Sophomores	68	83	151
Freshmen	72	71	143
	<hr/>	<hr/>	<hr/>
Total	289	293	582

Number registered between 9-11-64 and 1-4-65

Seniors	0	0	0
Juniors	0	2	2
Sophomores	1	1	2
Freshmen	1	2	3
	<hr/>	<hr/>	<hr/>
Total	2	5	7

Number transferred to another school
between 9-11-64 and 1-4-65

Seniors	0	0	0
Juniors	1	1	2
Sophomores	2	2	4
Freshmen	3	3	6
	<hr/>	<hr/>	<hr/>
Total	6	6	12

Number dropped out of school between 9-11-64 and 1-4-65

Seniors	0	2	2
Juniors	2	1	3
Sophomores	1	1	2
Freshmen	0	0	0
	<hr/>	<hr/>	<hr/>
Total	3	4	7

On January 4, 1965 the elementary enrollment was as follows: Junior Primary 236, first grade 223, second grade 231, third grade 186, fourth grade 200, fifth grade 188, sixth grade 171, seventh grade 169, and eighth 149. If the conditions in Kittery remain fairly constant, we can anticipate the future secondary enrollment by applying the "ratio of survival", as computed by Dr. Crockett and Dr. Bailey in the 1963 study of the Kittery School System, to the above elementary enrollments and estimate not over 625 secondary students in the next seven or eight years. The capacity for Robert W. Traip Academy was estimated at 650 students by Irving W. Hersey Associates when the Mary Safford Wildes Building was designed in 1961.

With the secondary enrollment remaining constant it will not be necessary to increase the size of the Academy staff in the near future.

The current staff consists of 37 full-time teachers plus two part-time music teachers and one part-time art teacher. A full-time driver education teacher has again been authorized for the school year 1965-66. Today most school systems have salary schedules. They use years of college training and years of teaching experience to determine the financial remuneration for each step on the salary schedule. These two factors then must indicate to some degree the value of a teacher.

A person who has never held a teaching certificate in the state of Maine and who desires to become fully certified to teach must have earned a bachelor's degree, equivalent to four years of preparation. All Robert W. Traip Academy teachers hold a bachelor's degree. Eleven, or 29%, of the Academy staff hold a master's degree, usually thought of as five years of preparation; there are six, or 16%, who have earned thirty or more graduate credits but they have not matriculated for a master's degree. There are three beginning teachers on the staff as well as six, or 16%, who have less than five years of teaching experience. Sixty-two per cent, or twenty-three teachers, have more than ten years experience.

The staff has preparation, experience and dedication. Their task has been defined for them, to give the secondary school students of Kittery the best education possible.

Robert W. Traip Academy tries to be a comprehensive secondary school or a school that meets the needs of all the secondary students of Kittery. At the present time the curriculum is designed to offer the following courses:

College Preparatory

College Preparatory — Business

Business

Home and Business

Technical - Mechanical

Industrial Arts

Cooperative Part-time

The College Preparatory course is designed to prepare students to gain admission to college. The College Preparatory - Business course is designed for students—primarily girls—who have the ability to gain admission to some college but who are undecided as to whether they will attend college or not. The program is so designed that a final decision whether to fulfill the requirements of the College course or the terminal Business course can be made after the student reaches the tenth or sophomore year instead of the eighth year. The Business course is designed to be a vocational course preparing students for immediate employment. The Home and Business course is designed to prepare girls in the art and science of homemaking as well as to provide them with some basic business skills such as typing and filing.

The Technical-Mechanical course is designed to meet the needs of boys who have interests and aptitudes for both academic study and mechanical work. The major difference between the Technical-Mechanical course and the College Preparatory course is that the boys take five periods of shop per week instead of a foreign language. It is possible for a boy to change to the College course at the beginning of any school year. The Industrial Arts course is not a vocational course but it is designed to provide the boys with a basic understanding of the knowledge and skills necessary to obtain positions in industry.

The Cooperative Part-time Training course which was started this year is designed to help boys develop skills and knowledge of a particular trade as well as to provide a secondary school education. Each individual student's program is approved by the Maine State Department of Labor. In cases where an occupation must meet the requirements

of the Fair Labor Standards Act, the individual program must be approved by the U. S. Department of Labor. This course is new this school year, 1964-65, and under the very able direction of Mr. Richard Duntley, it has proven a real success.

The Cooperative Part-time course is for eleventh and twelfth grade students and they are selected in the following manner:

The student applies for the course in the spring of his tenth grade.

He is then given the General Aptitude Test Battery and the Kuder Inventory to determine his aptitude and interests.

The student then is interviewed and the parents are invited to discuss the test results and a proposed program for this student.

Local businesses and tradesmen are constantly contacted about placement of students in the Cooperative Part-time course. This school year Mr. Duntley was able to place six boys and we expect that a larger number will be placed next year. The six boys in the program this year are in the following occupational training projects: Auto-Body and Fender Repair, Auto Mechanics, Carpentry, Floristry, Plumbing and Photography. It should be noted that the area business men in general are in favor of Cooperative Part-time Training.

Curriculum evaluation is a constant thing in the Kittery School System. The administration, department heads, and personnel of the Academy work with the junior high staff to make each student's transition from the eighth grade to the ninth grade as smooth as possible. The curriculum that has been developed for the Kittery School System is designed to meet the individual needs of all students from Junior Primary through grade twelve.

The four buildings that constitute Robert W. Traip Academy continue to be basically sound; therefore no major repairs are required in the immediate future. This does not mean, however, that it is not desirable to plan for projects that would require more than normal maintenance expenditures. The ceiling of the Swett Gymnasium should be cleaned, painted or replaced and the gymnasium floor should be resurfaced. Constant routine maintenance during the school year in addition to the summer work program will maintain the plant at its present standard.

For the continued guidance, support and cooperation of Mr. Puffer, Superintendent of Kittery Schools, I extend my appreciation.

Report of Budget and Finance Committee

To the Citizens of the Town of Kittery:

This report contains all requests for expenditures which have come to our attention as of February 8, 1965. This year the committee is sharply divided on two of the articles presented for its consideration and consequently we are including two minority reports which deal with the articles concerned. The recommendations of the committee are as shown in the 1965 recommended columns of the summaries on pages 70A, 71A and 72A and under each article in the warrant.

If all of these recommendations are followed the tax rate should increase about \$1.75, this year. Since there is approval for a bond issue it will not be reflected in this year's tax rate but will appear in debt service in 1966.

The request for a new fire truck at Kittery Point has been approved and it is strongly recommended that if the town votes approval of this truck that the entire purchase price be appropriated this year. If any part of the payment is deferred beyond this year and the town also approves the sums requested for new school buildings and reassessment the tax rate will increase sharply in 1966.

Reassessment is again disapproved by the committee, the most important reason being that no plan has been advanced to insure maintenance of equitable assessments after they have been obtained by the expenditure of a large sum of money. It is felt that after the town manager is well established in his job that this may release more of the selectmen's time for attention to assisting duties.

Article 28

This Committee believes that additional class room space in our schools is needed in order to maintain the educational standards of our school system. Nine additional classrooms are needed to prevent overcrowding of classes and to eliminate the need for double school sessions.

We also believe that the sum of \$250,000 is a reasonable estimate of the cost which we might be expected to pay for the construction of these classrooms as proposed by the School Board.

We have carefully considered what effect this expenditure might have on our future situation in view of the proposed closing of the Naval Shipyard. The additional cost to the town for building these new classrooms would approximate \$20,000 annually on a 20 year repayment plan. Our present total school budget is about \$900,000 annually, of which the town contributes about \$400,000, the rest coming from Federal and State assistance. Thus, it can be seen that the annual debt repayment cost for the proposed new school is a very small fraction of our overall annual operating costs for the school system. Keeping in mind the fact that future population decline might force us to close some school buildings within a few years, we nevertheless consider the new buildings a good investment since it would enable us to close out some of the old, outmoded buildings, retaining only the newer buildings with their lower maintenance costs.

Respectfully submitted,

*Submitted Minority Reports following

BUDGET AND FINANCE COMMITTEE

Minority Report on Reassessment

In accordance with the Budget and Finance Committee General Procedures, approved by the Committee on September 25, 1961, We, the undersigned hereby submit a minority report relating to the article requesting a professional reassessment of the Town.

The Budget Committee has disapproved of articles requesting \$7000.00 for a "professional" reassessment in 1963 and 1964 on the basis that the amount requested would not provide trained personnel to conduct the survey

and evaluate the results. The Committee in both cases expressed the opinion that we would favor and approve a reassessment if there was a reasonable prospect of it accomplishing the desired result.

We are of the opinion that a reappraisal of property in Kittery is needed and is long overdue. This opinion has also been expressed by the League of Women Voters and many citizens and Businessmen of the town.

The warrant article requests the sum of \$33,000.00 for this purpose. It should be noted that it is not necessary to appropriate the full amount requested in one year, but part could be appropriated this year and the remainder borrowed to be paid back out of 1966 and/or 1967 revenue. This would lessen the impact of this article on this year's tax rate.

If you vote approval of this article, the Selectmen will hire a professional firm who specialize in this field to come into Kittery and inspect all taxable property in the town and record data. The professionals will also assist the Board of Selectmen and Assessors in setting up a new formula to compute the taxes.

This reassessment will find many pieces of property where taxable improvements have been made and which are now not taxed. A modern, up-to-date assessing formula will eliminate the present inequities that exist. But above all, it will mean that each taxpayer will be paying his or her fair share of property taxes.

We recommend that you vote approval to this article. We further recommend that you appropriate \$11,000.00 this year out of current funds and authorize the Selectmen to borrow \$22,000.00, payable \$11,000.00 in 1966 and \$11,000.00 in 1967. This arrangement will cause a tax rate increase of about \$1.13 per \$1,000.00 this year and similar amount in the next two years. We believe this increase will be reduced somewhat by the new taxable property found. We also believe that it will be money well spent and urge you, the voter and taxpayer, to vote yes on reassessment.

Donald F. Coates
Ralph A. Rainer

Minority Report on the School Committee Article

The undersigned concur with the majority report on all articles except the following.

It is with much regret that we consider it necessary to disagree strongly with our colleagues with respect to the school construction article. Before the announcement of the closing of the Shipyard, this request might have appeared more reasonable. However, this school expansion program which is proposed in the face of the changed economic outlook occasioned by the phase out of the Shipyard causes us great concern and should concern all the citizens of this town.

After a most careful consideration of the classroom shortage, the cost of construction, and the cost of operation of the additional units, we have concluded that the town cannot afford more than six additional classrooms at this time. It is our opinion that the construction of the six room and kitchen unit at the Mitchell School site will meet the town's minimum classroom requirements for at least five years.

We submit the following in support of this opinion:

- (1) Surveys made well before closing of the Shipyard was announced, indicated that increases in school enrollment should be expected to taper off by 1965 and that a slow decline in enrollment should be expected by 1970.
- (2) New residential construction never reached the level expected in previous surveys and declined appreciably in 1964 before there was any shipyard phaseout announcement.
- (3) Children of military personnel now constitute approximately 25.5% of our entire elementary school enrollment. 285 of these children have a parent in the Navy and 161 others have a parent in the Air Force. Although we cannot expect an appreciable change in the number of naval personnel for the next three or four years there is a scheduled reduction of air force personnel at Pease Air Force Base in a little over a year. Whatever the size of this contemplated reduction, it is likely that a disproportionate portion of the total will, in effect, be withdrawn from Kittery.
- (4) While there is no present indication that phaseout of the shipyard will result in many civilian families

leaving the area in the next few years, it is likely that most of the families that do leave will be young families with consequent loss of young children to the schools.

Cost Considerations:

The yearly cost chargeable to building classroom space is about half of the annual cost of operation. The following table shows conservative estimates of these costs.

Item	1st Yr. Payment Principal & Interest 10 Yr Term	1st Yr. Payment Principal & Interest 20 Yr. Term	Yearly Operating Cost
6 room school with kitchen, costing \$190,000.00	24,700.00	15,700.00	*37,000.00
6 room school with kitchen, plus three room addition, costing \$250,000.00	33,100.00	20,700.00	*54,000.00

*These costs would be reduced somewhat by state operational subsidy.

The ten year payment term is recommended to avoid higher interest rates presently indicated for bonds of 15 or 20 year terms and to minimize any adverse effects on interest rate due to the uncertain economic condition of the town after 1974. It should also be noted that even at the same interest rate the longer term loan costs the town considerably more because the principal declines at a slower rate.

The total cost of either a six room school or of nine classrooms of divided location might be acceptable to the town under present conditions but it must be remembered that if a substantial number of the 786 civilian parents who work at the shipyard are laid off there will be a substantial loss of Federal educational subsidy which last year amounted to \$208,000.00. Since costs are always climbing it is all the more necessary that we insist on getting the most we can for our construction dollar consistent with reasonable quality. The town of York has just completed its new Junior High School which is excellent in design and construction at a cost of \$11.50 per square foot plus an architect's fee. The same architect has designed the high school recently built at Bucksport at \$11.87 per square foot

and the High School at Belfast, now under construction, at \$12.00 per square foot. That these schools are of quality design and construction is evidenced by the fact that the American Association of School Administrators has chosen the Bucksport School as a feature of an exhibit at Atlantic City in February and at Boston in April. If we assume an increase in building costs to \$12.50 per square foot we could build a six room and kitchen unit for \$175,000.00. We recommend \$190,000.00 which allows \$15,000.00 for contingencies. Analysis of available data indicates the requested \$250,000.00 is \$35,000.00 to \$40,000.00 in excess of the funds needed to build a nine classroom unit.

We propose that the school construction article be amended to read as follows:

To see whether the Town will vote to construct, equip and furnish one school building project namely,

A six classroom elementary school building with kitchen to be located on the Mitchell School site in Kittery Point

and appropriate for said purposes the sum of \$190,000.00 and raise such appropriation by authorizing the town treasurer, with the approval of the selectmen, to issue and sell general obligation bonds of the Town under and pursuant to the provision of the Revised Statutes of Maine Chapter 90-A, Section 14 or any other enabling authority, said bonds to have a term of ten years and to mature at the rate of \$19,000.00 per year for each of the ten years, and by authorizing the treasurer with the approval of the selectmen, subject to the applicable provisions of law, to determine the manner of sale and other terms and conditions thereof and to take any other action in connection with the foregoing project which it deems appropriate.

Having taken the time and effort to study all details of the proposed article in depth, we cannot in good conscience recommend it in its original form. We therefore urge all Kittery voters to study this proposal very carefully particularly with respect to avoidance of excessive debt and to attend the Town Meeting where they can render their decision.

Respectfully submitted,
Donald R. Armstrong
Robert B. Johnson
Ernest C. Maby

Warrant for Annual Town Meeting
AND RECOMMENDATIONS OF THE BUDGET
AND FINANCE COMMITTEE

State of Maine

York ss

To Albert V. Martin, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the voters of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 13th day of March, A. D., 1965 at eight o'clock in the forenoon then and there to act on Articles numbered 1 and 2 and to notify and warn said voters to meet at the Traip Academy Auditorium, in said town, on Saturday, the 20th day of March, A. D., 1965 at 1 o'clock in the afternoon then and there to act on articles 3 through 46, all of said articles being set out below, to wit:

FIRST: To choose a moderator to preside at said meeting.

SECOND: To choose a Town Clerk and Tax Collector, Selectman, Assessor and Overseer of the Poor, Treasurer, School Committee Member, Budget Committee, Trustee Mary Safford Wildes Trust Fund and all other necessary town officers.

The polls for voting on Article 2 will open at 8 o'clock in the forenoon and will close at five o'clock in the afternoon.

THIRD: To see what sum the town will vote to raise and appropriate for General Operating Expenses.

The sum of \$137,207 is requested by the Selectmen.

This sum The sum of 134,500 is recommended by the Budget and Finance Committee.

FOURTH: To see what sum the town will vote to raise and appropriate for planning purposes and to empower the Selectmen to enter in contract with the proper Federal and State agencies for Planning Purposes as recommended by the Town Planning Board.

Same The sum of \$1265.00 is requested by the Planning Board.

The sum of \$1265.00 is recommended by the Budget and Finance Committee.

FIFTH: To see what sum the town will vote to raise and appropriate for the Port Authority.

Same The sum of \$745 is requested by the Port Authority.

The sum of \$745 is recommended by the Budget and Finance Committee.

SIXTH: To see what sum the town will vote to raise and appropriate for the maintenance and operation of Town Wharves.

Same The sum of \$1883 is requested by the Port Authority.

The sum of \$1883 is recommended by the Budget and Finance Committee.

SEVENTH: To see what sum the town will vote to raise and appropriate to square up and level off the Pepperrell Cove Wharf to provide a clear channel to the boat ramp by removing rock and other material from this area and reconstruction of 40 feet of wall for a permanent retaining wall and capping 76 feet of wall to prevent the wharf surface from eroding. This article to be designated as a Capital Improvement Item.

Same The sum of \$4300 is requested by the Port Authority.

The sum of \$4300 is recommended by the Budget and Finance Committee.

EIGHTH: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

Same The sum of \$19,562 is requested by the Selectmen.

The sum of \$19,562 is recommended by the Budget and Finance Committee.

NINTH: To see if the town will vote to install a fire hydrant on Page Street and raise a sum of money for the same. The foregoing on petition of Kenneth L. Langton and 14 others.

same ^{\$6000}
The sum of ~~\$55.00~~ is recommended by the Budget and Finance Committee.

TENTH: To see if the town will vote to install one hydrant approximately one-half way between the entrance and end of Ox Point Drive and raise a sum of money for the same. The foregoing on the petition of Robert G. Varney and 12 others.

same ^{\$6000}
The sum of ~~\$55.00~~ is recommended by the Budget and Finance Committee.

ELEVENTH: To see if the town will vote to install one hydrant in the water line on U. S. Route No. 1 opposite the Wilson Road entrance to U. S. No. 1, and raise the sum of \$55 for same. The foregoing upon the petition of Frederic L. Andrews and 12 others.

same
The Budget and Finance Committee recommends \$55.2

TWELFTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

same The sum of \$15,000 is requested by the Selectmen.

The sum of \$15,000 is recommended by the Budget and Finance Committee.

THIRTEENTH: To see if the town will vote to install one street light on Harris Avenue on Pole Number 2-72-6B and raise the sum of \$23.50 for the same. The foregoing on the petition of H. L. Freeman and 15 others.

same
The sum of \$23.50 is recommended by the Budget and Finance Committee.

KITTERY, MAINE

FOURTEENTH: To see if the town will vote to install three street lights on Dennett Road, two on Leach Road and raise the sum of \$117.50 for same. The lights on Leach Road to be installed on poles numbered 1-35-10 and No. 3 New England Telephone and Telegraph Company. The lights on Dennett Road to be installed on pole No. 1980-2-60-57, on pole north of New England Telephone and Telegraph Company 41 and on pole New England Telephone and Telegraph Company 2-60-50. The foregoing upon the petition of Thomas Vourvas and 56 others.

Same **The Budget and Finance Committee recommends \$117.50 for this article.**

no **The sum of \$33,000 is requested by the Selectmen. Disapproved by the Budget and Finance Committee.**

SIXTEENTH: To see what sum the town will vote to appropriate for Public Works.

The sum of \$114,470 is requested by the Commissioner of Public Works.

same **The sum of \$104,000 is recommended by the Budget and Finance Committee.**

SEVENTEENTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways, and bridges) under the provision of Sections 44, 49 and 50; Chapter 23, R. S. 1954 as amended.

same **The Selectmen request the sum of \$3,464.**

The Budget and Finance Committee recommends the sum of \$3,464.

EIGHTEENTH: To see what sum the town will vote to raise and appropriate for Mulching Roads.

Same **The sum of \$10,000 is requested by the Public Works Department.**

The sum of \$10,000 is recommended by the Budget and Finance Committee.

NINETEENTH: To see what sum the town will vote to raise and appropriate for the purchase of a new light weight dump truck for the Public Works Department. A 1958 pick-up truck to be traded in toward purchase of same. This article to be designated as a Capital Improvement Item.

got The sum of \$3,000 is requested by the Public Works Department.

The sum of \$3,000 is recommended by the Budget and Finance Committee.

TWENTIETH: To see if the town will vote to raise and appropriate the sum of \$3,000 for the construction of a sidewalk on the right hand side of Manson Avenue from Boush Street to Shapleigh Road a distance of approximately 1000 feet. The foregoing upon the petition of Sarah Bates and 28 others. This article to be designated as a Capital Improvement Item.

not This article disapproved by the Budget and Finance Committee.

TWENTY-FIRST: To see what sum the town will vote to raise and appropriate for the maintenance of the Fire Departments.

The sum of ~~\$16,564~~ is requested by the Fire Departments.

got The sum of \$16,560 is recommended by the Budget and Finance Committee.

TWENTY-SECOND: To see what sum the town will vote to raise and appropriate for the purchase of a new fire truck for the Kittery Point Fire Department. This article to be designated as a Capital Improvement item.

got The sum of \$17,000 is requested by the Kittery Point Fire Department.

The sum of \$17,000 is recommended by the Budget and Finance Committee.

TWENTY-THIRD: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

got The sum of \$52,662.85 is requested by the Police Department.

The sum of \$52,660 is recommended by the Budget and Finance Committee.

TWENTY-FOURTH: To see what sum the town will vote to raise and appropriate for Elementary School Operating Expenses.

The Superintending School Committee recommends \$233,700.

got The Budget and Finance Committee recommends \$230,000.

got TWENTY-FIFTH: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of Robert W. Traip Academy for the tuition of its pupils in accordance with the provisions of Title 20, Chapter 113, Section 1289 of the Revised Statutes of 1964.

TWENTY-SIXTH: To see what sum the town will vote to raise and appropriate to the Secondary School Tuition Account.

The Superintending School Committee recommends \$172,900.

got — The Budget and Finance Committee recommends \$169,000.

got TWENTY-SEVENTH: To see if the town will vote to authorize the Superintending School Committee to add to the Secondary School Tuition Account, not more than thirty per cent of any income or subsidy received from State or Federal sources for the operation of the general school program.

TWENTY-EIGHTH: To see whether the town will vote to construct, equip and furnish, two school building projects, namely:

A six classroom elementary school building with kitchen to be located on the Mitchell School site in Kittery Point, and

A three classroom addition to the Dr. Edward E. Shapleigh School

and appropriate for said purpose the sum of \$250,000 and raise such appropriation by authorizing the Town Treasurer, with the approval of the Selectmen, to issue and sell general obligation bonds of the town under and pursuant to the provisions of the revised statutes of Maine, Chapter 90-A, Section 14, or any other enabling authority, and by authorizing the Treasurer with the approval of the Selectmen, subject to applicable provision of law, to determine the term of such bonds, the annual maturities, the rate of interest, manner of sale and other terms and conditions thereof, and to take any other action in connection with the foregoing projects, or either of them, which it deems appropriate.

The Budget and Finance Committee recommends approval of this article.

TWENTY-NINTH: To see what sum the town will vote to raise and appropriate for Health and Welfare Expense.

The sum of \$26,000 is requested by the Selectmen.

The sum of \$26,000 is recommended by the Budget and Finance Committee.

THIRTIETH: To see what sum the town will vote to raise and appropriate for Parks and Recreation Operating expenses.

The sum of \$5,699 is requested by the Park Commission.

The sum of \$4,600 is recommended by the Budget and Finance Committee.

THIRTY-FIRST: To see what sum the town will vote to raise and appropriate for the Swimming Instruction Program.

The sum of \$1,000 is requested by the Kittery Recreation Association, Inc.

The sum of \$1,000 is recommended by the Budget and Finance Committee.

THIRTY-SECOND: To see what sum the town will vote to raise and appropriate for Civil Defense.

The sum of \$500 is requested by the Selectmen.

The sum of \$500 is recommended by the Budget and Finance Committee.

THIRTY-THIRD: To see what sum the town will vote to raise and appropriate, to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages, and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108 of the Revised Statutes of 1954.

The sum of \$325 is requested by the Selectmen.

The sum of \$325 is recommended by the Budget and Finance Committee.

THIRTY-FOURTH: To see what sum the town will vote to raise and appropriate for the purpose of spraying for Gypsy Moths and for spraying to destroy bushes along the town ways.

The sum of \$1000 is requested by the Selectmen.

The sum of \$1,000 is recommended by the Budget and Finance Committee.

THIRTY-FIFTH: To see what sum the town will vote to raise and appropriate for Dutch Elm Disease.

The sum of \$2,000 is requested by the Selectmen.

The sum of \$2,000 is recommended by the Budget and Finance Committee.

THIRTY-SIXTH: To see what sum the town will vote to raise and appropriate for the care of Veterans Graves.

The sum of \$300 is requested by the Selectmen.

The sum of \$300 is recommended by the Budget and Finance Committee.

THIRTY-SEVENTH: To see what sum the town will vote to raise and appropriate for the observance of Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$400 is requested by the Selectmen.

The sum of \$400 is recommended by the Budget and Finance Committee.

THIRTY-EIGHTH: To see if the town will vote to authorize the Selectmen to relocate and install street lights and hydrants as they deem necessary for the best interest of the town.

The Budget and Finance Committee recommends approval of this article.

THIRTY-NINTH: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit-claim deeds for such property.

FORTIETH: To see if the town will vote to accept the new cemetery trust funds.

FORTY-FIRST: To see if the town will vote to authorize the Selectmen to apply for Federal Aid and State Aid that may be available to the Town of Kittery.

FORTY-SECOND: To see if the town will vote to authorize the Selectmen to hire legal counsel as necessary to conduct the affairs of the town.

FORTY-THIRD: To see what sum the town will vote to authorize the Selectmen and Treasurer to borrow for the purpose of purchasing any available State or Federal Surplus Equipment which the Selectmen deem advisable for the best interest of the town.

The sum of \$1,000.00 is requested by the Selectmen.

The sum of \$1,000.00 is recommended by the Budget and Finance Committee.

FORTY-FOURTH: To see if the town will accept the deed from Joseph Dion for property for the extension of School Street.

FORTY-FIFTH: To see if the town will vote to amend: "Town of Kittery, Maine Zoning Ordinance" as adopted August 29, 1960, as follows:

1. Amend Section II (Definitions), as follows:
 - (a) insert in Subsection G, following word "kind," the following phrase: "Preassembled homes of any kind"--.
 - (b) add new Subsection H, reading as follows:

"H. Preassembled home shall mean any structure used or useful as sleeping or living quarters, the walls, roof and floors of which are wholly or partially assembled elsewhere than upon the building lot, and which is designed to be conveniently transported to the building lot in a single, or limited number of, unit(s) upon wheels or wheeled vehicles to allow for quick erection as a fixed structure or building shell on a lot, and is designed to be readily removable from its site or foundation by disassembly into its original preassembled unit(s).
2. Amend Section IV, (Permitted Uses), as follows:
 - (a) Add to subsection A (2) (Special Use Exception, Rural Residence Zones) the following new subsection (2) (f), to wit:—

"(f) Preassembled home, provided, however, that no permit for such use shall be approved unless the home is in full conformity with both (1) the minimum development requirements for preassembled homes set forth in Section V-F below, as well as (2) all the applicable development requirements for Rural Residence Zone.
 - (b) Add to subsection B (2) (Special Use Exceptions, Suburban Residence Zones) the following new subsection (2) (c), to wit:

"(c) Preassembled home under those conditions pertaining to preassembled homes in Rural Residence Zones as set forth in Section IV-A2 (f) above."
3. Amend Section V (Development Requirements), by adding the following new subsection V-P, to wit:

"F. Development Requirements for Preassembled Homes:

Preassembled homes, where permitted as Special Use Exceptions under the provisions of Section IV above, shall further conform (a) to the following minimum standards, and (b) to all pertinent State and local health regulations.

 - (1) Development Requirements.

No preassembled home shall be erected or built upon any lot unless it conforms with the development requirements of subsection A of Section V above.
 - (2) Appearance.

No preassembled home shall be erected or built upon any lot unless its general exterior appearance is more like that of a house than that of a trailer or other vehicle or structure which would be otherwise prohibited as an excluded use or structure under the terms of this ordinance. For the purposes of this subsection, the type and appearance of siding and roof materials, including whether or not roof is pitched, and type and appearance of windows and doors shall be considered, among other things, as relates to the nature and type of existing structures in the neighborhood in which such preassembled home is proposed to be located.
 - (3) Construction.

No preassembled home shall be erected or built upon any lot unless it is constructed of substantial and relatively permanent materials, it is structurally rigid and sound and is built and equipped, so as to fully satisfy all applicable

F. H. A. minimum standards for similar structures.

(4) Foundation Requirements.

No preassembled home shall be erected or built upon any lot other than upon a suitable and permanent foundation to which it is to be permanently affixed by substantial and secure means. For the purposes of this subsection, any poured concrete block, rock or brick foundation, suitably laid up in mortar, conforming to local standards of construction, shall be deemed suitable and permanent foundations.

(5) Occupancy.

No preassembled home shall be occupied or used as sleeping or living quarters until it is a completed structure or building fully erected upon, and suitably affixed to, a permanent foundation as defined above, and its waste disposal, water and utility systems conform to the requirements of section V-G below.

4. Amend Section V (Development Requirements), by adding the following new subsection V-G, to wit:—

“G. Development Requirements for all Dwelling and Habitations.

All dwellings or structures used or useful as sleeping or living quarters in whatever zone the same may be erected or altered, must, in addition to conforming to all other applicable provisions of this ordinance, also conform to the requirements following.

(1) Waste disposal, water and utility systems.

Water service, and waste and refuse disposal methods shall be acceptable to the Health Officer, and, together with any electric, gas or utility systems, shall be in full conformity with all pertinent provisions of State and local health, fire and safety codes and regulations

5. Amend Section VI-B (Administrative Procedure) by adding the following new subsection VI-B (8), to wit,

“(8) Permit Application, General and Special Use Exceptions.

(1) Application for any building permit for a structure permitted by this ordinance only as a general or special use exception shall be made in the first instance to the Building Inspector in accordance with the procedures set forth in Section VI-B above, and the Building Inspector shall deny such application, and the applicant may then file his appeal with the Board of Appeals in accordance with the procedures set forth in Section VI-D (2) below, and the Building Inspector shall not grant the conditional building permit required by this ordinance until he is advised in writing by the Board of Appeals that such general or special use exception has been approved, and then solely upon such terms, if any, as the Board of Appeals shall stipulate.

FORTY-SIXTH: To pass any other vote or votes that legally come before said meeting.

Given under our hands this 18th day of February,
A. D. 1965.

REPORT OF THE SELECTMEN

To The Inhabitants of the Town of Kittery:

Throughout 1965, the Board of Selectmen held regular weekly meetings each Thursday evening and, in addition, the Board held a number of special meetings with various local, state and federal committees.

The "phase-out" of the Shipyard continues to be of great concern to the Board of Selectmen. Several organizations, namely the Seacoast Regional Development Plan, the York County Development Program, the York County Community Action Plan and others are working for Regional cooperation in economic development for the future of the region.

Articles are included in the warrant for the appropriations of funds for financial support of these organizations. The Town of Kittery is well represented on each of these Committees by members of the Planning Board, the Planning Adviser, the Board of Selectmen, the Town Manager, and other individuals appointed by the Selectmen. Also included in the warrant is an article for support of the Armed Services Committee. This is commonly known as "the Man in Washington" and your Board of Selectmen heartily endorse this project.

On May 18, 1965, a special Town Meeting was held and it was voted for the Town to adopt the Town Manager Form of Government as provided by Title 30, Section 2301, Maine Revised Statutes of 1964.

Several applicants for the above position were interviewed and at a Board of Selectmen's meeting held on May 29, 1965, Mr. Earl A. White was appointed as the first Town Manager for the Town of Kittery.

With the passing away of our Town Clerk and Tax Collector for many years, Mr. Burnell Frisbee, a survey was made by the Board of Selectmen of the "work load" of these offices. This resulted in an unanimous opinion that these offices should be separated. It was with regret that the Board of Selectmen learned that Mrs. Sadie L. Brooks, who has served as Town Treasurer for approximately 40 years, did not wish to hold this office any longer.

In view of the above, it was decided to appoint the Town Manager to the offices of Town Treasurer and Tax Collector, and keep the office of Town Clerk an elective position.

The Board of Selectmen have submitted an article in the warrant authorizing them to determine the salary of the Town Clerk and for all fees collected by the Town Clerk to be credited to the Town.

The Board of Selectmen authorized the Town Manager to take control of the Health & Welfare, Police & Fire Departments, Public Works Department and to represent the Board of Selectmen as necessary at various other functions which contribute to the economic growth and development of our town.

Despite the announced hold-up of funds by the Department of Defense for the Shipyard Sewer Project, the Board of Selectmen have been assured by the Northeast Division, Bureau of Yard & Docks, that this project will be completed and they are ready to negotiate with the Town of Kittery for participation in the Joint Sewerage Project. Final plans for the town's so-called "Phase I" project are scheduled for completion by April 1, 1966. Upon receipt of the plans, it is intended to hold a Special Town Meeting for the purposes of determining how this project will be financed.

During the past year operating procedures have been and are continuing to be developed by the Selectmen and Manager, which will effect over-all efficiency of all Town Departments. It is desired to attain the effectiveness and efficiency of all departments by planned programming, better utilization of the labor force and purchasing of necessary equipment. Your Board of Selectmen realize that during the past year a multitude of problems have arisen which effect the growth and expansion of our town. We have sincerely endeavored to face these problems realistically and have worked toward establishing a firm foundation on which the community may grow and prosper.

Once again the Selectmen wish to acknowledge the excellent cooperation of the heads of those departments under their jurisdiction. The Selectmen are also appreciative of the complete co-operation and assistance they have received throughout 1965 from all other boards, committees, commissions, and officials of the town.

Respectfully,
Frank R. Kauffman
Burgess F. Dorr
Edward Fremeau
Joseph M. Langton
Leonard W. McCloud

REPORT OF TOWN MANAGER

Late in May of 1965 I was privileged to become the first town manager of Kittery. Early in June work was started. This makes my 4th Municipal Reorganization since I started in 1948. I have learned a great deal during this time, and I expect that in the years to come I shall learn much more. I sincerely hope that Kittery as well as myself will profit from my accumulation of knowledge.

The Selectmen have reported in broad terms the areas that special effort has been directed to. I shall attempt to fill in some of the details.

The Board of Selectmen first directed my attention to Public Works and requested recommendations concerning its requirements. After some study it became apparent to me that the supervisory time was spread too thin. One man just could not be in more than one place at the same time. Quality of work was suffering as a result. Equipment was not receiving sufficient attention. Some of this equipment is too old and worn to be dependable. This is adversely affecting work results and budget costs. You will find an equipment purchase recommendation in the budget to make the first step in eliminating this problem.

The supervisory manpower problem could only be solved by creating a "Second in Command" position. This has been done and Public Works has received the following benefits initially from this move;

- (1) Better direction of manpower,
- (2) Closer supervision of necessary supplies,
- (3) Better supervision of vehicle and equipment maintenance.

Public Works is also going to be able to set up duty rosters, standard procedures for meeting emergencies, as well as standard procedures for routine work accomplishment. Public Works will also be able to pay necessary attention to training of new personnel as a result of this first step in the reorganization.

Seacoast Regional and Other Economic Development Activities

Simultaneously with other duties, Seacoast Regional Plan Activity demanded attention. This took an average

of two and one half evening sessions per month, as well as several daytime meetings. The town can reap much from full support of this Regional Development activity.

It is impossible to review here all the details necessary for your understanding of the potential benefit that can be derived from this Plan. In the coming year I hope to set up monthly reports of the "plans" activities as related to our delegation.

Your support of the article on town meeting floor authorizing six hundred eighty five dollars (\$685) to be paid to the Plan, the article asking for two hundred twenty five dollars (\$225) for the York County Regional Planning Commission, and the two thousand five hundred dollars (\$2500) for the Armed Services Committee will reap the town many returns.

Economic Development Need

The need for economic development is the paramount issue of the community in the coming year. Space in this report will not permit me to detail the reasons why or the means by which it could be done. However, there is extant from experiences of many development areas the necessary information.

What are we as citizens interested in? Isn't it really a chance for job choice? Also, isn't another very pertinent need of a community, as it relates to the individual taxpayer, the amount of the individual property tax bill? How then do we control the size of our tax bill in an economy that demands increased expenditures regardless of how we try to control them? I wish to quote here an example of this type of expenditure.

During the last regular session of the legislature, action concerning Workmen's Compensation coverage taken by that legislature forced a sharp increase in premium.

There are three legislative actions beyond the control of the municipal office which have created an increase of this nature in the municipal budget this year. This is a continuing type of activity. Inflation itself has many other aspects. It therefore becomes obvious that you as citizens must have a larger property tax base. This increase in tax base must come in a category of taxable property that does not of itself require any considerable municipal expenditures in order for the total valuation to allow the spread of the increase that is demanded every year by inflationary pressures.

If the above is a fact, it become very apparent that any municipality must continue a vigorous economic expansion activity year in and year out.

For that reason I am suggesting that the Town of Kittery must form one way or another an economic development organization and back it to the hilt.

Additional Duties

As time went on the Board of Selectmen asked me to represent them in coordinating the activities of all the operating departments.

Due to the time requirements of working with Public Works, Welfare (which I had inherited simultaneously with Public Works), Economic Development, and the general time demand of being a Central Information Center, it was not possible these past few months to make any observations on any other departments except the Police Department.

I wish to commend Acting Chief Tucker and Public Works Director Stevens for the excellent cooperation between these departments. This cooperation helped immensely during the severe snow storms.

I also wish to pass on to the Fire Departments the praise of their activities which I have received from neighboring municipalities.

So long as the community continues to receive a high level of service from each department there should be no need of serious changes in such departments. However, this does not preclude the need for retraining and investigations of newly developed procedures as time goes on. One of the requirements of High Quality Management is "Constant Retraining to Meet Changing Needs". This is the most important management tool available. It shall be recommended by your manager whenever it is found necessary.

Equalization of Assessments

The annual Town Meeting in 1965 voted on amendment to the Article 15 (which directed the selectmen to instruct the new manager, when he was chosen, to make a recommendation relative to the methods of revaluation available to the town.)

So far as I know, the referendum ballot in question in this town meeting warrant proposes the only method

I know of by which the assessment records of the town can be brought properly, efficiently, and economically up to date.

I know that there are people who feel that it is unnecessary to hire professional appraisers to do the job. These people feel that the proper revaluing process can be done some other way. Here are the factors as I know them.

1. No community in the State of Maine has been successful in completing a revaluation short of hiring a professional company—all plans tried—and there have been several — have resulted in piecemeal action or been abandoned before they even got started, according to observations of Employees of the Bureau of Taxation.
2. Because of the legal requirement that property be equally assessed in one calendar year, any procedure that would change the relationship equality over several calendar years could be held illegal.
3. The situation presently is that the actual assessment cards will have to be completely done over anyway. and if for any reason the town does not wish to do an equalization this year some effort will have to be made to replace the basic records so they will be legible.
4. For the above reasons, I can only recommend that if the town feels need of an equalization survey of assessment that a professional company be hired to do the work.

This year has been a most enjoyable one from my standpoint. I feel that the citizens of Kittery that I have come in contact with are all working for the best interest and the future of Kittery, and any differences of opinion between them has been expressed honestly in that end.

To my immediate superiors, the Board of Selectmen, I wish to express my appreciation of their confidence in me.

To my associates in town administration, I wish to express my thanks for the high degree of cooperation they have given the Town Office.

And finally, thanks to the citizens who are thinking of Kittery's future and are making sacrifices of time and energy to prepare for it. With effort, planning, determination, and intelligence a better future can be achieved.

Thank you all,
Earl A. White
Town Manager

Certificate of Audit

February 21, 1966

Board of Selectmen

Town of Kittery

Kittery, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of Kittery, for the municipal year ended December 31, 1965, as required by Title 30, Section 2203, of the Revised Statutes of 1964.

This examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included all procedures which were considered necessary in the circumstances. Within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper and efficient manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Kittery, and the results of its operation for the municipal year ended December 31, 1965.

Respectfully submitted,

L. EVERETT OUTHOUSE

Auditor

The complete Post Audit Report for the year ending December 31, 1965 is on file at the Municipal Office.

COMMENTS

CASH BALANCE

The cash balance, as noted in the Balance Sheet, was reconciled, and a written confirmation of the balance was made with the bank.

UNCOLLECTED TAXES AND LIENS

Unpaid taxes and tax liens at December 31, 1965, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

TOWN DEBT

Outstanding notes and bonds payable, were verified by written confirmation with the various payees.

GENERAL

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine.

The Selectmen's records are kept by a double entry method of bookkeeping, and a trial balance is taken regularly. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Title 54, Section 5253 of the General Laws of 1964.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Receipts, vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The Trust Fund and Savings Accounts were physically verified.

Various laws relating to the administration of the fiscal affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

Treasurer's Report

To the Citizens of the Town of Ellery

REPORT OF KITTERY POLICE DEPARTMENT ACTIVITIES FOR 1965

To The Civil Service Commission and The Board of Selectmen:

It is my privilege to submit a report of the activities of the Kittery Police Department for the year ending December 31, 1965.

During the year 1965 the Police Department received 1,046 complaints of these 413 required investigation, 201 motor vehicle accidents were reported to the police department, an accident report was prepared for our files and copies sent to State Police Augusta. There were 120 messages delivered, these messages were received in the central office from just about every state in the country, to be delivered by the police department. There were 402 assistance calls requested from other departments in the town and throughout the state.

The police department has handled 492 money escorts from the business people in town to the banks during the year of 1965. The department handled 215 motor vehicle cases in court and 35 criminal cases. While patrolling the town the patrolman in checking business places and schools they have found 95 doors open and 17 windows open and have reported these to the owners. The two police cruisers have been driven 51,337 miles during the year 1965. There were 128 Alarms from the Banks & Business alarms installed at the station.

As in the past the Kittery Police Department has had another busy year, so let me say to the many people living in Kittery who may not know, "Your Police Department" is patrolling the roads in the town 24 hours daily, 7 days a week. A man is on duty 24 hours a day at the Central Office to answer the police and fire phones so when needed call 439-1638 for your police department and 439-2262 for your fire departments.

In conclusion may I take this opportunity both for myself and the members of the Kittery Police Department to thank the Chief of the Kittery and Kittery Point Fire Departments and their men for the help they have been to this department.

Respectfully submitted,
Allen Tucker
Acting Chief
Kittery, Maine

REPORT OF THE FIRE DEPARTMENTS

To the citizens of the Town of Kittery:

The Kittery and Kittery Point Fire Departments answered a total of 150 calls during the year.

The Kittery Department answered 128 calls. Four (4) out of town calls, three (3) calls to Portsmouth, 1 call to South Berwick, 1 call to hunt for two lost boys who were located on Haley Road, 1 call to rescue boy trapped in cold air duct on Central Street.

The Kittery Point Fire Department answered 32 calls. Two (2) out of town calls, 1 to Portsmouth and 1 to Eliot, 1 double fatality occurred at a fire on Haley Road, two (2) resuscitator calls and 29 requests of assistance requiring the use of Department equipment . . . cellar pump, brush burning, water for wells, etc.

The new all-wheel-drive Maxim Fire Truck was delivered on February 4, 1966 to the Kittery Point Department giving the town another valuable piece of Fire Fighting Equipment.

KENNETH O'SULLIVAN

Chief, Kittery Dept.

GEORGE D. VARNEY, JR.

Chief, Kittery Point Dept.

REPORT OF**THE KITTERY RECREATION ASSOCIATION**

To the Citizens of Kittery:

The free swimming instruction program has completed its fifth year of operation with an enrollment of 351 children. Red Cross certificates were presented to those who passed the requirements.

Our expenses this past year have been higher due to an additional instructor and equipment replacement—for instance, a new pump at a cost of \$166.00 and repair of the old one, \$16.00.

We have tried raising funds by sponsoring dances and a lecture but met with very little success, financially.

The only large sum from any charitable organization was \$309.06 from United Fund. The Red Cross provides us with certificates and "skill sheets" for the children.

Time and labor required for the upkeep of the pool, such as draining, cleaning, painting, and repairs are all done by members of the association and volunteer help.

We wish to thank Mrs. Sue Weaver Tennant and Mrs. Dena Woods Foley, her assistant, for their skill persistence, and capable instruction, also everyone who has donated time, work, and money to make this program a success.

Respectfully submitted,

REPORT OF THE KITTERY PORT AUTHORITY

To the Citizens of the Town of Kittery:

The past year has been one of continued increase in use of the recreational boating activities centered in Pepperrell Cove. The number of boats moored in the area, also in the back channel, has increased to nearly the limit possible without more complicated mooring requirements. In assignment of mooring space it is Port Authority policy to give preferential space to lobstermen, one of Kittery's major sources of income, secondly to pleasure boats of town residents, thirdly to other applicants, who bring business to the town when they come here for use of their boats. Property owners on the waterfront also have a prior right to moor their boat in front of their property.

As voted in last year's Town meeting, the Port Authority was able to contract for completion of the improvements to the eastern end of the town wharf at Pepperrell Cove. The inner dock wall has been rebuilt and lengthened to the east, the eastern end of the wharf has been extended and brought to a higher level, protected by a completed sea wall. Articles have been entered in this year's Warrant to cover operating expenses and maintenance of town property cared for by the Port Authority. Also there is a capital improvement article to construct and install a separate float, made possible by the extended wharf, and some work on the west end of the wharf. Both are considerably less than last year's totals. Hopefully this will complete capital improvement on the Pepperrell Cove facility for some years to come.

The Port Authority and Public Work Dept. are considering renovation and resurfacing of the Town wharf in Kittery proper. If there is sufficient public interest in restoration or rebuilding of a landing in this area, where parking of cars could become a real problem, plans will be developed for approval by the town.

We have requested the harbormaster this year to establish a card file of moorings approved in Kittery waters. This will give better knowledge of what commercial or pleasure boats are using the facilities, worth while when applying for federal or state aid, also providing a way of getting in touch with a boat owner in case his boat is noticed in danger or has become a danger to some other boat.

Co-operation of all moored boat owners is requested in providing desired information.

It was recently determined that the Army Engineer project for dredging of Chauncey Creek could be reactivated if the town is prepared to contribute its 8% cost of the dredging. Details of the project, other requirements, benefits to be expected, costs to the town, will be the subject of a public meeting planned before the date of Town Meeting. The Port Authority endorses the project as an important improvement to our waterfront. Many citizens, especially in Kittery Point, have come forward with cash donations toward the project. This, with expected State aid, will make the cost to the town much less. All maintenance of the dredged area will be Federal responsibility, as with all dredging projects. In this connection, the Army Engineers at the request of the Port Authority are conducting this year a survey of Pepperrell Cove, which was last dredged in 1916, to check on the need for re-dredging at this time.

L. W. Parady, Jr.

REPORT OF THE CIVIL SERVICE COMMISSION

Board of Selectmen

Kittery, Maine

Gentlemen:

The commission reports that the presently established programs for the Police Department, have been renewed by its members, and the pending proposals carried over from last year were given careful consideration. Therefore, the present method of using civilian personnel trained as dispatchers to operate the Fire Control Desk, be used to free a salaried patrolman to do police work and patrol.

The elimination of the Assistant Chief job, and filling this vacancy with a qualified man to act as a Supervisor in the rank of Sergeant. This would give the continuity of supervision in the event of the Chief being away on other assignments, sick leave, or vacationing.

The commission has recommended along with the other departments, that a raise be put into effect this coming year without an increase in the budget or lowering the standards for an efficient department.

This coming year the commission is recommending that bids for the replacement of the 1963 police cruiser be accepted.

The members are also accepting bids for the supplies and maintenance of the vehicles. The commission has also requested that itemized logs be kept by the department on each one of the cruisers.

The commission is pleased with the cooperation that was given to them in seeking the best information and methods to use in streamlining the Police Department, to help make it an efficient operating department that the citizens of Kittery can be proud to support.

Respectfully submitted,

Horace E. Billings, Chairman

Natt R. Hubbard

Joseph E. Bonsaint, Clerk

REPORT OF THE HEALTH OFFICER

Board of Selectmen:

Kittery, Maine

I hereby submit my report as Health Officer for the year 1965.

The following contagious diseases were reported but many more were not reported.

Chicken Pox	49
German Measles	19
Mumps	95
Scarlet Fever	1
Impetigo	9
Strep. Throat	10
Rheumatic Fever	1

The freshman class at The Academy were examined by Dr. Taylor and myself as usual.

The yearly diabetic week was carried out.

The sanitary conditions were very much better than in past years.

The usual flood of school sick slips were made out.

Respectfully submitted,

C. W. Kinghorn, M. D.

Health Officer

Town of Kittery

REPORT OF

THE KITTELY PUBLIC HEALTH ASSOCIATION

FOR 1965

Total visits for the year	3849
For bedside care and treatment	2744
Preschool health visits	395
Schoolage health visits	159
Adult health visits	298
Visits in behalf of patients	233
Patients admitted to service	193
Patients discharged from service	162
Full pay visits	1496
Part pay visits	706
Free visits	542
No charge visits	1105
Well child clinics held	10
Children attending	160
Average attendance	16
Triple toxoid given	110
Salk polio vaccine given	91
Vaccinations for smallpox	54
Physical examination	49
Fees received from patients:	
Full pay	\$3067.50
Part pay	718.50
Well child clinics	138.75
Gift in lieu of fees	300.00
In memory of	
Mrs. Annie Sullivan	5.00
Total	<u>\$4,229.75</u>

This amount was turned over to Mr. Alfred Sterling, Treas.

The officers of the Board of Directors were:

President	Mrs. Reuban Wood
Vice President	Mrs. Robert Eaton
Cor. Secretary	Mrs. Alexander Farley
Rec. Secretary	Mrs. Donald Coates
Treasurer	Mr. Alfred Sterling

The following services are rendered by the Public Health Nurses.

1. Bedside nursing care, of any type, as ordered by the family physician.

2. Instruction and demonstration of care and feeding of infants, children and ill members of the household.

3. Work with State Public Health Agencies. This includes checking all cases of tuberculosis and venereal disease and their contacts. The purpose of this is to prevent the spread of these diseases and to see that those already having the disease are under a doctor's care for treatment. We also assist in obtaining aid in the treatment of crippled children or those with physical or mental defects.

Well child clinics are held in the Nurses office, at 1A Government St., on the third Wednesday of every month except July and August. The attending physician is Thomas S. Conroy, M. D., of Portsmouth. Our purpose is to give protection to all children, from infancy to schoolage, with immunization against whooping cough, diphtheria, tetanus, polio and smallpox. Also the discovery of physical defects through the physical examinations of the physician. We make no charge for our services or that of the physician, only for the cost of the vaccine. A charge of seventy five cents for Salk polio vaccine, fifty cents for triple toxoid and fifty cents for smallpox vaccinations. This is a clinic for the well child, therefore please do not bring children who are acutely ill with colds or running a fever. We must protect the well child and prevent the spread of contagious disease. Our thanks go to the following volunteer workers at these clinics: Mrs. Louise Smith R. N., Mrs. Gertrude Wood, Mrs. Barbara Moulton, Mrs. Avis Tarling, Mrs. Hazel Bunker, Mrs. Olive Leavitt and Mrs. Edith Betz.

Assistance was given the School Nurse with free clinics in the schools in May and June. These were for booster shots of diphtheria and tetanus toxoid and smallpox vaccinations.

During the past year we have received donations of day old bakery goods from Dans Super Market. This has been distributed as we do our case work and has been a big boost to our low income families.

During the holiday season we again acted as clearing house for organizations and individuals wishing to make

contributions of money, toys, food, new clothing and other gifts for our needy families. New toys were received from the Naval Shipyard workers and the William Whipple Chapter of Demolay. These with good used toys were distributed before Christmas to thirty eight small children with the help of the Public Works dept. Invitations were extended to twenty eight children, between the ages of five and fourteen years of age to attend the Lions Club Christmas Party. Also through the efforts of the Lions Club over \$300.00 worth of new warm clothing and boots were purchased by the nurses. These were gift wrapped and delivered by the Lions Club members in time for Christmas. I know the mothers of these children were most appreciative.

At Thanksgiving the Legion Auxiliary put out seventeen dinners, including one from the Grange and we delivered eighteen baskets with the assistance of the Public Works Dept.

At Christmas, through the generous donations of organizations and citizens of Kittery, we were able to give thirty nine needy families Christmas dinners. These families included 132 persons with 52 children. A special thank you goes to Mr. Stevens for his wonderful cooperation in furnishing a truck and men from the Public Works Dept. Also to Miss Jane Smith, Mrs. Barbara Moulton and Mrs. Joanne Reams who volunteered their services to help pack the baskets.

Our deep appreciation goes to the following for contributions made: The Legion Auxiliary, Kittery Grange, Altar Society of St. Raphael's Church, Sunday Schools of the Second Christian, Methodist, and Baptist Churches, Evening Guild and Ladies Society of the Methodist Church, Doorkeepers Club of the Second Christian Church, Womens Fellowship of the Congregational Church, Riverside Women's Club, Piscataqua Chap. No. 90 O. E. S., Piscataqua Past Matrons, William Whipple Chapter of Demolay, Demolay Mothers Club, Traip Academy Student Council, Sixth Grade at Frisbee School, Brownie and Girl Scout Troops, Kittery Lions Club and many civic minded citizens.

The office of the Public Health Association has moved from the Town Hall to 1A Government Street in the Water District Building.

Services of the Nurses are available Monday through Friday from 8 A. M. to 5 P. M. Only emergency calls are taken on weekends or holidays. Treatment is carried out under orders of the family physician. A fee of \$2.00 is charged up to the first hour and 50¢ for each additional fifteen minutes if the family is financially able to pay. Part pay or free service is given when necessary. No call is refused and the same service is given regardless of ability to pay. Calls are received at the Nurses Office, Tel. 439-0776 or by calling Kittery Pharmacy Tel. 439-0607.

On behalf of the Board of Directors, Mrs. Francis Orr R. N. and myself I wish to express our appreciation to all that have helped in any way to advance the work of the Public Health Association.

Respectfully submitted,

Esther H. Linscott R. N.

MARY SAFFORD WILDES TRUST FUND REPORT

The annual report of the Trustees of the Mary Safford Wildes Trust Fund for the period of January 1, 1965 through December 31, 1965 is submitted for publication in the annual town report.

With the new building that houses the District Court in operation for a full year, we feel it is a credit to the town as well as a good investment for the trust fund to help us carry out our work with the needy of the community.

We feel as other departments of the town do the heavy loss of our good friend and co-worker, Mr. Burnell Frisbee whose untimely passing made us realize the heavy load he was carrying.

Respectfully submitted,

Paul Y. Fitzpatrick. Chairman

Frank Kauffman

Charles Chase

Norman Cook

Alice Patey

REPORT OF

THE KITTERY SCHOOL BUILDING COMMITTEE

AUTHORIZED BY THE 1965 ANNUAL TOWN MEETING

The School Building Committee authorized by the 1965 Annual Town Meeting submits the following report:

The Committee held its first meeting on April 2, 1965 and began interviewing architects who had expressed interest in the Kittery school building projects. The Committee continued interviewing architects through subsequent meetings.

Irving W. Hersey Associates of Durham, New Hampshire, was selected as the architect for the school building projects on May 18, 1965.

Serial bonds for school construction, dated September 1, 1965, were issued by the Town officials.

Following several meeting with the architect, invitations to bid were put out on October 5, 1965.

Bids were opened on November 10, 1965. Four bids were received and all of them were found to be in excess of funds available for the projects.

The Committee instructed the architect to attempt to negotiate for a bid within the funds available, but these efforts were unsuccessful.

On January 3, 1966, the Committee voted to reject all bids as received on November 10, 1965, since all bids were in excess of the monies available, and it was deemed in the best interest of the Town to do so. At this time, the Committee decided to rebid the two buildings as two separate projects, incorporating such revisions into the contract documents as the Committee thought advisable to bring the total cost of the projects within the monies available.

The new bids for the additional three rooms at the Dr. Edward E. Shapleigh School were opened on February 4, 1966 and found to be high. The new bids for the six-room elementary school with kitchen to be constructed on the Mitchell School site were opened on February 28, 1966 and found to be high.

On March 2, 1966, after consultation with low bidders, the architect reported to the Committee that the low bid for the construction of the school with a pitched roof at the Mitchell School site, plus the cost of engineering, utility services, water entrance system, sewage disposal system, grading and equipment, came to \$245,376.00.

Hersey Associates also reported that the low bid for the construction of the three-room addition at the Dr. Edward E. Shapleigh School, plus engineering, grading and equipment, came to \$64,764.00.

The total sum of the low bids, plus engineering, grading, equipment, utility services and sewage disposal, amounted to approximately \$310,000.00, which is approximately \$60,000.00 more than the amount authorized by the Town for the school building projects.

On March 2, 1966, the School Building Committee voted not to recommend an additional appropriation by the Town for the school building projects and to recommend that the Mitchell School project, six classrooms and kitchen, be constructed by the Town.

On March 3, 1966, the Chairman of the School Building Committee and the Chairman of the Superintending School Committee went before the Board of Selectmen and recommended that the Mitchell School project be constructed. At that time, the Chairman of the Superintending School Committee presented figures showing that school enrollment in grades from kindergarten through grade six in Kittery had dropped 85 pupils during the year of 1965. The Board of Selectmen voted to accept the recommendation of the School Building Committee and the Superintending School Committee. The Chairman of the Board of Selectmen reported that the legal counsel for the bonding company offers no objection to construction of the single project at the Mitchell School site, provided the Town votes to do this.

An article has been prepared to be inserted in the Town Warrant to enable the Town to vote on the question of building the project at the Mitchell School site instead of building two projects as previously authorized by the Town.

SPRING VACATION

April	25	Monday	Spring Term Opens
May	2	Monday	YCTA Convention—Sanford (No Classes)
	30	Monday	Memorial Day (No Classes)
June	16	Thursday	Final Day of Classes
	17	Friday	Teachers' Workday, No Classes

SUMMER VACATION

The no-session signal, one long blast of the fire sirens, will be sounded at 6:30 A. M. for all schools. Stations WBBX and WHEB will make no-school announcements as soon as possible.

The no-session signal. One long blast on the fire sirens, for the afternoon session of Junior Primary pupils will be sounded at 11:00 A. M.

Announcements will go out over radio stations WBBX and WHEB in case of emergency requiring the closing of schools during the day.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Kittery:

At the time of Town Meeting last year there was an acute need for more classrooms for junior high school pupils and for elementary school pupils and for the special education of handicapped children. The need was evident because the number of children actually enrolled in school and because more than twenty-five children, some in school and some not in school, were known to be in need of special education classes because of handicaps. The people of Kittery responded to this need fairly and squarely and authorized construction of nine classrooms.

The regular school budget for 1965 included funds for additional teachers and for operation of double sessions in the junior high school, it being understood that double sessions would cease just as soon as classrooms were available.

For a better understanding of just what our situation was a year ago and a better understanding of the thinking and planning at that time, a look back at last year's Report may be helpful.

Following is an outline of our situation as it developed through the year of 1965 to the present time.

A Building Committee was appointed and went to work at once. Town officials issued bonds and they were sold as authorized by the Town Meeting for school room construction. At the time this is being written, a building contract has not been signed.

Teachers were employed and double sessions were set up in the junior high school for 1965-66.

The plans that were made were based on an estimate of an over-all, long-range, continuing enrollment of approximately the same number of pupils in attendance in January of 1965, with the thought that an old building could be phased out of use if enrollment should drop to the point where fewer classrooms are needed.

Enrollment in Kittery elementary and junior high schools has fluctuated more than in places having no industry connected with the armed services.

There were 318 pupils in junior high school in January of 1965 and there were 312 when school opened in September, 1965. There are now 313 junior high school pupils.

While junior high enrollment in September was approximately that of January, 1965, enrollment in grades below junior high had dropped 52 pupils or an average of

one pupil per classroom. In view of this change, and assuming that enrollment in these grades below junior high school would not build up substantially during the year, one teacher was dropped from the staff early in September.

Between September, 1965 and January, 1966, junior high enrollment increased by 1 pupil and enrollment in kindergarten through grade six dropped 31. (The State has now designated junior primary as the "kindergarten" grade.)

Kindergarten enrollment in January, 1966 is 1 pupil less than a year ago.

Over-all, we have 90 fewer pupils in elementary and junior high grades than we had a year ago. We have 9 fewer students at Robert W. Traip Academy.

Comparing our needs now with our needs as we found them last year, and beginning with the junior high school where enrollment has remained relatively stable, we find our situation as follows:

1. We have the same need for junior high school classrooms and teachers that we had a year ago when we arranged for double sessions, now having only 5 fewer junior high pupils than a year ago and expecting about the same enrollment next year. There will be enough junior high school classrooms and no need for double sessions when the construction approved by the Town last year is completed.

2. The average number of pupils per teacher per classroom in grades one through six has dropped from 28.5 to 24.2 since January, 1965. This is almost exactly in line with the standard set up for good schools by the State Board of Education, as quoted in last year's Annual Report, and the construction authorized by the Town last year will enable this standard to be kept. The State Board of Education recommended "that local school officials and citizens immediately 'come to grips' with the problem (of excessive numbers of pupils in classrooms) and endeavor to pursue a plan which will insure that no elementary child is forced to membership in a class of more than 25 pupils".

3. Kindergarten enrollment is now 1 pupil less than a year ago and no need exists for more classrooms or teachers for these children.

4. We have about the same number of handicapped children who need special education that we had a year ago. The plans for new construction authorized by the Town last year include two rooms for special education.

5. Total enrollment at Robert W. Traip Academy is 573.

No new construction has been planned or contemplated at the Academy.

To sum up, to this point:

The present number of classrooms, plus the additional classrooms authorized last year are adequate for our school program. No additional teachers and no expansions of program are planned. In the event that enrollment drops to warrant it, the number of teaching positions will be reduced again.

It is probable that there will be more corrective teaching projects, requiring no additional classrooms and financed under new federal legislation and not at local expense. The federal support that is available for these projects was authorized by the Elementary and Secondary School Act of 1965 and cannot be used to pay regular school operational costs or for programs that benefit all pupils and is limited in use to new or additional projects for exceptional individuals.

Our junior high school program is operating successfully in terms of education but inconveniently for students and parents because of double sessions. The present educational program can be operated this coming school year without double sessions if three additional classrooms at Frisbee School can be freed of elementary classes and by temporarily using the gymnasium balcony, the stage, and the library as regular classrooms. If three of the additional classrooms authorized for construction are completed by September, they will free the necessary three rooms for the junior high program at Frisbee. It is now assumed that the six rooms authorized for construction at the Mitchell School site will not be ready for use before December, 1966. At that time, use of balcony, stage and library as regular classrooms at Frisbee School can be discontinued. No funds have been budgeted and no plans have been made for double sessions for the 1966-67 school year.

The recommended appropriations for 1966 are up \$58,307.82 over the 1965 budget. This is mostly because of salaries for the seven additional teachers who entered service in Kittery schools in September, 1965 and for a new salary schedule. A new schedule is felt to be necessary if we are to keep teachers when other communities are seeking their services with better offers than we can presently match.

Estimated receipts in 1966 are up over last year because of increased state school aid, more than offsetting

an anticipated drop in federal aid. Federal aid is expected to drop some because some federally connected pupils have left the area.

Receipts from state and federal sources make up a sizable part of Kittery's school revenue and Kittery taxpayers raise slightly less than half of the total annual budget for education. Some concern has been caused by a proposal before the Congress to decrease the amount of aid to federally impacted areas like ours. However, this proposal is subject to debate before Congress and if the many impacted areas of the country explain their needs fully to their Congressmen, federal aid may not be reduced at all. It is important to remember that the proposal that has been made and any changes that may be made in the present law will not affect federal funds budgeted for 1966.

In conclusion and to summarize:

The planning of your school officials includes the following things which they feel are important and fundamental and which they feel you want for your children:

1. Continuation of our present junior high school program without cutting it in any way—and without double sessions.
2. Continuation of our present pupil-teacher ratio of almost exactly 25 pupils per teacher in grades one through six.
3. Special education classes for handicapped children—children who are not as gifted as others and are unable to progress at a normal rate for slow-learning children.
4. Corrective programs, especially in reading and mathematics, which can be had with federal rather than local tax monies.
5. Ability to keep more of our teachers, to compete for intellectually able college graduates and to attract teachers of proven ability and experience.

Respectfully submitted,

Charles Puffer, Supt. of Schools

Supplementary Report of Superintendent of Schools

To the Citizens of Kittery:

The foregoing report was written and sent to the publisher before final action was taken by the School Bldg Committee.

The low bidder on the Mitchell School project informs the Building Committee in writing that if awarded a contract, he can have the building ready for occupancy in September of this year.

If the Town votes to construct the Mitchell School project in accordance with the article in the Warrant, there should be room enough in September to permit operation of all schools without cutting our present program and without double sessions.

Respectfully submitted,

Charles Puffer, Supt. of Schools

**REPORT OF THE PRINCIPAL
ROBERT W. TRAIPI ACADEMY**

FROM: Stanford I. Trask, Principal of Robert W. Traip Academy

TO: Joint Committee for Robert W. Traip Academy

The following is my ninth annual report and it will follow the same form and cover the same areas as previous reports: Student Body, Staff, Academic Program, Accreditation and Plant.

The 1965-66 school year started with 578 students which is 16 less than the 1964-65 enrollment and 4 less than the 1963-64 enrollment. This represents a decrease of 2.7% which is insignificant. Next year, 1966-67, there should be another insignificant decrease in the secondary enrollment but after that there should be a steady increase. It was stated last year that the enrollment at the Academy should remain relatively constant as long as local conditions remain constant. The writer believes that residential building will have a greater effect on the Kittery school population than the work force on the Navy Yard. The compulsory attendance age for Maine students was changed from fifteen to seventeen years by the 102nd Legislature and becomes effective September 1966. The same exemptions apply as applied in the previous law. The change in the compulsory age law will not increase the secondary enrollment significantly because the drop-out rate is very low.

The addition of a full-time Driver Education teacher brings the Academy staff to thirty-eight fulltime teachers plus two part-time music teachers and one part-time art teacher. The new salary schedule should aid greatly in retaining competent teachers at the Academy as well as in the elementary schools. Total length of teaching experience and local teaching experience among Kittery teachers should increase with the adoption of the new teacher salary schedule. The years of teaching experience plus formal preparation are the two main contributing factors to the success of a teaching staff. This year the staff comes from twenty-seven different colleges, twelve different states, one Canadian Province and one French Province. The staff graduated from thirty-three different secondary schools located in ten states and one Canadian Province. These various backgrounds also contribute to the overall strength of the staff. The citizens of Kittery can be assured the present staff is professionally prepared, always alert and willing to work.

The Academy will operate on a seven period schedule next year instead of the present six academic periods plus a music period. The instrumental and vocal music classes will become a part of the regular school day and no student will be denied the opportunity to continue their music classes. The additional academic period will: (a) permit more flexible scheduling; (b) make more library time available; (c) provide more time for students to study at school; (d) add more time to certain laboratory courses; (e) provide extra time for students to take such half-credit courses as Art and Speech.

The team teaching in Geometry has been so successful that plans are being made to use the same approach for Algebra I and Algebra II. In the Social Studies area consideration is being given to adding four credit courses on an elective basis. A half-credit course in Speech was offered to a limited number of students this year for the first time in several years. It is anticipated that a larger number of students will request this course next year. Serious consideration is being given to adding Distributive Education to our curriculum for the first time. This will allow a limited number of students who are qualified to have on-the-job training in the fields of sales and services. The Business and Industrial Arts sequences will be studied in detail and recommendations will be made.

A ten-man Visiting Committee came to Robert W. Traip Academy on June 1st and 2nd, 1965 for the purpose of evaluating the school for re-accreditation. No requirements for re-accreditation were made and the Academy is now accredited by the State of Maine until August 1, 1970. A school is evaluated in terms of its stated philosophy. The stated philosophy for Robert W. Traip Academy, written by the staff, is as follows:

THE PHILOSOPHY

1. The purpose of education is to provide the means whereby an individual may develop to the best of his ability intellectually, physically, emotionally and socially.
2. Learning can take place only within the individual; therefore, each teacher works to motivate, to communicate with, and thereby educate the individuals who comprise his classes, striving to give to each an adequate opportunity to learn.
3. The teacher's primary objectives are to develop scholarship and citizenship.
4. Student programs should be individually planned with the pupil's needs, abilities, and interests in mind.

5. The curriculum should contain not only the basic core of knowledge and skills common to the times but also material in specialized areas that would enable each individual to develop his separate talents as widely as possible.
6. Curricular and cocurricular programs are to be under continual evaluation by the administration and faculty, where changes will be made only when the students and society will benefit.
7. Each student should be called upon to achieve the best he possibly can toward fulfilling his own capacity within the opportunities provided.
8. Rules and regulations established for the functioning of such a program must prove themselves or be abolished in favor of those which are serviceable.
9. The school program should be concerned with fostering an individual's development toward becoming a responsible citizen of a democracy by helping him to become aware of his highest potential as a person and as a member of ever-changing society.

The Trustees of Robert W. Traip Academy employed a roofer, electrical contractor, a plumbing contractor, a carpenter and a mason to survey the buildings of the Academy. The carpenter and the mason found no major repairs necessary and minor routine projects will keep these aspects of the buildings sound and attractive. The plumbing contractor found \$1,200 worth of repairs and alterations necessary and he felt that this work could be completed with the least confusion and cost at the time of the installation of the water meter (summer 1966). The roofer had to replace one valley on the Swett Gymnasium a few years ago and it was necessary to replace a second on late this past fall because not only were there holes in the copper but the felt under the valley was also broken. Further examination revealed that each original valley had pinholes. This might well be expected as they were installed in 1939 when the building was constructed. The most urgent building problem in terms of student safety is the wiring in the Main Building. The current budget contains \$9,500 for rewiring in accordance with present day electrical standards. The completion of the above mentioned projects followed by the routine yearly maintenance schedule should keep the school plant basically sound.

It continues to be a pleasure to work with the student body, staff and citizens of Kittery. For the support and cooperation of the Board of Trustees and the Joint Committee, I wish to express my appreciation. To Mr. Charles Puffer, Superintendent of Kittery Schools, my sincere thanks for his professional guidance.

Report of Budget and Finance Committee

To the Citizens of the Town of Kittery:

This report is concerned with all requests for expenditures which have come to our attention as of February 28, 1966. We regret that it is necessary to announce that the tax rate this year must advance approximately \$15.00 if all appropriation requests are approved by the town. Unfortunately, few of the appropriation requests can be cut very much without depriving the town of essential services.

Of the \$154,000.00 requested over and above the amount appropriated last year, the most significant increases lie in the following areas:

General Government	Approximately \$63,000.00
Public Works	Approximately \$34,000.00
High School	Approximately \$19,000.00
Elementary Schools	Approximately \$39,000.00

Since about \$27,500.00 of the General Government increase is payment on school bonds floated last year, it may be seen that over \$85,000.00 of that increase, or about 55%, is attributable to school expenses.

The following paragraphs are offered in support of our recommendations on important articles. If our recommendations are followed, it will hold the tax rate increase to about ten dollars and fifty cents and we believe, without depriving the town of any essential services.

Article 3 Reassessment

The Budget Committee recommends this article because with the ever increasing levels of town expenditures it is more necessary than ever to broaden the tax base if possible and to distribute the burden as equitably as possible among the taxpayers. To those who ask how can we tolerate the cost of reassessment at a time when we have so many other burdensome expenses we must ask in turn if they can tolerate the present distribution of the tax burden any better. We sometimes hear of people complaining that reassessment in other communities has resulted in tremendous increases in everyone's tax bill. Actually, this is never true but sometimes circumstances

make it appear to be true to a portion of the people where reassessment is accomplished. Here in Kittery it is important to recognize that tax bills are due for a considerable increase whether reassessment is voted or not. The properties of some of our taxpayers are assessed at a lower than fair value as compared with other properties and consequently it can be expected that increased valuation along with increased town expenses will result in much larger tax bills for these people. There will be an equal number of taxpayers, however, who will receive reduced valuations and consequently smaller increases in their tax bills.

Chauncey Creek Articles 8 and 9

We are recommending these articles this year because with the promised \$6000.00 in private subscription and an anticipated \$11,000.00 refund from the state, the remaining \$5,000.00 cost to the town, appears as good a bargain as can be obtained on a project costing a total of \$275,000. Seldom is it possible to purchase an economic development project at such a low cost. As the articles are written to provide for financing this year's local contribution from private subscription it will not be necessary for the town to provide any money from tax funds this year.

Public Works Articles 12 and 13

For department operating expenses we are recommending an appropriation of \$12,000.00 more than was appropriated last year to cover unusual costs of snow removal already incurred this year.

We are also recommending the purchase of a package of new equipment which will be financed over a three year period. This equipment will help insure against future snow removal difficulties, will replace worn out equipment and it is hoped will permit more effective operation of the department.

Teachers' Pay Raise (included in school budgets)

While we recognize that it is necessary to raise the salary levels for teachers at frequent intervals in order to remain competitive with other communities, we believe that a raise averaging about 11 percent, in addition to regularly scheduled increments is excessive after only two years

on the old schedule. The amount requested is \$600.00 per year per teacher across the board and we recommend that the increase be reduced to \$400.00 for each teacher. It should be noted that this will not make a very large reduction in the current school budgets since only about one third of the cost of salary increases would be appropriated this year with the remaining two thirds to be appropriated in 1967.

Elementary Schools Article 22

We are recommending a total cut of \$19,362.00 under this article and are further recommending that the cut be apportioned approximately as follows:

\$13,000.00 representing the costs of continuing "double sessions" in the fall of 1966 including transportation costs.

\$4000.00 from the amount requested for salary increases.

\$2000.00, miscellaneous.

Increased appropriations were requested last year to permit "double sessions" on the premise that the enrollment would increase to 1850 last September; since the enrollment has actually declined to about 1650, the reason for "double sessions" has disappeared.

High School Appropriation Article 24

We are recommending a total cut of about \$13,000.00 and further recommending that the cut be apportioned as follows:

\$2500.00 from the amount requested for salary increases.

\$8500.00 from the amount requested for rewiring.

\$2000.00 as miscellaneous.

The \$9500.00 requested for rewiring is but a portion of a much more extensive proposal which has been contemplated by the Academy officials. This committee requested that its members be given a guided tour of the Academy Administration building in the company of a representative of the contractor making the original proposals in order that any condition alleged to be hazardous might be pointed out to us.

Four members of the committee, including two who are experienced in electrical work, made the inspection under the conditions we had requested and it seemed apparent that nearly all of the wiring in the administration building had been replaced within the last ten years, most of it in the process of improving the lighting system to meet illumination standards for accreditation. No actual dangerous conditions were seen but there were a few instances of poor wiring practices mostly in connection with additions made in recent years. The need for a few additions such as exit signs and a tunnel entrance light was also evident. We feel sure that an appropriation of \$1000.00 will be adequate for those items that really need attention.

Respectfully submitted,

Ernest C. Maby, Chairman
Donald P. Coates, Secretary
Carl W. Burton

Warrant For Annual Town Meeting
AND RECOMMENDATIONS OF THE BUDGET
AND FINANCE COMMITTEE

State of Maine

York ss

To Allen Tucker, a Constable in the Town of Kittery, in said County, a greeting:

In the name of the State of Maine you are hereby required to notify and warn the voters of the Town of Kittery, qualified by law to vote in Town Affairs, to assemble at Grange Hall, so-called, in the said Town of Kittery, on the 19th day of March, A. D., 1966, at eight o'clock in the forenoon then and there to act on Articles numbered 1, 2 and 3 and to notify and warn said voters to meet at the Traip Academy Auditorium, in said town, on Saturday, the 26th day of March, A. D., 1966, at 1 o'clock in the afternoon then and there to act on Articles 4 through 73 all of said articles being set out below, to wit:

FIRST: To choose a moderator at such meeting with the polling hours for Article One to be from 8:00 a. m. to 8:30 a. m.

SECOND: To choose a Town Clerk, Selectmen, Assessors and Overseers of the Poor, School Committee Member, Budget Committee Members, Trustee Mary Safford Wildes Trust Fund and all other necessary town officers.

The polls for voting on Articles 2 and 3 will open at 9 o'clock in the forenoon and will close at 6 o'clock in the evening.

THIRD: To see if the Town will vote to authorize the Selectmen to employ an independent appraisal firm for the purpose of revaluing all real property in the Town of Kittery for taxation purposes, and if so, to see if the Town will vote to authorize the Selectmen to expend for such purposes the sum of \$35,000.00, said sum to be raised over a period of three years in

manner following: \$15,000.00 in 1966; \$10,000 in 1967; and \$10,000 in 1968. The foregoing on the petition of Norma R. Andrews and 200 others.

The Selectmen recommend the above action.

The Budget and Finance Committee recommends approval.

FOURTH: To see what sum the town will vote to raise and appropriate for General Operating Expenses.

The sum of \$182,268. is requested by the Selectmen.

The sum of \$179,850.00 is recommended by the Budget and Finance Committee.

FIFTH: To see what sum the town will vote to raise and appropriate for the Port Authority.

The sum of \$700.00 is requested by the Port Authority.

The sum of \$700.00 is recommended by the Budget and Finance Committee.

SIXTH: To see what sum the Town will vote to raise and appropriate to accomplish the following Capital Improvement items at the Pepperrell Cove Wharf:

- 1. Construction and placement of an additional 20' x 24' fisherman's float. The sum of \$1300 is requested by the Port Authority for this item.**
- 2. Extension of sea wall to complete southwest corner of wharf. The sum of \$740 is requested by the Port Authority for this item.**
- 3. Completion of paving of wharf area. The sum of \$1300 is requested by the Port Authority for this item.**

The sum of \$3,340 for the above three items is requested by the Port Authority.

The sum of \$3,340 is recommended by the Budget and Finance Committee.

SEVENTH: To see what sum the town will vote to raise and appropriate for the maintenance and operation of Town Wharves.

The sum of \$1,518.00 is requested by the Port Authority.

The sum of \$1,518.00 is recommended by the Budget and Finance Committee.

EIGHTH: To see if the Town will vote to authorize the Selectmen to raise and appropriate a sum not to exceed \$22,000 for the Town's 8% share of the estimated cost of the Chauncey Creek dredging project. It is suggested that the sum of \$6000 be raised without financing and that the Selectmen and Treasurer be authorized to borrow a sum not to exceed \$16,000, to be repaid \$5000 in 1967, \$4000 in 1968, \$4000 in 1969, and the balance in 1970. This article to be designated as a Capital Improvement item. Any sum of money received from the State of Maine as State share of the project, estimated as \$11,000, shall be used toward repayment of the borrowed money.

Recommended by the Port Authority.

Recommended by the Budget and Finance Committee.

NINTH: To see if the Town will vote to authorize the Selectmen to accept a sum of money, anticipated to be \$6000, accumulated through private subscriptions and contributions, to pay part of the town's cost of the Chauncey Creek dredging project, and to accept such further contributions and subscriptions as may be made for this purpose after the date of this meeting; such funds to be used only for this purpose and to be returned to the donors if not so used.

Recommended by the Selectmen.

The Budget and Finance Committee recommends approval.

TENTH: To see what sum the town will vote to raise and appropriate for Hydrant Rental.

The sum of \$20,042.00 is requested by the Selectmen.

The sum of \$20,042.00 is recommended by the Budget and Finance Committee.

ELEVENTH: To see what sum the town will vote to raise and appropriate for Street and Traffic Lights.

The sum of \$15,500.00 is requested by the Selectmen.

The sum of \$15,500.00 is recommended by the Budget and Finance Committee.

TWELFTH: To see what sum the town will vote to appropriate for Public Works.

The sum of \$121,268.00 is requested by the Commissioner of Public Works.

The sum of \$116,000.00 is recommended by the Budget and Finance Committee.

THIRTEENTH: To see if the town will vote to purchase the following equipment for the Public Works Department:

- One 4x4 heavy duty snowplow truck,
- One heavy duty dump truck,
- One 2-wheel drive heavy duty tractor, front end loader, backhoe combination,
- One medium wt. roller,
- One single shaft heavy duty snowblower,

or enact anything relative thereto.

The sum of \$40,000 is requested by the Public Works Department.

The Budget and Finance Committee recommends that \$40,000 be raised and appropriated and \$15,000 be spent in 1966 and the remaining \$25,000 be amortized as follows: \$15,000 in 1967 and \$10,000 in 1968 and that the Selectmen and Treasurer be authorized to borrow \$25,000 to be repaid \$15,000 in 1967 and \$10,000 in 1968.

FOURTEENTH: To see what sum the town will vote to raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways, and bridges) under the provision of Sections 44, 49 and 50; Chapter 23, R. S. 1954 as amended.

The Selectmen request the sum of \$3,464.00.

The Budget and Finance Committee recommends the sum of \$3,464.00.

FIFTEENTH: To see what sum the town will vote to raise and appropriate for Mulching Roads.

The sum of \$15,000 is requested by the Public Works Department.

The sum of \$15,000 is recommended by the Budget and Finance Committee.

SIXTEENTH: To see what sum the town will vote to raise and appropriate for the maintenance of the Fire Departments.

The sum of \$18,683.00 is requested by the Fire Departments.

The sum of \$18,683.00 is recommended by the Budget and Finance Committee.

SEVENTEENTH: To see if the town will vote to purchase a $\frac{3}{4}$ ton pick-up truck for the Kittery Fire Department.

The sum of \$2,100 is requested by the Fire Department.

The sum of \$2,100 is recommended by the Budget and Finance Committee.

EIGHTEENTH: To see if the town will vote to accept the provision of Chapter 337, Public Laws of 1965, which is the so-called "cost of living" increase for retired employees under the Maine State Retirement Act.

This article approved by the Selectmen.

The Budget and Finance Committee recommends approval.

NINETEENTH: To see if the Town will authorize the Selectmen to determine the salary of the Town Clerk and to have all fees collected by the Town Clerk which are not required to be forwarded to the State of Maine to be retained in the town treasury.

Recommended by the Selectmen.

The Budget and Finance Committee recommends approval.

TWENTIETH: To see if the town will vote to cooperate with the Department of Sea & Shore Fisheries in the re-establishment of the clam beds at Brave Boat Harbor and raise a sum of money for this purpose. The sum of \$300 is recommended.

The sum of \$300 is requested by the Selectmen.

The sum of \$300 is recommended by the Budget and Finance Committee.

TWENTY-FIRST: To see what sum the town will vote to raise and appropriate for planning purposes and to empower the Selectmen to enter in contract with the proper Federal and State agencies for Planning Purposes as recommended by the Town Planning Board.

The sum of \$840.00 is requested by the Planning Board.

The sum of \$840.00 is recommended by the Budget and Finance Committee.

TWENTY-SECOND: To see what sum the town will vote to raise and appropriate for Elementary School Operating Expenses.

The Superintending School Committee recommends \$269,362.88.

The Budget and Finance Committee recommends \$250,000.00.

TWENTY-THIRD: To see if the town will vote to authorize the Superintending School Committee to contract with and pay a sum not to exceed the amount raised or authorized under either or both of the succeeding articles for a free high school, to the Trustees of Robert W. Traip Academy for the tuition of its pupils in accordance with the provisions of Title 20, Chapter 113, Section 1289 of the Revised Statutes of 1964.

TWENTY-FOURTH: To see what sum the town will vote to raise and appropriate to the Secondary School Tuition Account.

The Superintending School Committee recommends \$187,944.94.

The Budget and Finance Committee recommends \$175,000.00.

TWENTY-FIFTH: To see if the town will vote to authorize the Superintending School Committee to add to the Secondary School Tuition Account, not more than thirty per cent of any income or subsidy received from State or Federal sources for the operation of the general school program.

TWENTY-SIXTH: To see if the Town will vote to amend action taken under Article 28 at the Annual Town Meeting on March 20, 1965, by deleting the three classroom addition to the Dr. Edward E. Shapleigh School, and to authorize the Building Committee appointed by the Selectmen as authorized by the Town in action taken under Article 28 on March 20, 1965, to construct, equip, and furnish a six-room elementary school building with kitchen, to be located on the Mitchell School site in Kittery Point, for a sum not to exceed \$250,000.00 which is to include all grading, architect and engineering fees, utility services and sewage disposal system, this article requested by the School Building Committee, and the Superintending School Committee.

The Budget and Finance Committee makes no recommendation on this article as the committee vote taken was 4 in favor and 4 against. One member was not in town when action was taken.

TWENTY-SEVENTH: To see what sum the town will vote to raise and appropriate for the maintenance of the Police Department including the Central Office.

The sum of \$50,761.28 is requested by the Police Department.

The sum of \$50,761.28 is recommended by the Budget and Finance Committee.

TWENTY-EIGHTH: To see what sum the town will vote to raise and appropriate to purchase a new cruiser to replace one of the existing cruisers in the Police Department, or enact anything relative thereto.

The sum of \$2,200 is requested by the Police Department.

The sum of \$2,200 is recommended by the Budget and Finance Committee.

TWENTY-NINTH: To see what sum the town will vote to raise and appropriate for Health and Welfare Expense.

The sum of \$25,843 is requested by the Selectmen.

The sum of \$25,843 is recommended by the Budget and Finance Committee.

THIRTIETH: To see what sum the town will vote to raise and appropriate for the town's share of the costs of the Portsmouth Mental Health Clinic or enact anything relative thereto.

The sum of \$5,000.00 is requested by the Selectmen.

The sum of \$5,000.00 is recommended by the Budget and Finance Committee.

THIRTY-FIRST: To see what sum the town will vote to raise and appropriate for Parks and Recreation Operating expenses.

The sum of \$10,163.00 is requested by the Park Commission.

The sum of \$7,563.00 is recommended by the Budget and Finance Committee to be raised from taxes and \$1,000 to be appropriated from the estimated revenue received from Ft. Foster operations.

THIRTY-SECOND: To see if the town will vote to raise and appropriate the sum of \$1,300 for the Kittery Swimming Instruction Program.

The sum of \$1,300 is requested by the Kittery Recreation Association, Inc.

The sum of \$1,300 is recommended by the Budget and Finance Committee.

THIRTY-THIRD: To see what sum the town will vote to raise and appropriate for Civil Defense.

The sum of \$500 is requested by the Selectmen.

The sum of \$500 is recommended by the Budget and Finance Committee.

THIRTY-FOURTH: To see what sum the town will vote to raise and appropriate, to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages, and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108 of the Revised Statutes of 1954.

The sum of \$325 is requested by the Selectmen.

The sum of \$325 is recommended by the Budget and Finance Committee.

THIRTY-FIFTH: To see what sum the town will vote to raise and appropriate for the observance of Patriotic Days under the jurisdiction of the Veterans Council.

The sum of \$400 is requested by the Selectmen.

The sum of \$400 is recommended by the Budget and Finance Committee.

THIRTY-SIXTH: To see what sum the town will vote to raise and appropriate for the care of Veterans Graves.

The sum of \$300 is requested by the Selectmen.

The sum of \$300 is recommended by the Budget and Finance Committee.

THIRTY-SEVENTH: To see if the town will vote to authorize the Selectmen to relocate and install street lights and hydrants as they deem necessary for the best interest of the town.

The Budget and Finance Committee recommends approval.

THIRTY-EIGHTH: To see if the town will authorize the Selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute quit-claim deeds for such property.

THIRTY-NINTH: To see if the town will vote to accept the new cemetery trust funds.

FORTIETH: To see if the town will vote to accept the following bequest from the late Edward N. Bowker.

I give and bequeath in trust to the Town of Kittery the sum of Three Thousand (\$3,000) Dollars, to be known as the Edward N. and Viena S. Bowker fund. This sum is to be invested as the town authorities think best and the interest only is to be used to pay for the care and upkeep of Veterans graves, including my own, in Orchard Grove Cemetery, Kittery, Maine.

FORTY-FIRST: To see if the town will vote to authorize the Selectmen to apply for Federal Aid and State Aid that may be available to the Town of Kittery.

FORTY-SECOND: To see if the town will vote to authorize the Selectmen to hire legal counsel as necessary to conduct the affairs of the town.

FORTY-THIRD: To see what sum the town will vote to authorize the Selectmen and Treasurer to borrow for the purpose of purchasing any available State or Federal Surplus Equipment which the Selectmen deem advisable for the best interest of the town.

The sum of \$1,000 is requested by the Selectmen.

The sum of \$1,000 is recommended by the Budget and Finance Committee.

FORTY-FOURTH: To see what sum the town will vote to raise and appropriate for the purpose of spraying the Gypsy Moths and for spraying to destroy bushes along the town ways.

The sum of \$1,000 is requested by the Selectmen.

The sum of \$1,000 is recommended by the Budget and Finance Committee.

FORTY-FIFTH: To see what sum the town will vote to raise and appropriate for Dutch Elm Disease.

The sum of \$2,000 is requested by the Selectmen.

The sum of \$2,000 is recommended by the Budget and Finance Committee.

FORTY-SIXTH: To see if the town will authorize the Selectmen to apply to the Secretary of the Interior for permission to use such parts of the Fort Foster property as may be necessary for a Marine Biology Project. This site approval to be voted by the town at a later date. The foregoing on the petition of the Joint Committee of Robert W. Traip Academy.

FORTY-SEVENTH: To see if the town will authorize the Board of Selectmen to accept the roads known as Debra Lane and Jean Street upon final approval of the Board of Selectmen. Construction of these roads was approved earlier in the Subdivision plan of Joseph Dion. The foregoing on petition of Joseph Dion and 16 others.

FORTY-EIGHTH: To see if the Town will vote to accept the petition of Norman A. and Sterling J. Cook and 14 others relative to acceptance of the newly-created section of Park Avenue when such extension meets the requirements of the Streets Standards Ordinance and the Subdivision Control Ordinance. Such petition reads as follows:

We, the undersigned, respectfully request that the Town of Kittery accept the below-described road: Beginning at the southeasterly end of Park Avenue and running 90° northeast of said avenue for 200 feet.

The new street has a 40-foot right of way, is dead end with a 50-foot diameter turnaround at the northeast end. The completely graded surface is 28 feet wide, and a newly installed 4-in. water line extends the entire length. There are three lots of nearly one acre each adjoining the new road to the south and east, one of which has been sold.

This project had the approval of the Planning Board and the Selectmen prior to construction.

FORTY-NINTH: To see if the Town will vote to authorize the Selectmen to appoint a Town Council-Manager Charter Commission of 7 members and raise a sum of money to finance the same. The sum of \$700.00 is requested. The foregoing on the petition of Nancy A. Coates and 11 others.

The sum of \$700.00 is requested by the Selectmen.

The sum of \$700.00 is recommended by the Budget and Finance Committee.

FIFTIETH: To see if the Town will raise and appropriate the sum of \$225.00 to be paid to the York County Regional Planning Commission for the purpose of supporting economic improvement activities of the York County Regional Planning Commission.

The sum of \$225.00 is requested by the Selectmen.

The sum of \$225.00 is recommended by the Budget and Finance Committee.

FIFTY-FIRST: To see if the Town will raise and appropriate the sum of \$685.00 as authorized by RSA 31:4, par. XIX for the annual budget of the Seacoast Regional Development Association.

The sum of \$685.00 is requested by the Selectmen

The sum of \$685.00 is recommended by the Budget and Finance Committee.

FIFTY-SECOND: To see if the Town will vote to raise and appropriate the sum of \$2,500 for the annual budget of the Portsmouth-Kittery Armed Services Committee, Inc.

FIFTY-THIRD: To see if the Town will vote to authorize the Selectmen to sign a contract with the York County Community Action Corporation or to take any action relative thereto.

FIFTY-FOURTH: To see if the town will vote to appropriate the funds that have customarily been used to decrease the tax rate from the following sources; Excise tax account, Balance of accounts, Admiralty Village USN, Veterans exemption refund, Interest account, such appropriation to be allocated to the town budget as has been customary in the past, or to take any action relative thereto.

Recommended by the Selectmen.

The Budget and Finance Committee recommends approval.

FIFTY-FIFTH: To see if the town will vote to authorize the Selectmen to expend the funds necessary to maintain the Admiralty Village sewer system from the Admiralty Village sewer revenue as has been customary in the past, or to take any action relative thereto.

Recommended by the Selectmen.

The Budget and Finance Committee recommends approval.

FIFTY-SIXTH: To see if the Town will give the Selectmen authority to carry out an appropriate numbering system of streets and roads or enact anything relative thereto.

FIFTY-SEVENTH: To see if the Town will vote to give the Selectmen the authority to make rules and regulations relative to the operation of taxicabs, including licensing, control of taxicab stands, and charging of reasonable fees for same, or enact anything relative thereto.

FIFTY-EIGHTH: To see if the Town will vote to amend the Town of Kittery, Maine, Zoning Ordinance by amending the official Zoning Map made a part of those regulations by extending the boundaries of the Local Business Zone, so-called, as shown thereon, on both sides of Government Street to the westerly junction of Government Street and Walker Street, more particularly describing such Local Business Zone upon such Map as follows:

Beginning at the junction of Walker Street and Government Street and running easterly along the northerly side of Government Street past Love Lane to the westerly side of the Highway Business Zone at U. S. Highway No. 1, thence passing but not including such Highway Business Zone passing Priscilla Road, Grants Court, Main Street and Otis Avenue to the westerly boundary of the existing Local Business Zone, as shown upon said map, the northerly boundary line of such Local Business Zone extended to be a line 200 feet northerly of, and parallel to, the center line of the right-of-way of said Government Street as measured at right angles to such center line along this described course. Also beginning at a point on the southerly side of said Government Street which is 255 feet easterly of the easterly corner of the junction of Prince Avenue with such southerly line of Government Street measured along such southerly side line thereof, thence continuing easterly along the southerly sideline of Government Street passing Rice Avenue and Stimpson Street and ending at the Westerly sideline of Newmarch Street, thence crossing but not including Newmarch Street, the common between streets, and Hunter Avenue, and resuming such Local Business District at the easterly sideline of Hunter Avenue and continuing easterly along the southerly sideline of Government Street passing Commercial Street, Pleasant Street, Cottle's Lane, Gerrish Court and Old Armory Way to the westerly boundary of the existing Local Business Zone as shown upon said map, the southerly boundary of such

Local Business Zone extended to be a line 200 feet south-erly of, and parallel to, the center line of the right-of-way of said Government Street as measured at right angles to such line along this described course.

FIFTY-NINTH: To see if the Town will vote to amend the Town of Kittery, Maine, Zoning Ordinance by amending the official Zoning Map made a part of those regulations, by extending the boundaries of the Local Business Zone, so-called, as shown thereon, along the westerly side of Shapleigh Road from the northerly boundary of the existing Local Business Zone as shown upon said Map northerly along such westerly side of Shapleigh Road to the southerly side of Manson Avenue, the westerly boundary of such Local Business Zone as so extended to be a line 200 feet westerly of, and parallel to, the center line of the right-of-way of Shapleigh Road, as measured at right angles to such center line along this described course.

SIXTIETH: To see if the town will vote to amend the Town of Kittery, Me., Zoning Ordinance by amending the official Zoning Map made a part of those regulations by extending the boundaries of the Highway Business Zone, so-called, as shown thereon, so that it shall extend continuously along both sides of U. S. Highway No. 1 (shown on said Map as "Post Road") from the northerly side of the traffic circle northerly along U. S. Highway No. 1 to the Kittery-York town line, with the exception of that portion thereof presently zoned Suburban Industrial (generally lying between Wilson Road and Spruce Creek) the easterly and westerly boundary of such Highway Business Zone as so extended to be lines respectively 300 feet easterly of, and 300 feet westerly of, and in each case parallel to, the center line of the right-of-way of said U. S. Highway No. 1 as measured at right angles to such center line along this described course.

SIXTY-FIRST: Shall the ordinance entitled "Streets and Ways Standards Ordinance" of the Town of Kittery, Maine, be amended in that part thereof bearing the heading "Construction of New Streets and Roads Shall Meet the Following Standards:" so that

subsection 1. d. thereof shall be amended to read in its entirety as follows:

"Dead end streets are to have a maximum length of 500 feet with a minimum turning circle at the dead end thereof having a turning radius of not less than 50 feet, or in lieu thereof, a suitable turning "tee" with a minimum length on each side of such dead end of not less than 50 feet laid out as nearly as possible at right angles to such dead end street."

Any such turning "tee" to be not less than 40 feet in width in all segments.

SIXTY-SECOND: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance, as adopted in 1960, by amending Section VI-D (1) thereof to read that the Board of Appeals "may permit a variation from the terms of this ordinance where necessary to avoid undue hardship"—the subsection to remain otherwise unchanged.

SIXTY-THIRD: To see if the Town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section VI-B thereof by adding the following new subsection VI-B (8), to read as follows:

"(8) Permit Application, General and Special Use Exceptions, and for Variances.

Application for any building permit for any structure or use, or variation, permitted by this ordinance only as a general or special use exception, or by variance, shall be made in the first instance to the building inspector in accordance with the procedures set forth in Section VI-B above, and the building inspector shall deny such application and the applicant may then file his appeal with the Board of Appeals in accordance with the procedures set forth in Section VI-D (2) below, and the building inspector shall not grant the conditional building permit required by this ordinance until he is advised in writing by the Board of Appeals that such general or special use exception, or variance, has been granted, and then solely upon such terms, if any, as the Board of Appeals shall stipulate."

SIXTY-FOURTH: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section II, thereof (Definitions) by adding a new definition and subsection H. thereto, reading as follows:

"H. Variance shall mean a variation from the literal terms of this ordinance, not otherwise permitted within the district concerned, which may be granted by the Board of Appeals pursuant to its discretionary power where it finds that (1) literal enforcement of the ordinance would result in undue hardship to the applicant, and that (2) granting the variance is no substantial departure from the intent of the ordinance."

SIXTY-FIFTH: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section II thereof (Definitions) by adding a new definition and subsection I thereto, reading as follows:

"I. Home Occupation shall mean a business customarily carried on from the home, or readily adaptable to the home, which is an accessory use only of, or to, the dwelling concerned, and which employs not more than one person outside the immediate family, and which is operated by a member of the family occupying the dwelling. Customary home occupations shall include millinery, hair-dressing, manicuring, laundering, preserving and home cooking, or the office of a doctor, dentist, lawyer, musician, teacher, architect, real estate broker, or member of any recognized profession, providing the same is not detrimental or injurious to the neighborhood."

SIXTY-SIXTH: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section VI-D (2) thereof, so that the first paragraph of such subsection shall read as follows:

"In exercising its powers and duties, the Board of Appeals may adopt such rules and regulations as may be necessary or desirable to allow it to carry out its duties in a just and orderly manner, and to require all information from the applicant reasonably necessary for these purposes, and to allow it to conform with the procedural requirements set forth below."

SIXTY-SEVENTH: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section V-D

thereof, by making the following amendments to the identified subsection thereof, to wit:

V-D (1) (c) "larger than 16 square feet for the identification of a home occupation or business lawfully conducted upon the premises,"

V-D (3) beginning in the third line—

"the total sign area shall not be more than 64 square feet in Business Zones," leaving this subsection otherwise unchanged.

SIXTY-EIGHTH: To see if the town will vote to amend the Town of Kittery, Maine, Zoning Ordinance as adopted in 1960, by amending Section VI-D (2) thereof, by adding a sentence to subsection VI-D (2) (a) reading as follows:

"No appeal or petition, whether for a variance, exception or other matter, shall be considered as properly filed and in order for hearing unless (1) the application is legibly written or typed on a form prescribed by the Board of Appeals, and (2) all questions stated upon the form prescribed are fairly and fully answered, and (3) the names and addresses of all abutting owners with respect to any parcel of land concerned in the application are provided in writing by the applicant, and (4) such reasonable filing fee as is prescribed by the Board of Appeals is paid."

SIXTY-NINTH: To see if the town will vote that the Town of Kittery may issue licenses for taking clams and that only residents of Kittery shall be issued licenses at a cost of \$2.00 each per year.

That the flats may be closed for six months at any time in the interest of conservation.

That the limit, per day, per person, shall be ½ bushel.

The foregoing on the petition of Samuel C. Estes and 9 others.

To see if the the town will vote to enact the following ordinance:

ORDINANCE FOR SHELLFISH DIGGING LICENSE

Section 1. Municipal shellfish license required. It is unlawful for any person to dig or take shellfish from the shores, flats, or coastal waters of this municipality without having a current license issued by the clerk of this municipality as provided in this ordinance.

I. Definitions. The following words as used in this ordinance have the meaning indicated after each, unless a different meaning is clearly intended by the context:

- A. **Shellfish.** The word "Shellfish" means soft-shell clams, quahogs and mussels.
- B. **Municipality.** The word "municipality" means the Town of Kittery, Maine.
- C. **Resident.** The word "resident" when it applies to this municipality means a person who has resided in the State of Maine for at least 6 months next prior to the time his claim of such residence is made, and who has resided in this municipality for at least 3 months next prior to the time his claim of such residence is made.

II. License designation, scope; licensee must sign. The license, designated as a Municipal Shellfish license for the Town of Kittery, entitles the holder to dig and take one-half ($\frac{1}{2}$) bushel of shellfish from the shores, flats and waters of this municipality when lawful to do so.

- A. **License must be signed.** The licensee must sign his license in order to make it valid.

III. Qualifications, applications, fees. Any resident of this municipality may apply to the municipal clerk for the license required by this ordinance on forms provided by the municipal officers. No other person may apply for, nor be issued the license provided in this ordinance. The clerk may require the applicant to produce evidence of his qualifications before issuing the license.

- A. **Contents of application.** The application must contain the applicant's name, current address, birth date, height, weight, signature, and whatever other information, if any, the municipal officers may from time to time decide.
- B. **Records** The municipal clerk shall note on the application the date the license requested was issued, sign it, and file the application with his records.
- C. **Fees.** The fee for the license is \$2.00, which the applicant shall pay with his application.

IV. License expiration date. Each license issued under authority of this ordinance expires at midnight on December 31st of the year issued.

V. Penalty. Whoever violates any provision of this ordinance shall be punished by a fine of not more than \$10.00 or by imprisonment for not more than 30 days.

VI. Effective Date. This ordinance becomes effective immediately after its adoption by this municipality.

SEVENTIETH: To see what action the town will take relative to controlling parking on Wentworth Street from Traip Avenue to the intersection of Whipple Road on the southerly side of the street or enact anything relative thereto.

SEVENTY-FIRST: To see what action the town will take to create an industrial zone with the following lots of land:

1. Lot No. 2 on tax map No. 50 owned by George Varney and associates, comprising approximately 28 acres. Bounded by U. S. Route 1, Cutts Road, Maine Turnpike and land of Lewis Wilson (Outdoor Theatre).

2. Lot No. 8 on tax map No. 13 comprising approximately 15 acres and owned by Chester Jackson. Bounded by lands of Charter House Motel, Joseph Langton, Caswell and Flynn, State of Maine and the Interstate Highway.

3. Lot No. 8 on tax map No. 67 comprising approximately 50 acres, owned by Lester Avery. Bordered by U. S. Route 1, land of William Crawford, Joseph Kozlowsky, and Harold Durgin. Also lot No. 20 on tax map No. 66 comprising approximately 13 acres owned by Lester Avery. Bordered by U. S. Route 1, Joseph Kozlowsky and James Rutherford.

The foregoing on the petition of Harrison E. Lemont and 44 others.

SEVENTY-SECOND: Shall the ordinance entitled "Streets and Ways Standard Ordinance" of the Town of Kittery, Maine, be amended in that part thereof bearing the heading "Construction of New Streets and Roads Shall Meet the Following Standard," so that subsection 3 thereof shall be amended to read in its entirety as follows:

"The road bed shall be twenty (20) feet wide, and may be constructed of coarse binding gravel, maximum rock size 2½ inches, or of crushed stone, rolled and leveled, to a minimum depth of 12 inches, with a 2-inch crown."

SEVENTY-THIRD: To pass any other vote or votes that legally come before said meeting.

Given under our hands this 3rd day of March, A. D. 1966.

FRANK R. KAUFFMAN
BURGESS F. DORR
EDWARD FREMEAU
JOSEPH M. LANGTON
LEONARD W. McCLOUD
Selectmen, Kittery, Maine

ASSESSOR'S NOTICE

The Assessors of the Municipality of Kittery hereby give notice to the inhabitants of said Municipality, that they will be in session at the Selectmen's Office in said Municipality, on the 12th of April, at 7 P.M. for the purpose of receiving lists of the polls and estates taxable in said Municipality.

All such persons are hereby notified to make and bring to said Assessors true and perfect list of their polls and all their estates, real and personal, not by law exempt from taxation, which they were possessed of, or which they held as guardian, executor, administrator, trustee or otherwise of the first day of April, 1966, and be prepared to make oath to the truth of the same.

When estates of persons deceased have been divided during the past year, or have changed hands from any cause, the executor, administrator, or other persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

Any person who neglects to comply with this notice will be DOOMED to a tax according to the laws of the State, and be barred of the right to make application to the Assessors or County Commissioners for any abatement of his taxes, unless he offers such lists with his application and satisfies them that he was unable to offer it at the time hereby appointed.
